over the past decade nearly 300 of the 700 entries consist of new material with an additional 50 entries substantially revised and updated english language sources are emphasized but important non english works are also well represented for professional philosophers philosophy educators students from beginning to graduate and librarians this guide represents a substantial updating and complete re organization of the author s 1997 philosophy a guide to the reference literature 2nd edition 1st edition 1986 it reflects a veritable explosion of reference sources both print and online in the field of philosophy over the past decade nearly 300 entries or 40 percent are entirely new an additional 50 or so entries have substantial revisions recording new editions changes in serial publications series and websites or additional volumes completed in multi volume sets in addition it has been entirely re organized along topical lines each of its twenty three chapters is divided into four sections 1 general sources 2 history of philosophy 3 branches of philosophy and 4 miscellanea this new arrangement accords better with the greatly expanded range of philosophy reference sources and makes it easier for the user to identify related sources of different types bibliographies dictionaries web gateways etc on the same topic like its predecessor guide to reference sources in philosophy the 3rd edition aims to serve a diverse audience of professional philosophers philosophy educators students from beginning to graduate and librarians all entries include generous annotations that are often evaluative as well as descriptive english language sources are emphasized but non english works important to researchers or of interest to users with facility in other languages are also well represented there is no city quite like it bursting with life a fascinating history and a glitzy skyline shanghai is one of the world s most exciting destinations inside
