women and revolution deals with contemporary feminist political theory and practice it is a debate concerning the importance of patriarchy and sexism in industrialized societies are sexual differences and kin relations as critical to social outcome as economic relations what is the dynamic between class and sex is one or the other dominant how do they interact what are the implications for social change in the unhappy marriage of marxism and feminism hartmann argues that class and patriarchy are equally important and that neither a narrow feminism nor an economist marxism will suffice to help us understand or change modern society instead we need a theory that can integrate the two analyses

the russian revolution of 1917 transformed the face of the russian empire politically economically socially and culturally and also profoundly affected the course of world history for the rest of the twentieth century now to mark the centenary of this epochal event historian steve smith presents a panoramic account of the history of the russian empire from the last years of the nineteenth century through the first world war and the revolutions of 1917 and the establishment of the bolshevik regime to the end of the 1920s when stalin simultaneously unleashed violent collectivization of agriculture and crash industrialization upon russian society drawing on recent archivally based scholarship russia in revolution pays particular attention to the varying impact of the revolution on the various groups that made up society peasants workers non russian nationalities the army women and the family young people and the church 0in doing so it provides a fresh way into the big perennial questions about the revolution and its consequences why did the attempt by the tsarist government to implement political reform after the 1905 revolution fail why did the first world war bring about the collapse of the tsarist system why did the attempt to create a democratic system after the february revolution of 1917 not get off the ground why did the bolsheviks succeed in seizing and holding on to power why did they come out victorious from a punishing civil war why did the new economic policy they introduced in 1921 fail and why did stalin come out on top in the power struggle inside the bolshevik party after lenin s death in 1924 a final chapter then reflects on the larger significance of 1917 for the history of the twentieth century and for all its terrible flaws what the promise of the revolution might mean for us today

Revolution and the Social System

1964

a newly revised version of a classic in american history when the american revolution was first published in 1985 it was praised as the first synthesis of the revolutionary war to use the new social history edward countryman offered a balanced view of how the revolution was made by a variety of groups ordinary farmers as well as lawyers women as well as men blacks as well as whites who transformed the character of american life and culture in this newly revised edition countryman stresses the painful destruction of british identity and the construction of a new american one he expands his geographical scope of the revolution to include areas west of the alleghenies europe and africa and he draws fresh links between the politics and culture of the independence period and the creation of a new and dynamic capitalist economy this innovative interpretation of the american revolution creates an even richer more comprehensive portrait of a critical period in america s history

in history and revolution a group of respected historians confronts the conservative revisionist trends in historical enquiry that have been dominant in the last twenty years ranging from an exploration of the english french and russian revolutions and their treatment by revisionist historiography to the debates and themes arising from attempts to downplay revolution s role in history history and

revolution also engages with several prominent revisionist historians including orlando figes conrad russell and simon schama this important book shows the inability of revisionism to explain why millions are moved to act in defence of political causes and why specific political currents emerge and is a significant reassertion of the concept of revolution in human development
