examines the former congressman melvin laird's efforts to reconstitute the department of defense during the last years of the vietnam war laird acted to mitigate the adverse effects of the vietnam war on the department and to prepare the nation's armed forces for the future foremost was the transition from a conscripted military to an all volunteer force a fundamental policy shift that ended an unpopular and inequitable draft system from jacket this book provides a useful guide for researchers reviewers and consumers who are charged with judging the quality of qualitative studies selected bibliography p 511 519 writing that works is a concise practical guide to the principles of effective writing in this revised and updated edition roman and raphaelson reveal how to improve memos letters reports speeches resumes plans and other business papers learn how to say what you want to say with less difficulty and more confidence in his signature pragmatic and friendly style david silverman acts as your stand in supervisor in the seventh edition of this book taking you step by step through different methods for making sense of qualitative data whether you are interested in analysing visual images interviews focus groups or online data this book provides a clear framework for using qualitative data to answer your research questions the book provides a strong grounding in research design principles so you can embed best practice into your research project diverse real world examples so you can see how principles are applied in practice coverage of new developments in qualitative research including working with online data if you are new to qualitative research or conducting your first research project in the social sciences this book gives you the practical grounding in qualitative methods you need to get started charles walcott and karen hult maintain that the organization of the white house influences presidential performance much more than commonly thought and that organization theory is an essential tool for understanding that influence their book offers the first

systematic application of organizational governance theory to the structures and operations of the white house office using organizational theory to analyze what at times has been a rather ad hoc and disorganized office might seem quixotic after all the white house office exists within a turbulent political environment that encourages expedient decision making and every four to eight years it must be reinvented by presidents who have their own theories and preferences about how to organize a staff to serve their policy needs but walcott and hult argue that white house staffs are not simply puppets of presidential preference and style yes staff structures evolve primarily from presidents strategic responses to external demands but those structures in turn significantly influence how the executive branch perceives and responds to further demands the first part of their book lays out the theoretical argument the second examines white house outreach congressional liaison press relations personnel selection executive branch oversight and interest group and intergovernmental liaison the third focuses on white house handling of policy development and implementation the fourth analyzes staff structures that facilitate the operation of the presidency itself presidential writing and scheduling staff management and cabinet coordination the book concludes by identifying general patterns in the emergency nature and stability of governance structures in the white house original and instructive governing the white house provides a much needed primer on the inner workings of the white house staff and will be an essential volume for anyone studying the presidency the definitive account of watergate st louis post dispatch just memos preparing for practice sixth edition masterfully researched there is no book like this either in the field of lbj literature or in the field of chicano history mario t garcía author of mexican americans leadership ideology and identity 1930 1960 as he worked to build his great society lyndon johnson often harkened back to his teaching days in the segregated mexican school at cotulla texas recalling the poverty and prejudice that blighted his students lives johnson declared it never occurred to me in my fondest dreams that i might have the chance to help the sons and daughters of those students and to help people like them all over this country but now i do have that chance and i ll let you in on a secret i mean to use it this book explores the complex and sometimes contradictory relations between lbj and mexican americans julie

pycior shows that johnson s genuine desire to help mexican americans and reap the political dividends did not prevent him from allying himself with individuals and groups intent on thwarting mexican americans organizing efforts not surprisingly these actions elicited a wide range of response from grateful loyalty to in some cases outright opposition mexican americans complicated relationship with lbj influenced both their political development and his career with consequences that reverberated in society at large contains primary source documents these documents provide a shocking inside account of the activities of one tobacco company brown williamson and its multinational parent british american tobacco over more than thirty years a trenchant summation and analysis of the legal rationales behind the us drone policy of targeted killing of suspected terrorists including us citizens publishers weekly starred review in the long response to 9 11 the us government initiated a deeply controversial policy of targeted killing the extrajudicial execution of suspected terrorists and militants typically via drones a remarkable effort was made to legitimize this practice one that most human rights experts agree is illegal and that the united states has historically condemned in the drone memos civil rights lawyer jameel jaffer presents and assesses the legal memos and policy documents that enabled the obama administration to put this program into action in a lucid and provocative introduction jaffer who led the aclu legal team that secured the release of many of the documents evaluates the drone memos in light of domestic and international law he connects the documents legal abstractions to the real world violence they allow and makes the case that we are trading core principles of democracy and human rights for the illusion of security a careful study of a secretive counterterrorism infrastructure capable of sustaining endless orderless war this book is profoundly necessary katrina vanden heuvel editor and publisher of the nation what made henry kissinger the kind of diplomat he was what experiences and influences shaped his worldview and provided the framework for his approach to international relations suri offers a thought provoking interpretive study of one of the most influential and controversial political figures of the twentieth century statistics are just as vital to understanding political science as the study of institutions but getting students to understand them when teaching a methods course can be a big challenge

statistics for political analysis makes understanding the numbers easy the only introduction to statistics book written specifically for political science undergraduates this book explains each statistical concept in plain language from basic univariate statistics and the basic measures of association to bivariate and multivariate regression and uses real world political examples students learn the relevance of statistics to political science how to understand and calculate statistics mathematically and how to obtain them using spss all calculations are modeled step by step giving students needed practice to master the process without making it intimidating each chapter concludes with exercises that get students actively applying the steps and building their professional skills through data calculation analysis and memo writing this volume provides an insider s view of hollywood s most glamorous era and the elements of film production in 1973 henry kissinger shared the nobel peace prize for the secret negotiations that led to the agreement on ending the war and restoring peace in vietnam nixon famously declared the 1973 agreement to be peace with honor america was disengaging yet south vietnam still stood to fight its own war kissinger promptly moved to seal up his personal records of the negotiations arguing that they are private not government records and that he will only allow them to be unsealed after his death no peace no honor deploys extraordinary documentary bombshells including a complete north vietnamese account of the secret talks to blow the lid off the true story of the peace process neither nixon and kissinger s critics nor their defenders have guessed at the full truth the entire peace negotiation was a sham nixon did not plan to exit vietnam but he knew that in order to continue bombing without a congressional cutoff he would need a fig leaf kissinger negotiated a deal that he and nixon expected the north to violate ironically their long maintained spin on what happened next is partially true only watergate stopped america from sending the bombers back in this revelatory book has many other surprises berman produces new evidence that finally proves a long suspected connection between candidate nixon in 1968 and the south vietnamese government he tells the full story of operation duck hook a large scale offensive planned by nixon as early as 1969 that would have widened the war even to the point of bombing civilian food supplies he reveals transcripts of candidate george mcgovern s attempts to

negotiate his own october surprise for 1972 and a seriocomic plan by the cia to overthrow south vietnam's president thieu even as late as 1975 throughout with page turning dialogue provided by official transcriptions and notes berman reveals the step by step betrayal of south vietnam that started with a short circuited negotiations loop and ended with double talk false promises and outright abandonment berman draws on hundreds of declassified documents including the notes of kissinger's aides phone taps of the nixon campaign in 1968 and mcgovern's own transcripts of his negotiations with north vietnam he has been able to double and triple check north vietnamese accounts against american notes of meetings as well as previously released bits of the record he has interviewed many key players including high level south vietnamese officials this definitive account forever and completely rewrites the final chapter of the vietnam war henry kissinger's nobel prize was won at the cost of america's honor examines the pervasive presence of surveillance and how surveillance technologies alter the performance of everyday life this book was donated as a part of the david h hugel collection an archival collection of the special collections archives university of baltimore first published in 2000 routledge is an imprint of taylor francis an informa company for almost forty years the verdict on lyndon johnson's presidency has been reduced to a handful of harsh words tragedy betrayal lost opportunity initially historians focused on the vietnam war and how that conflict derailed liberalism tarnished the nation's reputation wasted lives and eventually even led to watergate more recently johnson has been excoriated in more personal terms as a player of political hardball as the product of machine style corruption as an opportunist as a cruel husband and boss in lbj randall b woods a distinguished historian of twentieth century america and a son of texas offers a wholesale reappraisal and sweeping authoritative account of the lbj who has been lost under this baleful gaze woods understands the political landscape of the american south and the differences between personal failings and political principles thanks to the release of thousands of hours of lbj's white house tapes along with the declassification of tens of thousands of documents and interviews with key aides woods's lbj brings crucial new evidence to bear on many key aspects of the man and the politician as private conversations reveal johnson intentionally exaggerated

his stereotype in many interviews for reasons of both tactics and contempt it is time to set the record straight woods s johnson is a flawed but deeply sympathetic character he was born into a family with a liberal texas tradition of public service and a strong belief in the public good he worked tirelessly but not just for the sake of ambition his approach to reform at home and to fighting fascism and communism abroad was motivated by the same ideals and based on a liberal christian tradition that is often forgotten today vietnam turned into a tragedy but it was part and parcel of johnson s commitment to civil rights and antipoverty reforms lbj offers a fascinating new history of the political upheavals of the 1960s and a new way to understand the last great burst of liberalism in america johnson was a magnetic character and his life was filled with fascinating stories and scenes through insights gained from interviews with his longtime secretary his secret service detail and his closest aides and confidants woods brings johnson before us in vivid and unforgettable color in the 1930 s and 1940 s the prevalent american view of china was that of a friendly democratic and increasingly christian state in many ways akin to the united states this view was fostered by a wide range of literary political and business leaders including pearl s buck franklin d roosevelt wendell willkie joseph stillwell claire chennault and most notably the powerful publisher of life and time henry r luce this book shows how the notion of the chinese as aspiring americans helped shape american opinions and policies toward asia for almost twenty years this notion derived less from the reality of chinese historical or cultural similarities than from a projection of american values and culture in the american view fueled by various political economic and religious interests china was less a geographical entity than a symbol of american hopes and fears one of the more important consequences was the idealization of china and the demonization of japan the hopkins touch offers the first portrait in over two decades of the most powerful man in roosevelt s administration david roll shows how harry hopkins an iowa born social worker who had been an integral part of the new deal s implementation became the linchpin in fdr s and america s relationships with churchill and stalin and spoke with an authority second only to the president s gaunt nearly spectral and malnourished following an operation to remove part of his stomach the newly widowed hopkins accepted the president s invitation to

move into the white house in 1940 and remained roosevelt s closest advisor speechwriter sounding board and friend nearly to the end between 1940 and 1945 with incomparable skill and indefatigable determination hopkins organized the lend lease program and steered the president to prepare the public for war with germany he became fdr s problem solver and fixer helping to smooth over crises such as when the british refused to allow an invasion of europe in 1943 enraging stalin who felt that the soviet union was carrying the military effort against the nazis lacking an official title or a clear executive branch portfolio hopkins could take the political risks his boss could not and proved crucial to maintaining personal relations among the big three beloved by some such as churchill who believed that hopkins always went to the root of the matter and trusted by most including the paranoid stalin there were nevertheless those who resented the influence of the white house rasputin based on newly available sources the hopkins touch is an absorbing substantial new work that offers a fresh perspective on the world war ii era and the allied leaders through the life of the man who kept them on point until the war was won thirty years after the event the historic judgment of the nuremberg tribunal that tried nazi germany s major war criminals continues to haunt us was justice done or are the critics right when they point to the continuing persistence of crimes against the peace and against humanity in russia viet nam south africa and elsewhere as proof that the whole enterprise was doomed from the beginning to be nothing more than the judgment of the victors over the vanquished the end of the cold war should have been an occasion to reassess its origins history significance and consequences yet most commentators have restated positions already developed during the cold war they have taken the break up of the soviet union the shift toward capitalism and electoral politics in eastern europe and countries formerly in the ussr as evidence of a moral and political victory for the united states that needs no further elaboration this collection of essays offers a more complex and nuanced analysis of cold war history it challenges the prevailing perspective which editor allen hunter terms vindicationism writing from different disciplinary and conceptual vantage points the contributors to the collection invite a rethinking of what the cold war was how fully it defined the decades after world war ii what forces sustained it and what forces led to its

demise by exploring a wide range of central themes of the era rethinking the cold war widens the discussion of the cold war's place in post war history and intellectual life this book draws on a multiplicity of sources to recreate brilliantly the proceedings and to offer a reasoned often profound examination of the processes that created international law between 1944 and 1953 a power struggle emerged between new york governor thomas dewey and u s senator robert taft of ohio that threatened to split the republican party in the roots of modern conservatism michael bowen reveals how this two man battle for control of the gop and the republican presidential nomination escalated into a divide of ideology that ultimately determined the party's political identity initially bowen argues the separate dewey and taft factions endorsed fairly traditional republican policies however as their conflict deepened the normally mundane issues of political factions such as patronage and fund raising were overshadowed by the question of what true republicanism meant taft emerged as the more conservative of the two leaders while dewey viewed taft's policies as outdated eventually conservatives within the gop organized against dewey's leadership and emboldened by the election of dwight eisenhower transformed the party into a vehicle for the right bowen reveals how this decade long battle led to an outpouring of conservative sentiment that had been building since world war ii setting the stage for the ascendancy of barry goldwater and the modern conservative movement in the 1960s when strategies of containment was first published the soviet union was still a superpower ronald reagan was president of the united states and the berlin wall was still standing this updated edition of gaddis classic carries the history of containment through the end of the cold war beginning with franklin d roosevelt's postwar plans gaddis provides a thorough critical analysis of george f kennan's original strategy of containment nsc 68 the eisenhower dulles new look the kennedy johnson flexible response strategy the nixon kissinger strategy of detente and now a comprehensive assessment of how reagan and gorbechev completed the process of containment thereby bringing the cold war to an end he concludes provocatively that reagan more effectively than any other cold war president drew upon the strengths of both approaches while avoiding their weaknesses a must read for anyone interested in cold war history grand strategy and the

origins of the post cold war world

Melvin Laird and the Foundation of the Post-Vietnam Military, 1969-1973 2015

examines the former congressman melvin laird's efforts to reconstitute the department of defense during the last years of the vietnam war laird acted to mitigate the adverse effects of the vietnam war on the department and to prepare the nation's armed forces for the future foremost was the transition from a conscripted military to an all volunteer force a fundamental policy shift that ended an unpopular and inequitable draft system from jacket

Parliamentary Papers 1876

this book provides a useful guide for researchers reviewers and consumers who are charged with judging the quality of qualitative studies

Reviewing Qualitative Research in the Social Sciences 2013

selected bibliography p 511 519

The CIA & Congress 2005

writing that works is a concise practical guide to the principles of effective writing in this revised and updated edition roman and raphaelson reveal how to improve memos letters reports speeches resumes plans and other business papers learn how to say what you want to say with less difficulty and more confidence

Writing that Works 1995

in his signature pragmatic and friendly style david silverman acts as your stand in supervisor in

the seventh edition of this book taking you step by step through different methods for making sense of qualitative data whether you are interested in analysing visual images interviews focus groups or online data this book provides a clear framework for using qualitative data to answer your research questions the book provides a strong grounding in research design principles so you can embed best practice into your research project diverse real world examples so you can see how principles are applied in practice coverage of new developments in qualitative research including working with online data if you are new to qualitative research or conducting your first research project in the social sciences this book gives you the practical grounding in qualitative methods you need to get started

Census Tract Memo 1967

charles walcott and karen hult maintain that the organization of the white house influences presidential performance much more than commonly thought and that organization theory is an essential tool for understanding that influence their book offers the first systematic application of organizational governance theory to the structures and operations of the white house office using organizational theory to analyze what at times has been a rather ad hoc and disorganized office might seem quixotic after all the white house office exists within a turbulent political environment that encourages expedient decision making and every four to eight years it must be reinvented by presidents who have their own theories and preferences about how to organize a staff to serve their policy needs but walcott and hult argue that white house staffs are not simply puppets of presidential preference and style yes staff structures evolve primarily from presidents strategic responses to external demands but those structures in turn significantly influence how the executive branch perceives and responds to further demands the first part of their book lays out the theoretical argument the second examines white house outreach congressional liaison press relations personnel selection executive branch oversight and interest group and intergovernmental liaison the third focuses on white house handling of policy development and

implementation the fourth analyzes staff structures that facilitate the operation of the presidency itself presidential writing and scheduling staff management and cabinet coordination the book concludes by identifying general patterns in the emergency nature and stability of governance structures in the white house original and instructive governing the white house provides a much needed primer on the inner workings of the white house staff and will be an essential volume for anyone studying the presidency

for almost forty years the verdict on lyndon johnson s presidency has been reduced to a handful of harsh words tragedy betrayal lost opportunity initially historians focused on the vietnam war

and how that conflict derailed liberalism tarnished the nation's reputation wasted lives and eventually even led to watergate more recently johnson has been excoriated in more personal terms as a player of political hardball as the product of machine style corruption as an opportunist as a cruel husband and boss in lbj randall b woods a distinguished historian of twentieth century america and a son of texas offers a wholesale reappraisal and sweeping authoritative account of the lbj who has been lost under this baleful gaze woods understands the political landscape of the american south and the differences between personal failings and political principles thanks to the release of thousands of hours of lbj's white house tapes along with the declassification of tens of thousands of documents and interviews with key aides woods's lbj brings crucial new evidence to bear on many key aspects of the man and the politician as private conversations reveal johnson intentionally exaggerated his stereotype in many interviews for reasons of both tactics and contempt it is time to set the record straight woods's johnson is a flawed but deeply sympathetic character he was born into a family with a liberal texas tradition of public service and a strong belief in the public good he worked tirelessly but not just for the sake of ambition his approach to reform at home and to fighting fascism and communism abroad was motivated by the same ideals and based on a liberal christian tradition that is often forgotten today vietnam turned into a tragedy but it was part and parcel of johnson's commitment to civil rights and antipoverty reforms lbj offers a fascinating new history of the political upheavals of the 1960s and a new way to understand the last great burst of liberalism in america johnson was a magnetic character and his life was filled with fascinating stories and scenes through insights gained from interviews with his longtime secretary his secret service detail and his closest aides and confidants woods brings johnson before us in vivid and unforgettable color

HENRY KISSINGER AND THE AMERICAN CENTURY

2014-01-15

in the 1930 s and 1940 s the prevalent american view of china was that of a friendly democratic and increasingly christian state in many ways akin to the united states this view was fostered by a wide range of literary political and business leaders including pearl s buck franklin d roosevelt wendell willkie joseph stillwell claire chennault and most notably the powerful publisher of life and time henry r luce this book shows how the notion of the chinese as aspiring americans helped shape american opinions and policies toward asia for almost twenty years this notion derived less from the reality of chinese historical or cultural similarities than from a projection of american values and culture in the american view fueled by various political economic and religious interests china was less a geographical entity than a symbol of american hopes and fears one of the more important consequences was the idealization of china and the demonization of japan

The development of ballistic missiles in the United States Air Force 1945-1960 1993

the hopkins touch offers the first portrait in over two decades of the most powerful man in roosevelt s administration david roll shows how harry hopkins an iowa born social worker who had been an integral part of the new deal s implementation became the linchpin in fdr s and america s relationships with churchill and stalin and spoke with an authority second only to the president s gaunt nearly spectral and malnourished following an operation to remove part of his stomach the newly widowed hopkins accepted the president s invitation to move into the white house in 1940 and remained roosevelt s closest advisor speechwriter sounding board and friend nearly to the end between 1940 and 1945 with incomparable skill and indefatigable determination hopkins organized the lend lease program and steered the president to prepare the public for war with germany he became fdr s problem solver and fixer helping to smooth over crises such as when the british refused to allow an invasion of europe in 1943 enraging stalin who felt that the

soviet union was carrying the military effort against the nazis lacking an official title or a clear executive branch portfolio hopkins could take the political risks his boss could not and proved crucial to maintaining personal relations among the big three beloved by some such as churchill who believed that hopkins always went to the root of the matter and trusted by most including the paranoid stalin there were nevertheless those who resented the influence of the white house rasputin based on newly available sources the hopkins touch is an absorbing substantial new work that offers a fresh perspective on the world war ii era and the allied leaders through the life of the man who kept them on point until the war was won

Statistics for Political Analysis 2001-09-23

thirty years after the event the historic judgment of the nuremberg tribunal that tried nazi germany s major war criminals continues to haunt us was justice done or are the critics right when they point to the continuing persistence of crimes against the peace and against humanity in russia viet nam south africa and elsewhere as proof that the whole enterprise was doomed from the beginning to be nothing more than the judgment of the victors over the vanquished

Memo from Darryl F. Zanuck 2018-01-23

the end of the cold war should have been an occasion to reassess its origins history significance and consequences yet most commentators have restated positions already developed during the cold war they have taken the break up of the soviet union the shift toward capitalism and electoral politics in eastern europe and countries formerly in the ussr as evidence of a moral and political victory for the united states that needs no further elaboration this collection of essays offers a more complex and nuanced analysis of cold war history it challenges the prevailing perspective which editor allen hunter terms vindicationism writing from different disciplinary and conceptual vantage points the contributors to the collection invite a rethinking of what the cold war was how fully it defined the decades after world war ii what forces sustained it and what

forces led to its demise by exploring a wide range of central themes of the era rethinking the cold war widens the discussion of the cold war's place in post war history and intellectual life

No Peace, No Honor 1997

this book draws on a multiplicity of sources to recreate brilliantly the proceedings and to offer a reasoned often profound examination of the processes that created international law

Performance, Transparency, and the Cultures of Surveillance

1985

between 1944 and 1953 a power struggle emerged between new york governor thomas dewey and u s senator robert taft of ohio that threatened to split the republican party in the roots of modern conservatism michael bowen reveals how this two man battle for control of the gop and the republican presidential nomination escalated into a divide of ideology that ultimately determined the party's political identity initially bowen argues the separate dewey and taft factions endorsed fairly traditional republican policies however as their conflict deepened the normally mundane issues of political factions such as patronage and fund raising were overshadowed by the question of what true republicanism meant taft emerged as the more conservative of the two leaders while dewey viewed taft's policies as outdated eventually conservatives within the gop organized against dewey's leadership and emboldened by the election of dwight eisenhower transformed the party into a vehicle for the right bowen reveals how this decade long battle led to an outpouring of conservative sentiment that had been building since world war ii setting the stage for the ascendancy of barry goldwater and the modern conservative movement in the 1960s
