Changing Qatar 2020-07-28

a cultural study of modern qatar and how it navigates change and tradition qatar an ambitious country in the arabian gulf grabbed headlines as the first middle eastern nation selected to host the fifa world cup as the wealthiest country in the world and one of the fastest growing it is known for its capital doha which boasts a striking futuristic skyline in changing qatar geoff harkness takes us beyond the headlines providing a fresh perspective on modern day life in the increasingly visible gulf drawing on three years of immersive fieldwork

and more than a hundred interviews he describes a country in transition one struggling to negotiate the fluid boundaries of culture tradition and modernity harkness shows how qataris reaffirm and challenge traditions in many areas of everyday life from dating and marriage to clothing and humor to gender and sports a cultural study of citizenship in modern qatar this book offers an illuminating portrait that cannot be found elsewhere

Contract Law of Qatar 2023-06-29

as qatar s aspirations of becoming a key location for international dispute settlement and international trade grow so too does the importance of understanding private law in qatar and the gulf states in this innovative book ilias bantekas and ahmed al ahmed provide an original english language treatise on the contract law of qatar using an abundance of case law the authors combine scholarly and practice oriented expertise to develop a comprehensive treatment of qatari contract law the analysis is drawn from a wealth of judgements from the qatari court of cassation and court of appeal much of which was previously inaccessible to readers bringing sophisticated detailed insights on qatari law to an english speaking legal audience this is a vital text for academics practitioners and students who wish to comprehend this increasingly influential global player this title is available as open access on cambridge core

Qatar: 2015 Article IV Consultation-Staff Report; and Press Release 2015-04-02

this 2015 article iv consultation highlights that qatar is implementing an ambitious diversification strategy while retaining its systemic role in the global natural gas market qatar accounts for one third of global liquefied natural gas trade and has emerged as an important global financial investor labor importer and donor the authorities are executing a large public infrastructure program to advance economic diversification and prepare for the fifa 2022 world cup the economy has maintained strong growth momentum so far despite the large drop in oil prices since summer 2014 the short term growth outlook is positive but lower oil prices will lead to a substantial deterioration of the fiscal and external balances

Contemporary Qatar 2021-06-19

this book addresses critical topics and unanswered questions on the contemporary state of qatar drawing together a unique combination of authors that have researched the gulf cooperation council gcc in general and the state of qatar specifically each author provides an in depth empirical analysis of qatar s current social political and economic landscape against a historically informed backdrop cognizant of its rapid state of flux the contributors collectively provide a comprehensive overview of the intersection of these respective areas delving into the historical creation of qatar as a state its politics and systems of governance its economic strata and reliance on natural resources its society and national identity its new and thriving sports culture and most topically matters of diplomacy the 2017 blockade and its armed forces owing to the contributors invaluable firsthand experience and knowledge of qatar this book provides valuable insights into this nation at once old and new and its intertwined trajectories in its socio political and economic positionality within the region this book is an invaluable resource for students and scholars researching the middle east generally and the gulf specifically with interests in topics such as politics and international relations political economy and foreign policy development sources of social change societal activism popular culture and the various elements of identity

Qatar and the Gulf Crisis 2020-05

in 2017 saudi arabia bahrain the uae and egypt severed diplomatic ties with qatar launching an economic blockade by land air and sea the self proclaimed anti terror quartet offered maximalist demands thirteen conditions recalling austria hungary s 1914 ultimatum to serbia they may even have intended military action well into its second year the standoff in the gulf has no realistic end in sight with the bahraini and emirati criminalisation of expressing support for qatar and the saudi labelling of detainees as traitors for their alleged qatari links bitterness has been stoked between deeply interconnected peoples the adviser to the saudi crown prince advocating a moat to physically separate qatar from the arabian peninsula illustrates the ongoing intensity and irrationality of the crisis most reporting and analysis of these developments has focused on questions of regional geopolitics and framed the standoff in terms of its impact on largely western interests lost in this thicket of commentary is consideration of how the qatari leadership and population have responded to the blockade as the 2022 fifa world cup draws closer the ongoing qatar crisis becomes

increasingly important to understand ulrichsen offers an authoritative study of this international standoff from both sides

Qatar 2016-04-20

qatar has won the right to host the 2022 fifa world cup preparations will have a lasting impact on qatar s real estate construction and finance markets as companies scramble to obtain a portion of the more than usd 200 billion in infrastructure development needed before 2022 including usd 11 billion on the newly opened hamad international airport usd 5.5 billion on a deep water seaport and over usd 12 billion on improving and creating road networks qatar will also invest between usd 20 billion to usd 25 billion in tourism infrastructure development the largest planned development is the usd 29 billion metro and rail project which will be implemented in three phases with completion scheduled for 2022 other focal areas include roads industrial zones and information and communication technology these developments will stimulate the domestic economy and create substantial export opportunities for foreign businesses in addition to energy and infrastructure development significant opportunities exist for foreign investment in medical safety and security education and franchising

Qatar and the 2022 FIFA World Cup 2022-03-28

this book offers the first full academic analysis of the qatar 2022 fifa world cup adopting an international relations perspective the authors critically interrogate the politics and controversy that has surrounded arguably the most controversial sports event ever in doing so this text offers up an imperative examination of qatar s desired objectives through their investment in global sport and sports events as well as provides readers with an academic explanation on why major event hosts such as qatar receive so much international scrutiny in the pre event stage of the event hosting process on the back of this international scrutiny this text also provides the first full analysis on how such negative scrutiny has forced qatar to implement various social political changes at home

Mental Health in Qatar 2020-05-14

From Alliance to Union 2016-05-24

after the conservative arab gulf monarchies bahrain kuwait oman qatar saudi arabia and the united arab emirates uae joined forces on 25 may 1981 within the gulf co operation council gcc few fathomed that security requirements on and around the arabian peninsula would be so precarious and for so long to answer their search for permanent stability arab gulf rulers erected a regional alliance that sought to integrate internal and regional defences as well as strengthen their existing socio economic ties several of the monarchies even hoped that co ordination on foreign policy issues over which near unanimity existed could eventually lead to a full fledged union as envisaged in the organisation s founding charter between 1981 and 2015 these arab gulf monarchies experienced major socio political transformations resulting from upheavals throughout the arab and muslim worlds the perceived necessity to bring about a full fledged union has come into conflict with entrenched viewpoints from regimes that value traditional military political roles and norms in this new study joseph a kechichian provides an evaluation of gcc states military institutions to better evaluate whether a stable alliance is capable of enduring over the next few decades and how civilian leaders perceive the role and influence of their military officers for the task kechichian raises fundamental questions over internal regional and international threats including an existential challenge emanating from the islamic revolutionary government of iran and assesses how gcc professionals may be preparing to tackle them he further elucidates on the best methods to meet security challenges not only to secure political survival but also to determine whether conservative arab gulf regimes can flourish outside an effective alliance the volume concludes with an examination of evolving civil military relations in the gcc states

European Foreign Policy in a Decarbonising World 2021-12-24

contributing to the emerging literature on the geopolitical and foreign policy implications of decarbonisation and energy transition processes this book sheds light on the future of the european union s eu external relations under decarbonisation under the paris agreement on climate change adopted in 2015 governments are committed to phasing out the

emissions of carbon dioxide and other greenhouse gases over the coming decades this book addresses the many questions around this process of decarbonisation through detailed analyses of eu external relations with six fossil fuel exporting countries nigeria indonesia azerbaijan colombia qatar and canada the authors systematically examine the six countries varying dependence on fossil fuels the broader political and security context current relations with the eu and the potential for developing these towards decarbonisation in doing so they put forward a series of findings that should hold across varying circumstances and provide a steppingstone to enrich and inspire further research on foreign policy external relations and international relations under decarbonisation the book also makes an important contribution to understanding the external implications of the 2019 european green deal this volume will be of great interest to students and scholars of european environmental and climate policy climate diplomacy energy policy foreign policy and climate energy geopolitics the open access version of this book available at taylorfrancis.com/books/e/9781003183037 has been made available under a creative commons attribution non commercial no derivatives 4.0 license

Pregnancy and Miscarriage in Qatar 2020-04-16

as the bearers of the next generation in one of the richest countries in the world the social status of qatari women is closely linked to their ability to have children women are expected to reflect the cultural and religious values attached to motherhood and not having children puts women in a potentially vulnerable position but qatari women must also play an essential role in reflecting the country as a centre of arab modernity availing themselves of the new opportunities in work politics and public life this book explores the changing role of women in qatari society and analyses how qatari women navigate the competing expectations placed upon them based on original interviews with pregnant women and women who have experienced miscarriage as well as interviews with doctors religious scholars and family members the book reveals how

socio cultural forces shape the way miscarriage is framed and experienced it also reveals how intimate reproductive events are deeply entangled with broader societal and political issues in exploring the themes of reproduction motherhood and family relationships this unique study sheds light on the values and beliefs circulating in qatari society and how these are mapped on to women s bodies

Women's Empowerment and Public Policy in the Arab Gulf States 2024-01-23

this open access book explores the various dimensions of women s empowerment in public policy in the gulf cooperation council gcc region with a particular focus on qatar comparing the country to the other gulf states through its rich compilation of empirical qualitative research the text unpacks the various ways in which women s empowerment materializes in the gcc context providing insights into public policy perspectives in high income rentier states more broadly the arab world has long been part of the global dialogue on women s economic and political empowerment and the gcc has over the past decade situated women s empowerment amongst their respective national priorities and long term strategies in turn the gulf has seen gradual implementation of policies aimed at women specifically in looking to attract and retain them in the labour market and in the public sector more broadly the collection surveys and evaluates the progress made in recent decades paying close attention to the cultural and policy constraints still limiting women s empowerment in the gulf with a key linkage to sdg5 this book is a timely text addressing the context and drivers behind policies centering on women in the arab region in its analysis of the interplay of international women s empowerment discourse and regional public policy decisions it is relevant to researchers and policy makers focused on women and gender issues in relation to social cultural economic and political empowerment in the gulf specifically but also in the arab world and beyond

Qatar's Nation Branding and Soft Power 2023-01-31

this open access book examines how creating a national brand assisted qatar in absorbing the shock and awe following the outburst of the crisis with saudi arabia bahrain egypt and the united arab emirates in may 2017 the authors discuss the country s diplomatic performance which was characterized by five main factors that helped qatar to deal with

the crisis successfully these factors include the failure of the element of surprise years of building qatar s national brand qatar s arsenal of soft power international alliances and the opponents quandary this book further scrutinizes qatar s role in the region and all questions related to this role through the lenses of its nation brand the book provides explanations for the success of qatar in absorbing the shock and awe in the early stage of the last gulf crisis presenting various arguments on how establishing a nation brand helped qatar to deal with the crisis successfully the book follows an original approach that views the qatari case from a scientific perspective investigating the art of nation branding it will appeal to students researchers and scholars of international relations psychology political science and journalism as well as policy makers interested in a better understanding of soft power nation branding middle east studies and diplomacy

The Oil & Gas Year Qatar 2019 2019-12-11

general mortality nuptiality and divorce

Rethinking the Hollywood Teen Movie 2018-06-30

an analysis of novelistic explorations of modernism in mathematics and its cultural interrelations

Water Security in the Middle East 2017-01-02

water security in the middle east argues that while conflicts over transboundary water systems in the middle east do occur they tend not to be violent nor are they the primary cause of a war in this region the contributors in this collection of essays place water disputes in larger political historical and scientific contexts and discuss how the humanities and social sciences contribute towards this understanding the authors contend that international sharing of scientific and technological advances can significantly increase access to water and improve water quality while scientific advances can and should increase adaptability to changing environmental conditions especially climate change national institutional reform and the strengthening of joint commissions are vital the contributors indicate ways in which cooperation can move from simple coordination to sophisticated adaptive and equitable modes of water management

Arab Oil & Gas 2008

refugees and migration are not a new story in the history of humankind but in the last few years against a backdrop of huge numbers of migrants especially from war torn countries they have again been a topic of intensive and contentious discussion in politics the media and scientific publications two united nations framework declarations on the sustainable development goals and on refugees and migrants adopted in 2016 have prompted the editors who have a background in international criminology to invite 60 contributors from different countries to contribute their expertise on civic education aspects of the refugee and migrant crisis in the global north and south comprising 35 articles this book presents an overview of the interdisciplinary issues involved in irregular migration around the world it is intended for educationists educators diplomats those working in mass media decision makers criminologists and other specialists faced with questions involving refugees and migrants as well as those interested in improving the prospects of orderly safe regular and responsible migration in the context of promoting peaceful and inclusive societies for sustainable

development rather than a timeline for migration policies based on now with states focusing on stopping migration now sending back migrants now or bringing in technicians or low skilled migrant workers now there should be a long term strategy for multicultural integration and economic assimilation this book prefaced by françois crépeau the united nations special rapporteur on the human rights of migrants and william lacy swing director general of the international organization for migration addresses the question of the rights and responsibilities involved in migration from the academic and practical perspectives of experts in the field of social sciences and welfare and charts the way forward to 2030 and beyond and also beyond the paradigm of political correctness
