Protection and Promotion of Freedom of Religions and Beliefs in the European Context

2023-09-30

this book offers an in depth analysis of a fundamental human freedom and a cornerstone of democracy the freedom of religions or beliefs for the book focuses on the legal protection and promotion of for in europe because in this context exercising this right goes beyond a mere internal positioning in terms of legislation rather it is influenced by international and supranational case law as well as the promotional activities of selected non state subjects of international law the content is divided into three sections part i on the european convention of human rights part ii on the eu and part iii on other international actors the first two parts examine for in its systematic aspects and day to day aspects in contrast the third part highlights the promotional activities carried out by the holy see the ilo the council of europe beyond the strasbourg court and the osce to promote recommend or otherwise support it overall the volume highlights how the exercise of for can be ensured via international and supranational legal protection both normative and judicial and via promotional activities aimed at encouraging and helping states guarantee tolerance and pluralism in their national legislation the 16 main chapters offer a broad overview of the topic under investigation each contribution can be seen as a stand alone study and simultaneously as a link in a chain of legal analysis that connects multiple for focused questions the book offers a valuable tool for all readers with an academic or professional interest in for and those who have to address the issue of how to protect this freedom it is intended not only for academics who work in the field of law but also for legal practitioners judges lawyers diplomats human rights advocates members of religious and spiritual communities policymakers and students

Secularism(s) in Contemporary France

2023-01-01

the increasing visibility of islam in france and the vehemence of debates about it have often contributed to narrow public perceptions of secularism to a simplistic antireligious crusade a misleading image disseminated by the media and politicians alike taking the opposite stand this book embarks on a comprehensive effort to document the multiple areas in which french secularism plays out in debates over cults places of worship chaplaincy services in public institutions the recognition of associations of worship and more outlining and analyzing the legal paths favored by the state in the regulation of religious diversity while islam has undoubtedly contributed to the reshaping of french secularism in the last decades the book moves beyond what has come to be known as the muslim question to look at the multiplicity of challenges contemporary religious beliefs practices and organizations now pose to the state david koussens examines the main political and legal configurations of french secularism over the last thirty years through a sociological and juridical lens in order to better document its diversity such a portrait emphasizes that french secularism is not a univocal phenomenon but one that appears in many guises

Introduction to Employment Law

2018-11-19

the fourth edition of unfair dismissal law has been written for those who want to locate and read a summary of one or more of the many topics within this particular area of employment law together with a summary of the relevant line of case authorities and the relevant legislation this book has been written for professional employment law advisers as well as lay people for the former this book can serve as an aide memoire or reference book whereas for the latter it can be an indispensable and invaluable source of practical information that can be used to identify and clarify a particular employment law problem and if need be to pursue a claim in an employment tribunal by citing the relevant case authorities and law

CASP CompTIA Advanced Security Practitioner Study Guide

2014-10-27

this book examines privacy in public space from both legal and regulatory perspectives with on going technological innovations such as mobile cameras wifi tracking drones and augmented reality aspects of citizens lives are increasingly vulnerable to intrusion the contributions describe contemporary challenges to achieving privacy and anonymity in physical public space at a time when legal protection remains limited compared to private space to address this problem the book clearly shows why privacy in public space needs defending different ways of conceptualizing and shaping such protection are explored for example through privacy bubbles obfuscation and surveillance transparency as well as revising the assumptions underlying current privacy laws

CASP+ CompTIA Advanced Security Practitioner Study Guide

2019-01-23

the very existence of an employment relationship places the human rights of a worker at risk employers can and frequently do exercise their managerial and disciplinary powers in a manner that interferes with the most fundamental rights of the individual worker adequate safeguards against such infringements are necessary if individuals are to receive full protection of their rights this book examines how far the labour laws of england and wales offer such guarantees with a particular focus on dismissal law the chapters reflect on the relationship between employment labour and human rights before conducting a detailed and critical analysis of the scope shape and application of domestic employment law the framework for evaluation is drawn from the case law of the european court of human rights as it develops a principled and tailored approach to how the rights contained in the european convention on human right should be enforced in working relationships statutory mechanisms such as the law of unfair dismissal and common law causes of action are examined and found to be lacking in their capacity to vindicate and enforce the human rights of workers this book culminates in the proposal and elaboration upon an innovative solution the bill of rights for workers that would draw on the successes of human rights and labour law instruments to render the convention rights directly enforceable in the relationship between a worker and their employer
