## **On Becoming an Angel of Light 2004-01-31**

what is it like being a boy or a girl how do boys and girls learn to be men and women how do families schools and children s peer groups influence the ways in which children think of themselves as male and female being boys being girls explores how boys and girls learn what it is to be male and female drawing on a wide range of studies from around the world the book examines how masculinities and femininities are developed and understood by children and young people in families in schools and through interaction with their peers one of the key concepts underlying this book is that our identities are constructed and performed in particular ways which help us to understand who we are and how we fit in with the world this means that these identities are constantly changing according to where we are what we are doing and whom we are with who we are and what we think about ourselves only makes sense in relation to what is going on around us the author provides a clear explanation of the underpinning idea that children s understandings of gender are developed and constructed in local communities of masculinity and femininity practice she brings together research on children and their construction and understanding of gender across the 0 18 age range and includes explicit suggestions for strategies and interventions this book is essential reading for students and academics in childhood education and gender studies and for those with an interest in gender development and the construction of masculinities and femininities

## **Becoming an Effective Leader, Coach and Mentor EBOOK BUNDLE 2013-09-20**

there is a comforting tale that heads of higher education institutions heis like to tell each other go around your university or college they say and ask the first ten people who you meet how their morale is the response will always be rock bottom then ask them what they are working on the responses will be full of life of optimism and of enthusiasm for the task in hand the moral of the story is that the two sets of responses don t compute that the first is somehow unthinking and ideological and the second unguarded and sincere the thesis of this book is that the contradictory answers may well compute more effectively than is acknowledged that the culture of higher education and the mesh of psychological contracts or deals that make it up make much of the current discourse about happiness and unhappiness in contemporary life look simplistic and banal in particular the much vaunted science of happiness may not have much to say to us there is also a potential link between the manichean discourse about morale and our wider culture s approach to happiness both normally deal in extremes and much more rarely in graduations why is so much discourse about contemporary higher education structured around real and imagined unhappiness how does this connect with the realities of life within and just outside the institutions does it matter and if so what should we be doing about it based on historical sociological and philosophical analysis this book offers some answers to these questions

## **The eBook Revolution 2013-01-03**

social psychology has a profound influence on our everyday lives from our shopping habits to our interactions at a party it seeks to answer questions that we often think and talk about questions such as what circumstances prompt people to help or not to help what factors influence the ups and downs of our close relationships why do some people behave differently when on their own compared to in a group what leads individuals sometimes to hurt and other times to help one another why are we attracted to certain types of people how do some persuade others to do what they want this new edition of social psychology has been revised to introduce a more flexible structure for teaching and studying it includes up to date international research with an emphasis throughout on its critical evaluation applied examples across the chapters help to highlight the relevance and hence the impact that the theories and methods of this fascinating subject have upon the social world key features include research close up following a brand new style this feature matches the layout used in research papers providing an accessible introduction to journal articles and the research methods used by social psychologists focus on fully revised these boxes look at opposing viewpoints controversial research or alternative approaches to the topics this offers a more critical outlook and prompts the questioning of the validity of published research recommended readings new to this edition recommended further readings of both classic and contemporary literature have been added to each chapter providing a springboard for further consideration of the topics connect psychology is mcgraw hill s digital learning and teaching environment students you get easy online access to homework tests and quizzes designed by your instructor you receive immediate feedback on how you re doing making it the perfect platform to test your knowledge lecturers connect gives you the power to create auto graded assignments tests and quizzes online the detailed visual reporting allows you to easily monitor your students progress in addition you can access key support materials for your teaching including a testbank seminar materials and lecture support visit connect mcgraw hill com for more details professor david n myers holds the sady and ludwig kahn chair in jewish history as of fall 2017 he serves as the director of the luskin center for history and policy he previously served as chair of the ucla history department 2010 2015 and as director of the ucla center for jewish studies 1996 2000 and 2004 2010 dr jackie abell is a reader in social psychology with the research centre for agroecology water and resilience based at coventry university uk her current areas of research interest include the application of social psychology to wildlife conservation and environmental issues to facilitate resilience and sustainable development place attachment and identity social cohesion and inclusion professor fabio sani holds a chair in social and health psychology at the university of dundee his general research interest concerns the mental and physical health implications of group processes social identity and sense of belonging he has been an associate editor of the european journal of social psychology

## **Kids Learn! Getting Ready for 6th Grade (Second Language Support) - eBook 2014-01-15**

a rich inter weaving of carefully articulated critical stances it is impossible in a short review to do justice to the quality and variety of all these perspectives the result is strong coverage of the territory set out in the title in ways that many working in the field will find valuable phil hodkinson journal of education for teaching universities are undergoing a series of profound changes one of the more pronounced of these involves the partnerships that are now being formed between business enterprises and higher education the emergence of these partnerships has much to do with the changing economy which is increasingly based around knowledge and information the traditional stock in trade of the university knowledge capitalism has given a renewed impetus to higher education one expression of this is work based learning which challenges the scope and site of the university curriculum this book analyses this development from a number of perspectives critical historical philosophical sociological and pedagogical its various contributors argue that work based approaches contain much that is challenging to the university and also much that could help to create new frameworks of learning and new roles for academics working knowledge offers a comprehensive examination of the new vocationalism in higher education

## **EB00K: Analytical Models for Decision-Making 2006-03-16**

at last a book that not only describes what collective biography is but also explains how to use it the book describes how to set up collective biography workshops in which participants examine how discursive structures and power relations have both enabled and limited the conditions of possibility for their lived experience focusing on a more complicated reflexivity than is usually described in social science research collective biography inspired by frigga haug and refined by davies will no doubt be used increasingly by researchers interested in the production of subjects in a postmodern world elizabeth adams st pierre university of georgia usa this book introduces the reader to collective biography an innovative research methodology for use in education and the social sciences the methodology of collective biography overcomes the theory practice divide by putting theory to use in everyday life and using everyday life to understand and to extend theory doing collective biography provides guidelines for developing a collective biography project and demonstrates how these guidelines emerged from and were shaped by projects on such topics as subjectivity power agency reflexivity literacy gender and neoliberalism at work each chapter gives a detailed example of collective biography in practice showing how a group of students and or scholars can work collaboratively to investigate aspects of the production of subjectivity and clearly demonstrates how poststructural theory can be elaborated and refracted through the experiences of ordinary everyday life this is key reading for undergraduate and postgraduate students on education and social science courses with a research element as well as for academics and professionals undertaking research projects
