## **Labor Guide to Labor Law 2014-08-12**

labor guide to labor law is a comprehensive survey of labor law in the private sector written from the labor perspective for labor relations students and for unions and their members this thoroughly revised and updated fifth edition covers new statutes current issues and the latest developments in labor and employment law the text emphasizes issues of greatest importance to unions and employees where the law permits a union to make certain tactical choices those choices are pointed out material is included on internal union matters that tend to be ignored in management texts bruce s feldacker and michael j hayes cover applicable labor law principles from a union s initial organizing campaign to the mature bargaining relationship including such subjects as the employee right to engage in protected concerted activity the duty to bargain labor arbitration the use of strikes picketing and other economic weapons in resolving a labor dispute the duty of fair representation internal union regulation and employment discrimination this book is also a useful reference and review for full time union officers and representatives who have a working knowledge of labor law but wish to brush up on certain points as needed in their work both authors have extensive experience in the construction field and they have been careful to include material on those aspects of labor law that are unique to that field labor guide to labor law is structured to present an unbiased and comprehensive explanation of labor law principles for anyone interested in the field thus labor relations educators as well as practitioners in the field representing labor management or individual employees should also find the text suitable for their use each chapter includes a summary review questions and answers a restatement of basic legal principles with citations to key cases and a bibliography for additional research

## **Information, Please 1975**

an essential resource for workers navigating their retirement and pension options from the labor organizer s perspective researching retirement plans should not take the rest of your life even if deciphering the relevant paperwork seems to have become a full time job deliberately elaborate legalese is obscuring the efforts of financial elites to seize control of workers collective retirement savings and the labor guide to retirement plans is here to translate neoliberal retirement reforms have escalated elites efforts to replace guaranteed workplace retirement plans with weak 401 k like savings accounts and risky stock market investment schemes the result is arguably the largest source of labor value expropriation over the last four decades in light of all this what do workers need to know as they assess their future prospects especially in terms of the security their retirement plans may or may not bring what should union activists keep in mind as they push for the national and workplace reforms needed to produce greater retirement security this nuts and bolts book provides a much needed demystification of the retirement system even more than that the labor guide to retirement plans enables us to take charge of our own personal futures as a first step towards taking back what belongs to us all

## **Labor Guide to Labor Law 2000-01**
