Skills for Lawyers 2012/2013 2012-06-01 revised editon of the author s essential concepts of business for lawyers 2012

Writing for Lawyers 1992 designed to introduce law students law teachers practitioners and judges to the basic ideas of mathematical probability and statistics as they have been applied in the law the book consists of sections of exposition followed by real world cases and case studies in which stastical data have played a role readers are asked to apply the theory to the facts to calculate results a pocket calculator is sufficient and to explore legal issues raised by quantitative findings while the author s own calculations and comments are given in the back of the book the cases and case studies reflect a broad variety of legal subjects including antidiscrimination mass torts taxation school finance identification evidence preventive detention handwriting disputes voting environmental protection antitrust and the death penalty the first edition has been used in law statistics and social science courses and in 1991 was selected by the university of michigan law review as one of the important law books of the year this second edition includes many new problems reflecting current developments in the law including a new chapter on epidemiology

The Art of Practicing Law 2017-03-30 the concise edition is more than one third shorter than the full casebook the concise edition however is not merely an abridgment of the full version but rather a self contained casebook specifically designed for the shorter accounting for lawyers courses the

concise edition stands entirely on its own making no reference to the full edition and providing complete though more limited coverage of the field despite the overall substantial reduction in the text the concise edition contains some special added material designed to ease the introduction of several of the core topics in the field for more information and additional teaching materials visit the companion site

Google for Lawyers 2010 explains 10 pro bono opportunities that will broaden deepen and strengthen your paying practice and legal career p 4 of cover

Legal Writing Exercises 2014 the editors have brought together a group of distinguished lawyers to write a set of biographical stories that will make you laugh tug your heart strings and get you to reexamine your goals and values these stories not only prove that a good life is possible in the law but they also teach you how to achieve it

Plain Language for Lawyers 2002-01-01 lawyers today are in a moral crisis the popular perception of the lawyer both within the legal community and beyond is no longer the abe lincoln of american mythology but is often a greedy cynical manipulator of access and power in the lawyer s myth walter bennett goes beyond the caricatures to explore the deeper causes of why lawyers are losing their profession and what it will take to bring it back bennett draws on his experience as a lawyer judge and law teacher as well as upon oral histories of lawyers and judges in his exploration of how and why the legal profession has lost its ennobling mythology effectively using examples from history philosophy psychology mythology and literature bennett shows that the loss of professionalism is more than merely the emergence of win at all cost strategies and a scramble for personal wealth it is something more profound a loss of professional community and soul bennett identifies the old heroic myths of american lawyers and shows how they informed the values of professionalism through the middle of the last century he shows why in our more diverse society those myths are inadequate guides for today s lawyers and he also discusses the profession s agony

over its trickster image and demonstrates how that archetype is not only a psychological reality but a necessary component of a vibrant professional mythology for lawyers at the heart of Bennett's eloquently written book is a call to reinvigorate the legal professional community to do this lawyers must revive their creative capacities and develop a meaningful professional mythology one based on a deeper understanding of professionalism and a broader more compassionate ideal of justice *Rules of Professional Conduct for Lawyers* 1987 this comprehensive picture of the contemporary American legal profession traces its development over the last hundred years Abel examines a variety of topics including the nature and effect of entry barriers the rise and fall of restrictive practices efforts to create demand for lawyers services self regulation the income and status of lawyers the growth of public and private employment the displacement of solo and small firms and the allocation of lawyers to roles
