i m guessing that those two are planning a surprise the author keeps mentioning the storm because she wants us to think that the character s upset wait yikes i gotta go back and reread because i m not getting this part these are the flickering thoughts of a strategic reader if only we could bottle all these mental moves and pour them into the minds of our students then readers achievement would grow exponentially in think big with think alouds molly ness delivers a process that comes close to bottling that magic molly spent a year researching teachers think alouds and she uses these findings to help you know just what to do the big time saver you focus on just these five strategies asking questions making inferences synthesizing understanding the author s purpose and monitoring and clarifying select the one or two strategies that align to your text and get ready with a stack of sticky notes grab a pencil and you are on your way to dynamic lessons using molly s three step planning process read once go wild putting a flurry of sticky notes on spots that strike you read twice whittle your notes down to the juiciest stopping points read three times jot down what you will say so there s no need to wing it in front of the kids other practical tools include more than 20 ready made think aloud scripts for favorite texts by sandra cisneros seymour simon shel silverstein and many others to use for think alouds for fiction informational text and poetry fun small group and partner activities to gradually transfer comprehension strategies to your students downloads on the companion website including spinner and dice templates planning forms and think aloud scripts molly ness is an associate professor at fordham university s graduate school of education she graduated phi beta kappa from johns hopkins university and earned her phd in reading education from the university of virginia a former teach for america corps member she is an experienced classroom teacher and reading clinician her numerous books and articles focus on reading comprehension the instructional decisions of teachers and the assessment and diagnosis of struggling readers

Think Big with Think Alouds

2017-07-13

in response to highly publicized incidents of school violence educators across the united states and in many other nations are seeking effective ways to

prevent and modify aggressive and anti social behaviors in students one of the major recommendations of the research is that efforts to prevent cruelty need to begin early during the early childhood years of birth through age eight the focus of teaching compassion humane education in early childhood is guiding young children to accept responsibility for and to be kind in their interactions with fellow human beings animals and the environment although humane education is a relatively new concept in the field of early childhood education professionals in the field are very familiar with many of the related concepts including promoting positive interpersonal interactions teaching children the skills of self regulation giving children experience in caring for living things and protecting the environment this edited volume is an interdisciplinary compendium of professional wisdom gathered from experts in the fields of education child development science psychology sociology and humane organizations as the book amply documents the concept of humane education is powerful integrative timely and appropriate in work with young children teaching compassion humane education in early childhood shows how it is possible for adults dedicated to the care and education of young children to balance attention to the cognitive and affective realms and in so doing to elevate the overall quality of early childhood programs for children families and communities

Teaching Compassion: Humane Education in Early Childhood

2013-07-23
