American Government: Supreme Court 2016-01-27

first published in 1990 laws men and machines is an original interpretation
of the lasting influence that newtonian mechanics has had on the design and
operation of the american political system the author argues that it is this
mechanistic tradition that now instinctively shapes the way we conceive of
analyse and evaluate american politics and that the newtonian conception of
the world still finds expression in the checks and balances of the american

system

American Government 2001-11

a conservative s treatise on american government brings with the meaning of the constitution s core which holds the keys to successful republican governance the book then describes their distortion by the federal government s three branches followed by one modern conservative s view of the corrections needed to return our government to working for is instead of on us finally the book is a clarion call for all americans to confirm the realignment elections of 2010 in 2012 and beyond the author finishes with this challenge from leonidas to one who demand he lay down the implements of greek freedom come and take them
