something is very rotten in the state of tasmania brad finch the marquee player of the tassie devils football club is the victim at the heart of a new murder mystery intense media scrutiny interfering superior officers and corrupt business interests all threaten to derail the homicide investigation conducted by the serious crimes squad forensic analysis dogged detective work and inspiration may prove insufficient in the search for the true perpetrators the team must face unpalatable truths about the nature of professional sport and the exercise of power in modern australian society detective inspector john mahoney the hero of this international crime series of police procedurals is an outsider in his hometown of hobart disillusioned by his private life and shocked by the corruption he unearths he queries his capacity to continue in the job he must decide if he has the courage to speak truth to power

NCERT Solutions - Biology for Class 12th 2017-05-15

saracens and franks in 12th 15th century european and near eastern literature examines the tension between two competing discourses in the medieval muslim mediterranean and medieval christian europe one rooted in the desire to understand the world and one s place in it and another promoting an ethnocentric narrative to this end it examines the construction of an image of the other for muslims in the eastern mediterranean and for christians in western europe in works of literature particularly in the works produced in the centuries preceding the crusades and it explores the ways in which both muslim and christian writers depicted the enemy in historical accounts of the crusades the author focuses on medieval works of ethnography and geography travel literature muslim and christian accounts of the crusades and the romances of western europe to trace the evolution of the image of the eastern mediterranean muslim in medieval western europe and the western european christian in the medieval muslim world first to understand the construct in the respective scholarly communities and then to analyze the ways in which this conception informs subsequent works of non fiction and fiction in the western european context in which this muslim or christian other plays a prominent role in its analysis of the medieval mediterranean muslim and european christian approaches to difference this book interrogates the premises underlying the concept of the other challenging formulations of binary opposition such as the west versus islam muslims

Topics in Latin Philosophy from the 12th-14th centuries 2014-08-15

this volume is based on the ongoing studies on post avicennian philosophy in the context of naturalising philosophy and science in islam from the 12th to the 14th century a topic that deserves the special attention of historians of islamic intellectual history the contributors address the following questions using case studies what was philosophy all about from the 12th to the 14th century and how did muslim scholars react to it during the period under consideration the present volume

approaches complex philosophical topics from different angles and is structured around six main sections 1 historical and social approaches to philosophy 2 knowing the unknown 3 god man and the physical world 4 universals 5 logic and intellect and 6 anthropomorphism and incorporealism

the liturgical chant that was sung in the churches of southern italy between the ninth and the thirteenth centuries reflects the multiculturalism of a territory in which roman franks lombards byzantines normans jews and muslims were present at various titles and with different political roles this book examines a specific genre the prosulas that were composed to embellish and expand pre existing liturgical chants of the liturgy of mass widespread in medieval europe prosulas were highly cultivated in southern italy especially by the nuns monks and clerics the city of benevento they shed light on the creativity of local cantors to provide new meanings to the liturgy in accordance with contemporary waves of religious spirituality and to experiment with a novel musical style in which a syllabic setting is paired with the free flowing melody of the parent chant in their representing an

epistemological beyond and because of their interconnectedness with the parent chant they can be likened to modern hypertexts the emphasis on universal saints of ancient lineage stressed the perceived links with the cradles of christianity africa and the levant and the centre of the papal power rome while the high number of christological prosulas in manuscripts used in nunneries might be tied to the devotion to jesus as spiritual spouse that was typical of female religiosity full edition of texts melodies and manuscript facsimiles in the companion website enrich the study of the stylistic features and the cultural components of this fascinating genre

Journal of the Common Council from January 12th, 1875, to January 11th, 1876. City of Detroit 1863

the way people see the past tells us much about their present interests and about their sense of identity this book examines both what men of the day knew about their past and in particular about the roman empire and shows how such knowledge was used to authenticate claims and attitudes these original essays by distinguished scholars are wide ranging both geographically from russia to iberia and in scope dealing with legal ecclesiastical noble and scholarly attitudes

Proceedings of the Grand Chapter of Royal Arch Masons, of the State of Wisconsin 2019

in china as internet of things and cloud computing have been widely used in various areas the concept of intelligent city quickly became one of the most exciting topics in urban development various institutes and organizations e g national technology department chinese academy of social sciences chinese academy of sciences proposed their ideas on how to build intelligent cities in china intelligent city has tremendous benefits to modern china first of all china needs to construct its own intelligent cities in order to realize the economic transformation from extensive to intensive from low end to high end and from follower to leader the industry upgrade as well as transformation in city development secondly intelligent city is also an important new approach to boost china s economy since the traditional economic forms such as real estate automobiles and import and export are currently in a downtrend most importantly utilizing the high tech methods can help us build low carbon cities according to estimates by building intelligent cities we are able to increase the efficiency of energy saving and emission reduction by 30 40 in order to facilitate the healthy development of intelligent cities in china build the competitive advantage of chinese cities in the world and respond to the high demand for information on intelligent city from readers this book discusses in detail the status current problems perspectives and methods in the development of intelligent city in china

Exploring Strategy, Text and Cases, 12th Edition 2016-03-03

published in 1998 these essays focus on rome and the curia in the 11th and 12th centuries several relate to cardinal deusdedit and his canonical collection 1087 and to the pontificate of paschal ii 1099 1118 both personalities and their ideas are presented within the larger setting of contemporary problems highlighting divergent currents among ecclesiastical reformers at a time of the investiture controversies a third common theme is formed by discussions of the organization and archival practices of the curia which were of fundamental importance for the growth and codification of canon law not to mention papal control of the church
