Shifting the Balance, Grades 3-5 *2023-10-10*

in this much anticipated follow up to their groundbreaking book shifting the balance 6 ways to bring the science of reading into the balanced literacy classroom authors jan burkins and kari yates together with co author katie cunningham extend the conversation in shifting the balance grades 3 5 6 ways to bring the science of reading into the upper elementary classroom this new text is built in mind specifically for grades 3 5 teachers around best practices for the intermediate classroom shifting the balance grades 3 5 introduces six more shifts across individual chapters that zoom in on a common but not as helpful as we had hoped practice to reconsider untangle a number of misunderstandings that have likely contributed to the use of the common practice propose a more science aligned shift to the current practice provide solid scientific research to support the revised practice offer a collection of high leverage easy to implement instructional routines to support the shift to more brain friendly instruction the authors offer a refreshing approach that is respectful accessible and practical grounded in an earnest commitment to building a bridge between research and classroom practice as with the first shifting the balance they aim to keep students at the forefront of reading instruction

Who's Doing the Work? *2023-10-10*

best selling authors dr jan burkins and kim yaris rethink traditional teaching practices who s doing the work how to say less so readers can do more they review some common instructional mainstays such as read aloud guided reading shared reading and independent reading and provide small yet powerful adjustments to help hold students accountable for their learning next generation reading instruction is much more responsive to student needs and aims to remove some of the scaffolding that can hinder reader development instead of relying on teacher prompts who s doing the work asks teachers to have students take ownership of their reading by managing their challenges independently and working through any plateaus they encounter whether you are an elementary teacher literacy coach reading specialist or parent who s doing the work provides numerous examples on how to readjust the reading process and teach students to gain proficiency and joy in their work

Story *2023-10-10*

stories are all around us from our digital newsfeeds interactions with one another to watching a movie or listening to a curated playlist we see and hear different tales told to us in various ways in her book story still the heart of literacy learning author and teacher katie egan cunningham reminds us that when we bridge reading strategies with the power of story we can deepen literacy learning and foster authentic engagement with students cunningham shows how to create classrooms of caring and inquisitive readers writers and storytellers inside you ll find how to build a diverse multicultural classroom library that reflects all voices through rich purposeful and varied texts numerous examples of multi genre and multi modal stories from children s and young adult literature a practical toolkit at the end of each chapter to demonstrate how to make stories come alive in any classroom throughout the book cunningham shares her experiences as a teacher literacy specialist and staff developer and how building and talking about stories brings them to life she honors the importance of teaching strategies to read different kinds of text to write across genres and to speak and listen with purpose while reminding us about the importance of story
