interest to rotarians seventeen nobel prize winners and 19 pulitzer prize winners from mahatma ghandi to kurt vonnegut jr have written for the magazine

The Rotarian 1986-02 explores the intersections between writing and ecological studies

English Elements 2002 picnics are happy occasions and have always been a diversion from every day cares we think of the picnic as an outdoor meal set on a blanket usually in the middle of the day featuring a hamper filled with tasty morsels and perhaps a bottle of wine but historically picnics came in many forms served any time of the day this first culinary history reveals rustic outdoor dining in its more familiar and unusual forms the history of the word itself the cultural context of picnics and who arranged them and most important the gastronomic appeal drawing on various media and literature painting music and even sculpture walter levy provides an engaging and enlightening history of the picnic

Ecocomposition 2012-02-01 this groundbreaking parenting guide offers a practical five step process for teaching children to understand and regulate their emotions every parent knows the importance of equipping children with the intellectual skills they need to succeed in school and life but children also need to master their emotions raising an emotionally intelligent child is a guide to teaching children of all ages to understand and regulate their emotional world as acclaimed psychologist john gottman shows emotionally intelligent children will enjoy increased self confidence greater physical health better performance in school and healthier social relationships raising an emotionally intelligent child will equip parents with a five step emotion coaching process that teaches how to be aware of a child s emotions recognize emotional expression as an opportunity for intimacy and teaching listen empathetically and validate a child s feelings label emotions in words a child can understand help a child come up with an appropriate way to solve a problem or deal with an upsetting issue or situation

The Picnic 2013-11-26 stereotypically science and emotion are diametric opposites one is cold and unfeeling the other soft and nebulous one is based on proven facts while the other is based on inexplicable feelings and never the twain shall meet until now john gottman delves into the unquantifiable realm of love armed with science and logic and emerges with a

knowledge that relationships can be not only understood but also predicted as well based on research done at his love lab and other laboratories gottman has discovered that the future of love relationships can be predicted with a startling 91 success rate these predictions can help couples to prevent disasters in their relationships recognize the signs of a promising relationship and perhaps more importantly recognize the signs of a doomed one principia amoris also introduces love equations a mathematical modeling of relationships that helps understand predictions love equations are powerful tools that can prevent relationship distress and heal ailing relationships readers learn about the various research and studies that were done to discover the science behind love and are treated to a history of the people ideas and events that shaped our current understanding they also learn about the four horsemen of the apocalypse 45 natural principles of love 5 couple types 5 recipes for good relationships and much more just as science helped us to understand the physical world it is helping us to understand the emotional world as well using the insights in this book mental health professionals can meaningfully help their distressed clients as well as better understand why a relationship is failing or succeeding appropriate for the curious non mental health professional as well principia amoris is a must have on any bookshelf

Raising an Emotionally Intelligent Child 2011-09-20 an eminent therapist explains what makes couples compatible and how to sustain a happy marriage for the past thirty five years john gottman s research has been internationally recognized for its unprecedented ability to precisely measure interactive processes in couples and to predict the long term success or failure of relationships in this groundbreaking book he presents a new approach to understanding and changing couples a fundamental social skill called emotional attunement which describes a couple s ability to fully process and move on from negative emotional events ultimately creating a stronger relationship gottman draws from this longitudinal research and theory to show how emotional attunement can downregulate negative affect help couples focus on positive traits and memories and even help prevent domestic violence he offers a detailed intervention manual to cultivate attunement thereby helping couples literature

respect and show affection emotional attunement is extended to tackle the subjects of flooding the story we tell ourselves about our relationship conflict personality changing relationships and gender gottman also explains how to create emotional attunement when it is missing to lay a foundation that will carry the relationship through difficult times gottman encourages couples to cultivate attunement through awareness tolerance understanding non defensive listening and empathy these qualities he argues inspire confidence in couples and the sense that despite the inevitable struggles the relationship is enduring and resilient this book an essential follow up to his 1999 the marriage clinic offers therapists students and researchers detailed intervention for working with couples and offers couples a roadmap to a stronger future together

Principia Amoris 2014-10-10 a comprehensive history of the development of artificial hearts in the united states artificial hearts are seductive devices their promissory nature as a cure for heart failure aligned neatly with the twentieth century american medical community s view of the body as an entity of replacement parts in artificial hearts shelley mckellar traces the controversial history of this imperfect technology beginning in the 1950s and leading up to the present day mckellar profiles generations of researchers and devices as she traces the heart s development and clinical use she situates the events of dr michael debakey and dr denton cooley s professional fall out after the first artificial heart implant case in 1969 as well as the 1982 83 jarvik 7 heart implant case of barney clark within a larger historical trajectory she explores how some individuals like former us vice president dick cheney affected the public profile of this technology by choosing to be implanted with artificial hearts finally she explains the varied physical experiences both negative and positive of numerous artificial heart recipients mckellar argues that desirability rather than the feasibility or practicality of artificial hearts drove the invention of the device technical challenges and unsettling clinical experiences produced an ambivalence toward its continued development by many researchers clinicians politicians bioethicists and the public but the potential and promise of the artificial heart of prentice hall ambivalence influencing how success was characterized and gold

whom packed with larger than life characters from dedicated and ardent scientists to feuding texas surgeons and brave patients this book is a fascinating case study that speaks to questions of expectations limitations and uncertainty in a high technology medical world

The Science of Trust: Emotional Attunement for Couples

2011-05-09 one young food writer s search for america s lost wild foods from new orleans croakers to illinois prairie hen with mark twain as his guide in the winter of 1879 mark twain paused during a tour of europe to compose a fantasy menu of the american dishes he missed the most he was desperately sick of european hotel cooking and his menu made up of some eighty regional specialties was a true love letter to american food lake trout from tahoe hot biscuits southern style canvasback duck from baltimore black bass from the mississippi when food writer andrew beahrs first read twain s menu in the classic work a tramp abroad he noticed the dishes were regional in the truest sense of the word drawn fresh from grasslands woods and waters in a time before railroads had dissolved the culinary lines between hannibal missouri and san francisco these dishes were all local all wild and all beahrs feared had been lost in the shift to industrialized food in twain s feast beahrs sets out to discover whether eight of these forgotten regional specialties can still be found on american tables tracing twain s footsteps as he goes twain s menu it turns out was also a memoir and a map the dishes he yearned for were all connected to cherished moments in his life from the new orleans croakers he loved as a young man on the mississippi to the maple syrup he savored in connecticut with his family during his final lonely years tracking twain s foods leads beahrs from the dwindling prairie of rural illinois to a six hundred pound coon supper in arkansas to the biggest native oyster reef in san francisco bay he finds pockets of the country where twain s favorite foods still exist or where intrepid farmers fishermen and conservationists are trying to bring them back in twain s feast he reminds us what we ve lost as these wild foods have disappeared from our tables and what we stand to gain from their return weaving together passages from twain s famous works and beahrs s own adventures twain s feast takes us on a journey into america s past to a time when foods taken fresh from grasslands and woods

and waters were at the heart of american cooking

Artificial Hearts 2018-01-01 provides an overview chronology of events glossary and annotated bibliography on biotechnology and genetic engineering

Twain's Feast 2010-06-24 an extraordinarily powerful journey that is both political and personal an important book for everyone in america to read walter isaacson 1 new york times bestselling author of leonardo da vinci and steve jobs the new orleans mayor who removed the confederate statues confronts the racism that shapes us and argues for white america to reckon with its past a passionate personal urgent book from the man who sparked a national debate there is a difference between remembrance of history and reverence for it when mitch landrieu addressed the people of new orleans in may 2017 about his decision to take down four confederate monuments including the statue of robert e lee he struck a nerve nationally and his speech has now been heard or seen by millions across the country in his first book mayor landrieu discusses his personal journey on race as well as the path he took to making the decision to remove the monuments tackles the broader history of slavery race and institutional inequities that still bedevil america and traces his personal relationship to this history his father as state legislator and mayor was a huge force in the integration of new orleans in the 1960s and 1970s landrieu grew up with a progressive education in one of the nation's most racially divided cities but even he had to relearn southern history as it really happened equal parts unblinking memoir history and prescription for finally confronting america's most painful legacy in the shadow of statues will contribute strongly to the national conversation about race in the age of donald trump at a time when racism is resurgent with seemingly tacit approval from the highest levels of government and when too many americans have a misplaced nostalgia for a time and place that never existed

Biotechnology and Genetic Engineering 2008 eighty pieces of prose and poetry in sons on fathers portray lewis thomas making the rounds with his doctor father at the age of five jimmy carter as a pickup boy fetching the birds his dad shot while hunting frederick exley playing a grueling game of basketball against his father in high school nicholas... confronting his father's unexpected reaction after literature gold

a car paul hemphill realizing that his truck driving dad was no king of the road lawrence wright reconciling with his father after the birth of his own son bob greene seeing his father in a new light at his retirement dinner bill moyers gaining insight into his seventy year old father as they tour their native oklahoma and pat jordan trying one last time to beat his septuagenarian father at pool sons on fathers also includes john cheever s story about a son meeting the father he hasn t seen for several years robert bly s poignant poem my father at eighty five and larry king s classic essay the old man

In the Shadow of Statues 2018-03-20 racial minorities in the united states are disproportionately exposed to toxic wastes and other environmental hazards and cleanup efforts in their communities are slower and less thorough than efforts elsewhere internationally wealthy countries of the north increasingly ship hazardous wastes to poorer countries of the south resulting in such tragedies as the disaster at bhopal through case studies that highlight the type of information that is seldom reported in the news faces of environmental racism exposes the type and magnitude of environmental racism both domestic and international the essays explore the justice of current environmental practices asking such questions as whether cost benefit analysis is an appropriate analytic technique and whether there are alternate routes to sustainable development in the south the second edition of this unique volume further explores the ongoing problem of environmental racism with a new introduction and preface and new chapters by such experts as charles w mills robert melchior figueroa and segun gbadegesin the second edition of faces of environmental racism carries on the work of the first

Reports of the Heads of Departments to the Governor of Pennsylvania, in Pursuance of the Law for the Fiscal Year Ending ... 1869 includes a selection of higinson s wartime letters this volume offers a picture of the radical interracial solidarity brought about by the transformative experience of the army camp and of american civil war life *Report of the Adjutant General of Pennsylvania* 1869 this collection of scholarly articles takes as its subject matter discourses on environmental justice the concept emerged in recent decades as an important framing concept literature gold level teachers edition

variety of environmental movements and objectives and has gained considerable currency due to the scope and normative force that its principles contain whether in legal political or philosophical applications this collection is an invaluable resource for researchers and scholars in this field given that the multiple theories and analyses of environmental justice are likely to remain central to the ongoing development of normative theorizing about the human role in the environment in the foreseeable future

Sons on Fathers 1992 contemporary moral issues is an anthology that provides a selection of readings on contemporary social issues revolving around three general themes matters of life and death matters of equality and diversity and expanding the circle which includes duties beyond borders living together with animals and environmental ethics the text contains a number of distinctive high profile readings and powerful narratives including jonathan foer s eating animals eva feder kittay s on the ethics of selective abortion for disability and susan m wolf s confronting assisted suicide and euthanasia my father s death each set of readings is accompanied by an extensive introduction a bibliographical essay pre reading questions and discussion questions

Faces of Environmental Racism 2001 earthcare readings and cases in environmental ethics presents a diverse collection of writings from a variety of authors on environmental ethics environmental science and the environmental movement overall exploring a broad range of world views religions and philosophies david w clowney and patricia mosto bring together insightful thoughts on the ethical issues arising in various areas of environmental concern

The Complete Civil War Journal and Selected Letters of Thomas Wentworth Higginson 2000 includes maps of the u s congressional districts

Environmental Justice 2017-03-02 the impossible community confronts a critical moment when social and ecological catastrophe loom the left seems unable to articulate a response and the right is monopolizing public debates this book offers a reformulation of anarchist social and political theory to develop a communitarian anarchist solution it argues that a free and just social order requires prentice hall transformation of the modes of domination exercised through

social ideology and institutional structures communitarian anarchism unites a universalist concern for social and ecological justice while recognizing the integrity and individuality of the person in fact anarchist principles of mutual aid and voluntary cooperation can already be seen in various contexts from the rebuilding of new orleans after katrina to social movements in india this work offers both a theoretical framework and concrete case studies to show how contemporary anarchist practice continues a long tradition of successfully synthezizing personal and communal liberation this significant contribution will appeal not only to students in anarchism and political theory but also to activists and anyone interested in making the world a better place

Contemporary Moral Issues 2016-07-01 john bacher uncovers frightening facts about the world s oil industry and explores the potential for global conflict

Earthcare 2009 a dual history of the colt family and their summer house on cape cod recounts the house s construction one hundred years earlier including five generations of family events and the family s last month in the house

Official Congressional Directory 1991 club george is a witty tale about one man s adventures with george a particularly charismatic red winged blackbird wryly humorous and brimming with affection for birds in general and george in particular this book combines solid natural science with stylish prose and endearing photographs the cast of characters includes creatures of all kinds both human and not and supporting roles are played by pale male and lola the famous red tailed hawks whose nest was unceremoniously removed from their fancy fifth avenue building to a worldwide furor of protest both useful and entertaining club george covers everything from how to buy binoculars to fascinating trivia about new york s most famous park this amusing gem will be welcomed by book buying bird watchers central park enthusiasts and armchair nature lovers everywhere

The Impossible Community 2013-06-06 leading specialists on cajun french and louisiana creole examine dialectology and sociolinguistics in this volume the first comprehensive treatment of the linguistic situation of francophone louisiana and its relation to the current development of french in north america outside of quebec topics discussed

include language shift and code mixing speaker attitudes the role of schools and media in the maintenance of these languages and such language planning initiatives as the codofil program to revive the sue of french in louisiana list Petrotyranny 2000-09 in this collection of essays john thorne sets out to explore the origins of his identity as a cook going here the maine coast where he d summered as a child and returned as an adult for a decade s sojourn there southern louisiana where he was captivated by creole and cajun cooking and everywhere where he provides a sympathetic reading of such national culinary icons as the hamburger white bread and american cheese and sits down to a big bowl of texas red these intelligent searching essays are a passionate meditation on food character and place

Legislative Documents, Comprising the Department and Other Reports Made to the Senate and House of Representatives of Pennsylvania During the Session of ... 1869 modern is a word much used but hard to pin down in inventing modern john h lienhard uses that word to capture the furious rush of newness in the first half of 20th century america an unexpected world emerges from under the more familiar modern beyond the airplanes radios art deco skyscrapers fritz lang s metropolis buck rogers the culture of the open road burma shave kerouac and white castles lie driving forces that set this account of modern apart one force says lienhard was a new concept of boyhood the risk taking hands on savage inventor driven by an admiration of recklessness america developed its technological empire with stunning speed bringing the airplane to fruition in so short a time for example were people such as katherine stinson lincoln beachey amelia earhart and charles lindbergh the rediscovery of mystery powerfully drove modern as well x rays quantum mechanics and relativity theory had followed electricity and radium here we read how with reality seemingly altered hope seemed limitless lienhard blends these forces with his childhood in the brave new world the result is perceptive engaging and filled with surprise whether he talks about alexander calder an engineer whose sculptures were exercises in materials science or that wacky paean to flight flying down to rio unexpected detail emerges from every tile of this large mosaic inventing modern is a personal book that prentice hall displays rather than defines an age that ended literature gold

us were born it is an engineer's homage to a time before the bomb and our terrible loss of confidence a time that might yet rise again out of its own postmodern ashes

The Big House 2004 shrimp is easily america's favorite seafood but its very popularity is the wellspring of problems that threaten the shrimp industry's existence asian cajun fusion shrimp from the bay to the bayou provides insightful analysis of this paradox and a detailed thorough history of the industry in louisiana dried shrimp technology was part of the cultural heritage pearl river chinese immigrants introduced into the americas in the mid nineteenth century as early as 1870 chinese natives built shrimp drying operations in louisiana's wetlands and exported the product to asia through the port of san francisco this trade internationalized the shrimp industry about three years before louisiana's chinese community began their export endeavors manufactured ice became available in new orleans and the dunbar family introduced patented canning technology the convergence of these ancient and modern technologies shaped the evolution of the northern gulf coast's shrimp industry to the present coastal louisiana's historic connection to the pacific rim endures not only does the region continue to export dried shrimp to asian markets domestically and internationally but since 2000 the region's large vietnamese immigrant population has increasingly dominated louisiana's fresh shrimp harvest louisiana shrimp constitute the american gold standard of raw seafood excellence yet in the second decade of the twenty first century cheap imports are forcing the nation's domestic shrimp industry to rediscover its economic roots fresh off the boat signs and real time internet connections with active trawlers are reestablishing the industry's ties to local consumers direct marketing has opened the industry to middle class customers who meet the boats at the docks this right off the boat paradigm appears to be leading the way to reestablishment of sustainable aquatic resources all one can eat shrimp buffets are not going to disappear but the louisiana shrimp industry's fate will ultimately be determined by discerning consumers palates

The United States Institute of Peace Journal 1992-10 cannibal tours and glass boxes poses a number of probing questions about the role and responsibility of museums and territories

in the contemporary world in it michael ames an internationally renowned museum director challenges popular concepts and criticisms of museums and presents an alternate perspective which reflects his experiences from many years of museum work based on the author s previous book museums the public and anthropology the new edition includes seven new essays which argue as in the previous volume that museums and anthropologists must contextualize and critique themselves they must analyse and critique the social political and economic systems within which they work in the new essays ames looks at the role of consumerism and the market economy in the production of such phenomena as worlds fairs and mcdonald s hamburger chains referring to them as museums of everyday life and indicating the way in which they like museums transform ideology into commonsense thus reinforcing and perpetuating hegemonic control over how people think about and represent themselves he also discusses the moral political ramifications of conflicting attitudes towards aboriginal art is it art or artifact censorship is it liberating or repressive and museum exhibits are they informative or disinformative the earlier essays outline the development of museums in the western world the problems faced by anthropologists in attempting to deal with the often conflicting demands of professional as opposed to public interests the tendency to both fabricate and stereotype and the need to establish a reciprocal rather than exploitative relationship between museums anthropologists and aboriginal people written during the course of the last decade these essays offer an accessible often anecdotal journey through one professional anthropologist s concerns about and hopes for his discipline and its future
