Restoring the Educational Dream. Rethinking Educational Transformation in Zimbabwe

2013-12-07

the role of education in human well being and social development cannot be overestimated after a number of highly commendable policies on education in the first decade of independence the education system in zimbabwe has taken a tumble that needs both examining and rectifying this volume analyses the challenges facing the education system in zimbabwe and explores and scrutinises theoretical and practical possibilities for

restoring the educational dream that was initiated at independence in 1980 the book is targeted at academics scholars college and university students policy makers and other stakeholders and advocates a multi pronged approach that must involve all stakeholders if educational retransformation reconstruction and restoration are to be achieved the authors provide a range of recommendations for a project that would restore the educational dream in zimbabwe

Education and Development in Zimbabwe

the book represents a contribution to policy formulation and design in an increasingly knowledge economy in zimbabwe it challenges scholars to think about the role of education its funding and the egalitarian approach to widening access to education the nexus between education democracy and policy change is a complex one the book provides an illuminating account of the constantly evolving notions of national identity language and citizenship from the zimbabwean experience the book discusses educational successes and challenges by examining the ideological effects of social political and economic considerations on zimbabwe s colonial and postcolonial education currently literature on current educational challenges in zimbabwe is lacking and there is very little published material on these ideological effects on educational development in zimbabwe this book is likely to be one of the first on the impact of social political and economic meltdown on education the book is targeted at local and international academics and scholars of history of education and comparative education scholars of international education and development undergraduate and graduate students and professors who are interested in educational development in africa particularly zimbabwe notwithstanding the book is a valuable resource to policy makers educational administrators and researchers and the wider community shizha and kariwo s book is an important and illuminating addition on the effects of social political and economic

trajectories on education and development in zimbabwe it critically analyses the crucial specifics of the zimbabwean situation by providing an in depth discourse on education at this historical juncture the book offers new insights that may be useful for an understanding of not only the zimbabwean case but also education in other african countries rosemary gordon senior lecturer in educational foundations university of zimbabwe ranging in temporal scope from the colonial era and its elitist legacy through the golden era of populist universal elementary education to the disarray of contemporary socioeconomic crisis covering elementary through higher education and touching thematically on everything from the pernicious effects of social adjustment programmes through the local deprofessionalization of teaching this text provides a comprehensive wide ranging and yet carefully detailed account of education in zimbabwe this engagingly written portrayal will prove illuminating not only to readers interested in zimbabwe s education specifically but more widely to all who are interested in how the sociopolitical shapes education how ideology policy international pressures economic factors and shifts in values collectively forge the historical and contemporary character of a country s education handel kashope wright professor of education university of british columbia
