Oct 10 2022

icd 11 highlights legally mandated health data standard who constitution
and nomenclature regulations in effect from january 2022 conceptual
framework independent of language and culture integration of
terminology and classification end to end digital solution api tools online
and offline up to date scientific knowledge

molecular mechanisms of aging and anti aging strategies

Sep 09 2022

aging is a complex and multifaceted process involving a variety of
interrelated molecular mechanisms and cellular systems phenotypically
the biological aging process is accompanied by a gradual loss of cellular
function and the systemic deterioration of multiple tissues resulting in
susceptibility to aging related diseases emerging evidence suggests that
aging is closely associated with
