mindset that has infected modern society and spoiled a generation rewarding them with gold medals just for showing up manson makes the argument backed both by academic research and well timed poop jokes that improving our lives hinges not on our ability to turn lemons into lemonade but on learning to stomach lemons better human beings are flawed and limited not everybody can be extraordinary there are winners and losers in society and some of it is not fair or your fault manson advises us to get to know our limitations and accept them once we embrace our fears faults and uncertainties once we stop running and avoiding and start confronting painful truths we can begin to find the courage perseverance honesty responsibility curiosity and forgiveness we seek there are only so many things we can give a f k about so we need to figure out which ones really matter manson makes clear while money is nice caring about what you do with your life is better because true wealth is about experience a much needed grab you by the shoulders and look you in the eye moment of real talk filled with entertaining stories and profane ruthless humor the subtle art of not giving a f k is a refreshing slap for a generation to help them lead contented grounded lives

The Orange County Stud Book, Giving a History of All Noted Stallions 2012-04 a former senior mujahidin figure and an ex counter terrorism analyst cooperating to write a book on the history and legacy of arab afghan fighters in afghanistan is a remarkable and improbable undertaking yet this is what mustafa hamid aka abu walid al masri and Leah Farrall have achieved with the publication of their ground breaking work the result of thousands of hours of discussions over several years the arabs at war in afghanistan offers significant new insights into the history of many of today's militant salafi groups and movements by revealing the real origins of the taliban and al qaeda and the jostling among the various jihadi groups this account not only challenges conventional wisdom but also raises uncomfortable questions as to how events from this important period have been so badly misconstrued
