commanding heights and sordid depths of fiction past and present that opens up an arresting conversation about why it is we read and write fiction in the first place new york times bestselling author jasinda wilder presents the conclusion to madame x s thrilling saga of discovery my name is madame x my heart is torn in two and now i have to choose caleb is everything to her lover caretaker the man who gave her life meaning when she had none but as she seeks the truth about herself and her past she discovers that unravelling caleb s web of lies might very well be impossible logan is everything she never knew she wanted freedom joy and a passion she couldn t anticipate but is logan s love enough to save her from herself from caleb and from the tumultuous truth of her past caught between two equally compelling men x must make the ultimate choice but there s more at stake than just her heart when you re from a place like clayton pa you either leave as soon as you can or you never leave we can t even say we re a one stoplight town because we don t have a stoplight just a traffic circle on a minor local highway here in clayton everyone knows everyone and gossip and rumors are a way of life so when my high school sweetheart leaves our son and me for a woman in another state it s the talk of the town for months if not years even my motor mouthed wild child of a best friend cora can t rustle up enough trouble to keep my name off their lips for more than a week or two so when i meet a handsome single man not from clayton i assume he s just passing through it was just supposed to be a night of fun with my bff before school starts one last hurrah before lesson plans and homework and packing lunches and school pickup lines take over everything it wasn t supposed to lead to an intense sizzling connection an attraction which despite my most vehement denials goes far beyond the physical the real question now is will it end in another heartbreak for me and my son or could it become a happily ever after i m no stranger to beautiful places and beautiful women the life i ve led has left me jaded to both or so i thought then a working holiday photographing the wild lonely places of america leads me to a goddess she s all long black hair and dangerous curves fiercely independent with art in her soul she sets me on fire she turns me inside out and in so doing she shows me the man i ve kept hidden within the inner sanctum of my lonely heart she is poppy goode and i cannot live without her hitchhiking from manhattan new york to ketchikan alaska seems like a pretty interesting way to discover one s self and one s purpose in this universe i meet all kinds of people along the way so it s not entirely surprising when i catch a ride with a gorgeous traveler from new zealand he s golden tall and lean and his accent is to die for a new zealand twang and roll that lilts and makes me laugh he s got a million stories each more unbelievable than the last he s an adventurer and a photographer for nat geo but none of his crazy fascinating stories can hide the sadness in his eyes we are both brave about everything except ourselves and we embark on a path that takes us over the craggy mountains surrounding my heart and his we share scorching undeniable physical chemistry but letting ourselves be really free requires immense courage unflinching honesty and vulnerability which neither of us are certain we possess there s a map for highways but if there s a map for love i never got it don t date your students single fathers it s an obvious rule it leads to complications and it s a rule i ve never broken nor even been tempted to break i mean for one thing i don t date not for lack of trying but i m just too damaged my heart is too broken riley kerr however isn t my student she s in second grade and she s the sweetest most darling young girl i ve ever met so when my path begins crossing her father s it s complicated rory kerr is handsome rough hewn solitary but such a kind and loving father and not the father of one of my students he s not really off limits except that of my broken heart which he seems to just effortlessly mend piece by piece without even realizing it the holidays are approaching and i usually spend them with my dysfunctional family back in colorado it s not something i look forward to but they re all i have so my christmases are always spent there with them this year the blooming something between rory and me has me wondering maybe this year i ll be spending christmas in connecticut we are the cast offs the forgotten the broken we are dark dangerous men haunted by our violent pasts the guardian collects us rehabilitates us and gives us a new lease on life if we follow a few simple rules once you re in there s no going back never take a life loyalty to the brotherhood

meets the eye two sets of gorgeous twins a weekend alone together in a remote picturesque rural cabin with plenty of alcohol what could possibly go wrong figuring out the blurred lines and tangled mess of relationships grown out of a deep lifelong friendship that is now somehow exploding with sexual chemistry along with a very real subtext of something more a four way multi directional attraction between you and your twin and the other two twins who ve been your best friends your whole life and are now suddenly sexy as hell and very into you and your twin can it be double the pleasure and double the fun or is it just double the pain and double the heartache we are the cast offs the forgotten the broken we are dark dangerous men haunted by our violent pasts the guardian collects us rehabilitates us and gives us a new lease on life if we follow a few simple rules once you re in there s no going back never take a life loyalty to the brotherhood above all my brothers the other broken arrows club sin that s my life and then i meet her on the side of the road barefoot battered and afraid of her own shadow immediately i have one thought protect her that s all i care about it s a tall order because she s from a world almost as violent as my own but somewhere along the way i realize she s healing me as much as i am her if we can survive her enemies and mine life together could be pretty beautiful that s a big if though lucas badd the baddest of them all he s patriarch of the clan a man with the size and temperament of a grizzly bear whose past holds the keys to not only his own future but also the way everyone connected to him will move forward as a family who can tame a man this wild olivia goode a widow a mother and a woman who is lucas s opposite in every way imaginable if anyone can it would be her but the real question is whether she can move past her own tragedy to see the man beneath the grizzly bear exterior and whether lucas has the courage to face his demons and become the man he s spent the last forty years pretending not to be the size of a kodiak bear and covered in tattoos a heart of gold a rough and tumble past confident powerful gentle wise artistic deep wild brown eyes that see far deeper into me than they should nothing in my life could ever have prepared me for the reality that is ink isaac he s just so much more than anyone i ve ever met and my instant inexplicable and undeniable attraction to him leaves me reeling but with my life recently turned upside down the more time i spend around him the more i realize i m not even sure what my future looks like anymore ali know for sure is my heart and my body want him in it even if my mind is saying something else she s a tiny little thing all hard edges and sharp wit all woman with slender curves and hypnotic eyes she s all fire and bravado and she s melting my big bear sized heart little by little i m utterly hooked willing to risk it all for her everything she is seems to demand that i give her everything i am i m just not sure if i know how to do that if she really knows what she s asking for when she looks up at me with those beautiful blazing hazel eyes she sets me on fire but are either of us ready for what that fire will do to both of us roth and i are on an open ended tour of the world roth being roth this means missionary in morocco reverse cowgirl in calcutta bent over the bow of a houseboat in hanoi slow and sleepy on st john anywhere and everywhere in every conceivable position and some i didn t know were possible life was pretty incredible until i woke up in his chateau in france alone on the bed next to me was a note there were only four words he belongs to me ramsey badd last of the triplets the wild man an explorer hunter outdoorsman and avowed die hard bachelor ramsey has watched his brothers fall one by one for alaskan beauties he s determined to resist isadora styles izzy to those know her well she s gorgeous sassy and impossible she s wild and untamable she s smart successful and evasive she s got a libido no man has ever been able to satisfy until she meets ramsey badd he s captured her body s interest but the real question is can he penetrate the walls around her heart it should have been simple and straightforward business and nothing but business a quick trip to colorado to scout out a location for my newest real estate development acquisition fly in drive to the location talk the owners into selling sign some papers and go home a business trip like any other something i ve done hundreds of times without issue this time however i was waylaid first by a runaway horse and then by an angry stormy pair of vivid blue eyes a massive mountainous set of brawny shoulders a strong powerful pair of hands and a voice like thunder over the horizon will is a man out of another era a man of stillness and action in equal

measure a man in complete possession of himself and his world in a way i ve never experienced and suddenly somehow he comes to possess me my mind my heart and and my body in a way neither of us are ready for and neither of us know how to resist what should have been a simple business deal quickly spirals out of control becoming a struggle of life and death a battle of hearts and passion we are the cast offs the forgotten the broken we are dark dangerous men haunted by our violent pasts the guardian collects us rehabilitates us and gives us a new lease on life if we follow a few simple rules once you re in there s no going back never take a life loyalty to the brotherhood above all seems simple right it is until she stumbles into sin putting out fires is more than just a job it s my passion in life there s no time for anything else but the job until i meet her and now i m on fire for her only there s no hose big enough to extinguish these flames she s too hot to handle and i m about to get burned saving lives is what i do as a career paramedic married to the job i ve never thought much about my love life or my lack of one if i m being honest until it s his life i m worried about saving now i ve got a scorching hot firefighter burning up my life and setting my body on fire no matter how hot he is or how hot things are between us however there s one rule in my life which i refuse to break never date a fireman will we find each other in the flames of this romance or will we simply add another scar to the collection dive into the series that started it all jasinda wilder burst onto the romance scene with big girls do it better the groundbreaking bestselling series continues big girls do it on christmas is a very merry little short story to be read after big girls do it married big girls do it series reading order big girls do it big girls do it married big girls do it on christmas rock stars do it big girls do it pregnant big love abroad it was supposed to be a one night stand with a tall wiry handsome slightly nerdy guy with oddly captivating green eyes those eyes were the only clue that there was a lot more to this guy than i d first assumed they were hard wickedly intelligent cunning eyes they hid more than they revealed and the name he gave lear seemed made up but he was sexy and he talked a good game and i was in the mood for some fun turns out though that the green eyed nerd i d so enjoyed sleeping with was no one to screw around with either and he doesn t like being forced to violence which he was in rescuing me not that i needed rescuing mind you i mean there were a lot of them and they were tough and well trained i could kick ass and takes names with the best black ops commandos in the world and this mysterious lear seemed to be no slouch either it would take all of our combined skills to stay alive but that s not the part i was worried about no what worried me wasn t staying alive it was staying out of love i d agreed to let lear into my pants one night only thanks and goodbye it seemed fate had other ideas

national book critics circle award finalist best book of fall esquire and a most anticipated book of 2021
lit hub what has happened to fiction in the age of platform capitalism since it was first launched in
1994 amazon has changed the world of literature the everything store has not just transformed how
we buy books it has affected what we buy and even what we read in everything and less acclaimed
critic mark mcgurl explores this new world where writing is no longer categorized as high or
lowbrow literature or popular fiction charting a course spanning from henry james to e l james
mcgurl shows that contemporary writing has less to do with writing per se than with the manner of
its distribution this consumerist logic if you like this you might also like has reorganized the fiction
universe so that literary prize winners sit alongside fantasy romance fan fiction and the infinite list of
hybrid genres and self published works this is an innovation to be cautiously celebrated amazon s
platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm
rivaling in the depths of its effects any major cultural shift in history here all fiction is genre fiction
and the niches range from the categories of crime and science fiction to the more refined interests of
adult baby diaper lover erotica everything and less is a hilarious and insightful map of both the
commanding heights and sordid depths of fiction past and present that opens up an arresting
conversation about why it is we read and write fiction in the first place

when you re from a place like clayton pa you either leave as soon as you can or you never leave we
can t even say we re a one stoplight town because we don t have a stoplight just a traffic circle on a
minor local highway here in clayton everyone knows everyone and gossip and rumors are a way of
life so when my high school sweetheart leaves our son and me for a woman in another state it s the
talk of the town for months if not years even my motor mouthed wild child of a best friend cora can t
rustle up enough trouble to keep my name off their lips for more than a week or two so when i meet
a handsome single man not from clayton i assume he s just passing through it was just supposed to be
a night of fun with my bff before school starts one last hurrah before lesson plans and homework and
packing lunches and school pickup lines take over everything it wasn t supposed to lead to an intense
sizzling connection an attraction which despite my most vehement denials goes far beyond the
physical the real question now is will it end in another heartbreak for me and my son or could it
become a happily ever after

i m no stranger to beautiful places and beautiful women the life i ve led has left me jaded to both or so i thought then a working holiday photographing the wild lonely places of america leads me to a goddess she s all long black hair and dangerous curves fiercely independent with art in her soul she sets me on fire she turns me inside out and in so doing she shows me the man i ve kept hidden within the inner sanctum of my lonely heart she is poppy goode and i cannot live without her hitchhiking from manhattan new york to ketchikan alaska seems like a pretty interesting way to discover one s self and one s purpose in this universe i meet all kinds of people along the way so it s not entirely surprising when i catch a ride with a gorgeous traveler from new zealand he s golden tall and lean and his accent is to die for a new zealand twang and roll that lilts and makes me laugh he s got a million stories each more unbelievable than the last he s an adventurer and a photographer for nat geo but none of his crazy fascinating stories can hide the sadness in his eyes we are both brave about everything except ourselves and we embark on a path that takes us over the craggy mountains surrounding my heart and his we share scorching undeniable physical chemistry but letting ourselves be really free requires immense courage unflinching honesty and vulnerability which neither of us are certain we possess there s a map for highways but if there s a map for love i never got it

i was a sixty eight whiskey a combat medic so when i hear someone shout medic training just kicks in it s automatic immediate i don t think i even saw the guy whose leg i tended to not really all i saw was him zane badd his tuxedo fit him like he d been sewn into it and his eyes reflected the fury and the hardness of a combat veteran but when he looked at me he just softened by the time i had his brother patched zane and i were both covered in blood and i knew i had to have him the trouble with zane isn t getting him it s keeping him and the trouble with me is even if i could hold onto a man like zane i wouldn t know what to do with him it s not in my nature and if life has taught me anything it s to not trust anyone least of all men like zane he s a warrior through and through hard muscular gorgeous tenacious and yet oddly tender toward me experience and instincts are telling me to run from zane badd as fast as possible but my heart and my body are telling me to stay to hold on and not let go yeah it s a conflict as old as humanity itself but it s brand new for me life as navy seal doesn t exactly prepare you for normality yeah i can tend bar and goof off with my seven crazy brothers but what do i do when the woman of my dreams dreams i didn t know i d had until i saw her explodes into my life like a frag grenade i m trained to attack to win to survive at any costs and
