Bertrand Russell 1992 bertrand russell changed western philosophy forever he tackled many puzzles how our minds work how we experience the world and what the true nature of meaning is in introducing bertrand russell we meet a passionate eccentric active in world politics who had outspoken views on sex marriage religion and education

Bertrand Russell 1967 winner of the 2014 bertrand russell society book award bertrand russell was one of the greatest philosophers of the twentieth century over his professional career of 45 years russell left his mark and influence in many domains of intellectual inquiry this includes the foundations of mathematics the philosophy of science metaphysics the theory of knowledge the philosophy of language education religion history ethics and politics in russell a guide for the perplexed john ongle and rosalind carey offer a clear and thorough account of the work and thought of this key thinker providing a thematic outline of his central ideas and his enduring influence throughout the field of philosophy the authors lay out a detailed survey of russell s academic technical philosophy exploring his work on logic mathematics metaphysics language knowledge and science this concise and accessible book engages the reader in a deeper critical analysis of russell s prolific philosophical and literary output

Introducing Bertrand Russell 2015-09-03 yet russell was more than a great intellect he was also a political animal from the beginning of his long professional life he emphasized the importance of practice as well as theory he was twice imprisoned by the british government for his political utterances with his razor sharp irony and morally impassioned rhetoric russell took on the forces of injustice ignorance and cruelty one of his chief weapons was the letter to the editor

Russell: A Guide for the Perplexed 2013-01-17 selections from his autobiography popular essays works on philosophy psychology history mathematics and international relations

Yours Faithfully, Bertrand Russell 2002 bertrand russell is regarded as one of the twentieth century s greatest minds well known for his profound knowledge and controversial approach to myriad of different issues and subjects such as sex marriage religion education and politics his prolific works also exhibit great intellectual wit and humour first published in 1958 bertrand russell s best is a delightfully funny and entertaining book and a striking testament to the remarkable life work and wit of bertrand russell

The Wisdom of Bertrand Russell 1968 bertrand russell 1872 1970 is one of the most famous and important philosophers of the twentieth century in this account of his life and work a c grayling introduces both his technical contributions to logic and philosophy and his wide ranging views on education politics war and sexual morality russell is credited with being one of the prime movers of analytic philosophy and with having played a part in the revolution in social attitudes witnessed throughout the twentieth century world this introduction gives a clear survey of russell s achievements across their whole range about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Basic Writings of Bertrand Russell, 1903-1959 1992 an unabridged edition with updated footnotes and layout to include recent criticisms of consciousness instinct and habit desire and feeling influence of past history on present occurrences in living organisms psychological and physical causal laws introspection the definition of perception sensations and images memory words and meaning general ideas and thought belief truth and falsehood emotions and will characteristics of mental phenomena

Bertrand Russell's Best 2009-03-04 almost five decades after his death there is still ample reason to pay attention to the life and legacy of bertrand russell this is true not only because of his role as one of the founders of analytic philosophy but also because of his important place in twentieth century history as an educator

public intellectual critic of organized religion humanist and peace activist the papers in this anthology explore russell s life and legacy from a wide variety of perspectives this is altogether fitting given the many sided nature of russell his life and his work the first section of the book considers russell the man and draws lessons from russell s complicated personal life the second examines russell the philosopher and the philosophical world within which his work was embedded the third scrutinizes russell the atheist and critic of organized religion inquiring which parts of his critical stance are worth emulating today the final section revisits russell the political activist it directs an eye both at russell s own long career of peace activism but also at his place in a highly political family tradition of which he was justifiably proud this book thus constitutes an invitation if one were needed to the world of bertrand russell those new to russell but with an interest in biography philosophy religion or politics will hopefully find something to learn here this may spark an interest in learning more about russell but this book is not just intended for the russell neophyte the book sheds fresh light on a number of topics central to russell studies his connections to other philosophers for example scholars well versed in russell studies will enjoy grappling with the treatment given to these topics here

Bertrand Russell 2015-06-03 this acclaimed selection of russell s early letters available in paperback for the first time reveals the full scope of his life and innermost thoughts up to the first world war

Russell: A Very Short Introduction 2002-02-21 this volume is one of the most significant documents on the thought of the giant of the twentieth century philosophy russell s reply to criticisms supplemented by a 1971 addendum displays his unrivalled clarity perceptiveness and scalpel like wit on topics ranging from mathematical logic to political philosophy from epistemology to philosophy of history

The Analysis Of Mind By Bertrand Russell 2021-01-01 ryan politics princeton u concentrates on russell s activities as a polemicist agitator educator and popularizer tracing the evolution of his moral philosophy beginning with his fervid opposition to wwi annotation copyrighted by book news inc portland or

Russell Revisited 2009-03-26 appearance and reality the existence of matter the nature of matter idealism knowledge by acquaintance and knowledge by description on induction on our knowledge of general principles how a priori knowledge is possible the world of universals on our knowledge of universals on intuitive knowledge truth and falsehood knowledge error and probable opinion the limits of philosophical knowledge the value of philosophy bibliographical note

The Problems of Philosophy by Bertrand Russell 2020-03-15 an exploration of bertrand russell s writings during the interwar years a period when he advocated the scientific outlook to insure the survival of humanity in an age of potential self destruction

Science and Apocalypse in Bertrand Russell 2022-08 bertrand russell was an upper class english philosopher who was born on may 18th 1872 he came from a long line of left wing academics and after the death of his parents when he was only four years old he was raised by his grandmother she valued education enormously and dedicated herself to providing him with the best education possible this paid off when he was accepted to study math at the prestigious cambridge university in 1890 math sparked his interest in logic and philosophy and he published his first book on the subject in 1897 unlike the majority of philosophers russell achieved almost celebrity like

status he is also unique in that it is possible to trace the evolution of his own philosophical thought by following his career from beginning to end

The Quotable Bertrand Russell 1993 this is volume xxii of twenty two in a collection on 20th century philosophy originally published in 1979 this volume attempts to assess some of the achievements of bertrand russell in philosophy logic and mathematics ethics and politics

Bertrand Russell 1981 those who knew the famous philosopher bertrand russell at the turn of the century referred to him as the day of judgement this acclaimed selection of his early letters available in paperback for the first time reveals the full scope of russell s life and innermost thoughts up to the first world war it includes letters to his first wife alys pearsall smith reveals the background to his now famous work in philosophy and the foundations of mathematics and how his mind was stirred by socialism free trade and votes for women it also contains letters on his famous affair with ottoline morrell providing yet another insight into one of the great intellectual figures of the twentieth century

The Collected Stories of Bertrand Russell 1972 is the world of appearances the real world are there facts that exist independently of our minds are there vague objects russell on metaphysics brings together for the first time a comprehensive selection of russell s writing on metaphysics in one volume russell s major and lasting contribution to metaphysics has been hugely influential and his insights have led to the establishment of analytic philosophy as a dominant stream in philosophy stephen mumford chronicles the metaphysical nature of these insights through accessible introductions to the texts setting them in context and understanding their continued importance russell on metaphysics is both a valuable introduction to bertrand russell as a metaphysician and an introduction to analytic philosophy and its history

Bertrand Russell: History of philosophy, ethics, education, religion and politics 1998 al seckel has rescued many of bertrand russell s best essays on religion free thought and nationalism from their resting places in obscure pamphlets hard to find books and out of print periodicals to form a superb compilation

Dear Bertrand Russell ... 1970 five books in one this collection combines five of bertrand russell s most recognized works into one convenient volume included in this book the problems of philosophy the analysis of mind why men fight free thought and official propaganda political ideals in the problems of philosophy bertrand russell attempts to create a brief and accessible guide to the problems of philosophy he introduces philosophy as a repeating series of failed attempts to answer the same questions can we prove that there is an external world can we prove cause and effect can we validate any of our generalizations can we objectively justify morality he asserts that philosophy cannot answer any of these questions and that any value of philosophy must lie elsewhere than in offering proofs to these questions focusing on problems he believes will provoke positive and constructive discussion russell concentrates on knowledge rather than metaphysics if it is uncertain that external objects exist how can we then have knowledge of them but by probability there is no reason to doubt the existence of external objects simply because of sense data in the analysis of mind one of his most influential and exciting books russell presents an intriguing reconciliation of the materialism of psychology with the antimaterialism of physics bertrand russell unfolds his ideas on consciousness instinct and habit desire and feeling introspection perception sensations and images memory words and meaning belief and characteristics of mental phenomenon throughout he explores the mystery of the mind and proposes that there exists a fundamental material of which both mind and matter exist the stuff of which the world of our experience is composed is in my belief neither mind nor matter but something more primitive than either why men fight written in response to the devastation of world war i why men fight lays out bertrand russell s ideas on war pacifism reason impulse and personal liberty russell argues that when individuals live passionately they will have no desire for war or killing conversely excessive restraint or reason

causes us to live unnaturally and with hostility toward those who are unlike ourselves in this book russell talks about the reasons for wars he talks about institutions that shape the life of an individual such as schools state marriage churches etc and how they contribute to wars and he concludes how to change the state of affairs so that wars can be prevented free thought and official propaganda is a speech delivered in 1922 by bertrand russell on the importance of unrestricted freedom of expression in society and the problem of the state and political class interfering in this through control of education fines economic leverage and distortion of evidence political ideals was written during the upheaval of world war i it is in many ways a statement of russell s beliefs a declaration of the ideas that influenced his thinking on the major events of the 20th century in this sense it is essential reading for every student of this great philosopher bertrand arthur william russell was a british mathematician philosopher logician and public intellectual he had a considerable influence on mathematics logic set theory linguistics artificial intelligence cognitive science computer science and various areas of analytic philosophy especially philosophy of mathematics philosophy of language epistemology and metaphysics he was awarded the nobel prize in literature in 1950 in recognition of his varied and significant writings in which he champions humanitarian ideals and freedom of thought
