Importing Faith 2015-10-23 what is faith is it possible to acquire more faith why is it important to have faith in this book the life of faith the author presents the reader with a wealth of information about biblical faith based on the lives of 16 specific biblical characters who became so popular in biblical discussions and writings that they became known as the rollcall of faith and even the heroes of our faith the interesting thing about these 16 characters is every one of them had similar problems that we have today they all had family problems and issues they each also struggled with sin and disobedience in this writing we see a common thread each individual in the rollcall of faith had an encounter with god or a representative of god and each one had to make a decision based on the instruction from god or god s representative we see a pattern developing that biblical faith is a progressive faith by studying these individuals lives and their struggles their failures and their sins we see how very much they are like us they have different names different stories and they each had a destiny given them by god that they are so desperately trying to find all 16 of these individuals discovered their destiny and fulfilled their assignment from god by studying these people s lives we can learn common obstacles to our life of faith and we can see faith grow we can see faith develop as a process as these individuals begin to trust god in their lives and demonstrate that they trust god we also see a process that as they trust god it becomes part of their life process a life of active belief and trust in god is that really possible yes as you read this story you will see doubt and despair turned into an active belief and solid trust as the people of god began to discover the purpose of god in their lives and walk it out deliberately in this book you will discover and learn the same principles that these men and women walked out in their daily lives

The Life of Faith 2015-12 this book is written to encourage every believer that god desires to give them the best in life as a matter

of fact god has declared in his word that he wants his people to be the head and not the tail above and not beneath god desires his people to operate not in mediocrity but in a realm of greatness greatness is the birthright for every child of god greatness means that you are doing things in such an extraordinary way that it is leaving an impact on humanity and society for the glory of god jesus christ was operating in this realm of greatness everywhere he went demons were cast out people were healed from their diseases the blind were able to see again and unusual miracles signs and wonders were done by jesus because he was in the realm of greatness that the heavenly father intended for the children of god to operate in now how was jesus able to dwell and operate in that realm of greatness jesus was in that realm of greatness because he always stayed in the realm of faith where he could see his father work within his mind all he had to do was act out by faith what he saw his father doing in the spirit of his mind

The Life of Faith 2015-11-04 frank explains why only the declared word of the lord is the basis of faith christian

The Realm of Faith 2015-12-30 having faith in the lord is not something that involves solely our intelligence the area of intellectual knowledge rather it is a change that involves our life our whole self feelings heart intelligence will corporeity emotions and human relationships with faith everything truly changes so pope benedict xvi introduced his catecheses for the year of faith a series of sixteen talks given at his weekly audience from october 2012 to the end of his papacy in february 2013 these talks explore how and why faith is relevant in the contemporary world how can we come to certainty about things that cannot be calculated or scientifically confirmed what does god's revelation mean for our daily lives how can the hunger of the human heart be fulfilled offering the guidance of biblical exegesis pastoral exhortation and brotherly encouragement pope benedict seeks to answer these questions and many others

The Man of Faith 1835 what is the value of faith does it have any special power can it transform the circumstances of my life can a person live without faith can it heal me can you rid me of psychological ties can you give me eternal life these questions and many others have answers and can be found in the value of faith there you will see the battle between human faith and divine faith the powerful effects produced by faith deposited in god against the uncertainty of human efforts with changing thoughts and the false faith that springs from the hope of man placing his faith in himself or in objects images fetishes and other idolatrous elements

that end up frustrating your expectations in the value of faith you will find the essence of faith human efforts to obtain it with positive thinking that produce false faith you will find the enemies of the faith and their tactics to take it away from us you will see the greatest opponents of the faith that doubts atheistic intellectualism lack of love patience and inaction you can see how faith is activated how it is proclaimed progresses and works you will have the key to the faith that awaits and how is the courage to fight and succeed with divine faith in the value of faith you will find those elements to realize when the divine faith is lost and why we lose it and finally the remedy that cures the lack of faith and how to make the prayer that awakens the faith for salvation change of life and physical and intellectual restoration so that you achieve eternal life

The Book of Faith 2015-12-31 behold i give you faith now you have the ability to move and live and breathe in confidence that everything you touch will work all that you think about will become a positive influence and change lives you will even become wealthy in the process it would be absolutely wonderful for god to make that pronouncement to us and it becomes so fortunately and to what may be the ultimate paradox the kind of faith we seek will only come by trials perseverance and yes it is a journey that we all must take faith increases as it is used and grows exponentially when it is tested the true depth of these tests of faith does not come because you decide to seek or pursue god more these tests come because faith is alive and demands to be fed even challenged admittedly faith does appear to be somewhat illogical but most goals or feats of greatness are often met with resistance in the end when the goal has been met the feat obtained and the journey completed it is only then in clear hindsight that you realize that this was a test of your faith subsequently as you reflect on your travels you think about all the things that you would have changed or done differently only to later realize that if things were different you may not be who you are the logic of faith is a

reasonable a step along the path of your journey through personal experiences some good some not so good i share my experiences and trials of faith so you can be enlightened and encouraged as you continue on your journey of understanding once you embrace and unite with your faith the world will truly become your oyster and it will not matter where you are or what you are facing my wife phyllis and our two sons ryan and corban are enjoying our journey of faith together a journey that currently has us residing in katy texas and a faith that will allow us to continue to move and live and have our being in him

Portraits of Faith 2019-03-05 there are some subjects that have a perennial appeal for all serious minded christians and among these the subject of the assurance of faith or of salvation occupies an outstanding place when our preachers address their churches on that vital topic they may be sure of a goodly number of interested hearers who are anxious for a description of the foundation of their hope and who long for a word that will help them to obtain that blessed assurance and will thus fill their hearts with the joy of salvation it is true that many professing christians to day will not subscribe to this sentiment in their estimation one who undertakes to speak or write on the subject of assurance is hopelessly behind the time and altogether out of tune with the present trend of religious thought they do not all formulate their objections in the same way but they all agree in the desire to ignore or at least to soft pedal the question of assurance some emphasize the fact that the character of the christian battle has changed and the battleground has been shifted time was when the bible was accepted as the infallible word of god and bible truths were taken at their face value whatever doubts were entertained concerned one s being in a state of grace the battle was fought single handed in the citadel of the heart but now the trustworthiness of the bible is called in question and even the great verities of faith such as the incarnation the virgin birth the physical resurrection of jesus christ and his physical return in glory

are not only doubted but boldly denied this calls for a battle in the open field in which all those who recognize jesus christ as their lord should stand shoulder to shoulder the struggle to maintain the fundamentals of the christian religion is so all absorbing that it really leaves no time for the question of personal assurance far more important issues are at stake and must be settled before this question can really mean anything

The Endurance of Faith 2008-04 revolutionize the way you see your world the book of faith is an intriguing theological view of gods creation in action unveiling heaven and hell the book of faith reveals hidden meaning behind real life struggle discover hope and remember who you are in god while considering the father son and holy spirit as cooperates in a corporate world the book of faith allows an intimate relationship with jesus to bleed through the stories the writer draws closer to him through each experience as he draws closer to her perceive life through revelations of salvation civilization science and the natural order of a supernatural god explore the authenticity of the church and the reality of a god gifted empowerment to all of his children through christ jesus

The Worth of Faith 2011-08-01 the walking the walk of faith
devotional for the women of god is a wonderful book to have in

The Logic of Faith 2016-04-26 faith is one of the most critical
aspects of the christian life because it is the means by which we
receive all that god has secured for us yet the nature of faith is
one of the most misunderstood concepts of christianity some
conceptualize faith as some mental state that one must reach
before they are able to tap into god s resources others view faith
as some sort of incorporeal substance that is out there for which
we must reach all of these concepts of faith are deficient if not
heretical and yet all of them are found in the church others view
faith as a mere fantasy or hope with no basis in reality and thus
religious claims are excluded from the arena of knowledge for a
number of years my heart has been trilled over the doctrine of
faith as it is received and taught among evangelical christians

everywhere great emphasis is laid upon faith in orthodox circles and that is good but still i am troubled specifically my fear is that the modern conception of faith is not the biblical one that when the teachers of our day use the word they do not mean what bible meant when they used it i also share the same concerns with a tozer when he said the cause of my uneasiness are these 1 the lack of spiritual fruits in the lives of so many who claim to have faith 2 the rarity of a radical change in the conduct and general outlook of persons professing their new faith in christ as their personal savior 3 the failure of our teachers to define or even describe the thing to which the word faith is supposed to refer 4 the heartbreaking failure of multitudes of seekers is they are even so earnest to make anything out of the doctrine or to receive any satisfying experience through it 5 the real danger that a doctrine that is parroted so widely and received so uncritically by so many is false as understood by them 6 i have seen faith put forward as an escape from reality a refuge from the necessity of hard thinking a hiding place for weak character natural optimism emotional thrills and nervous tics therefore in the pages of this book i will endeavor to outline for your benefit the dynamics of faith what is faith how does faith works how to grow in faith the power of faith the excellency of faith the demand of faith the perseverance of faith the challenges of faith the object of faith the effect of faith the response of faith the discipline of faith the necessity of faith and many more are discussed

The Assurance of Faith 2017-08-28 this book stands in the tradition of philosophers who advance the rationality of faith yet this book goes beyond their accounts for it not only defends the view that faith can be termed rational but it also considers the different senses in which faith can be termed rational while this book advances the idea that faith as a general category can be termed rational it does not investigate in a detailed way whether there are arguments for the rationality of particular faiths which would go beyond the arguments for the rationality of faith as a

general category besides discussing whether betting on god in pascal s wager and believing in miracles are forms of the rationality of faith i will provide unique solutions to the problem of evil and the paradoxes of omnipotence and omniscience

The Strength of Faith 2016-10-06 revolutionize the way you see your world the book of faith is an intriguing theological view of gods creation in action unveiling heaven and hell the book of faith reveals hidden meaning behind real life struggles discover hope and remember who you are in god while considering the father son and holy spirit as cooperates in a corporate word the book of faith allows an intimate relationship with jesus to bleed through the stories the writer draws closer to him through each experience as he draws closer to her perceive life through revelations of salvation civilization science and the natural order of a supernatural god

The Book of Faith 2020-08-14 faith is an important element of our christian walk for without faith it is impossible to please god many christians are not pleasing god simply because they live without faith you cannot walk through the christian journey without faith faith is very important when unleashing the promises of god into your life we cannot operate in faith efficiently until we come to the realisation of what faith really is and how important it is to have a god given faith the bible says when we do anything without adding faith it is a sin faith is running out from the body of christ though we talk about it sometimes it seems much emphasis has not been laid on the importance of faith the purpose of this book is to put us back on the path of applying faith to everything we do as the word of god teaches us the content of this book will help you to understand what faith is all about how to have faith and the way to live by faith it will also help you to explore the importance of faith for the enhancement of your life and your christian walk with god as a whole moreover this will impact your generation and generations to come
