La mesure de l'être 1961 can words do damage for medieval culture the answer was unambiguously yes and as helen solterer contends in french medieval culture the representation of women exemplified the use of injurious language solterer investigates the debates over women between masters and their disciples across a broad range of old french literature to the early modern querelle des femmes she shows how the figure of the female respondent became an instrument for disputing the dominant models of representing women the female respondent exploited the criterion of injurious language that so preoccupied medieval masters and she charged master poets ethically and legally with libel solterer s work thus illuminates an early decisive chapter in the history of defamation

Quaestiones Super Geometriam Euclidis 1979 mediaevalia lovaniensia 40 medieval translators played an important role in the development and evolution of a scientific lexicon at a time when most scholars deferred to authority the translations of canonical texts assumed great importance moreover translation occurred at two levels in the middle ages first greek or arabic texts were translated into the learned language latin second latin texts became source texts themselves to be translated into the vernaculars as their importance across europe started to increase the situation of the respective translators at these two levels was fundamentally different whereas the former could rely on a long tradition of scientific discourse the latter had the enormous responsibility of actually developing a scientific vocabulary the contributions in the present volume investigate both levels greatly illuminating the emergence of the scientific terminology and concepts that became so fundamental in early modern intellectual discourse the scientific disciplines covered in the book include among others medicine biology astronomy and physics

Nicole Oresme, Highlights from His French Commentary on Aristotle's Politics 2006-03-10 new annual of work on the textual cultures of medieval europe and beyond volume 2 focuses on continental european literatures as well as anglo norman and anglo latin writings and provides exemplification of work on earlier periods

Science and Religion, 400 B.C. to A.D. 1550 2023-12-22 bilingual europe makes clear that latin played an important role in european culture for a much longer period than we thought and it explores how and why this was so
