turbulent or exciting now in this smart savvy up to the minute guide the top editors of the wall street journal tell you exactly what s happening on the floor behind the scenes giving you the inside in depth story on the most powerful firms and creative minds on wall street this incisive resource examines the corporate structure strategies assets profits and losses of the biggest and most diversified of wall street companies as well as the key retail firms trading houses investment banks and giant commercial banks presented here also is a thorough examination of the venues in which wall street does much of its business the new york stock exchange and the national association of securities dealers and the agencies that regulate that business such as the sec and the federal reserve through the impeccable research and financial acumen that only the wall street journal can deliver you ll discover the fascinating stories behind wall street s headline making power brokers and companies and gain a better understanding of the individuals trends and laws that control wall street today inside you ll find complete inside accounts of how merrill lynch turned itself around by penetrating banking and nonbrokerage businesses which firm elite mega investment bank morgan stanley dean witter has its eyes on now why smith barney inc s plan to challenge merrill lynch failed and what they re doing to recover the five big retail investment firms merrill lynch smith barney dean witter paine webber and prudential and how they came to dominate the markets thehigh pressure trading cultures within salomon bear stearns and lehman brothers the epoch making deals and career breaking stumbles carried out by investment banks like morgan stanley goldman sachs and first boston how j p morgan and bankers trust have transformed themselves into financial powerhouses while other banks have fallen by the wayside and much more filled with privileged accounts and illuminating personality profiles of major wall street players this book is the definitive guide for anyone who works on the street invests or simply wants to know about the state of the financial world today and its prospects for tomorrow dr gann gives a thorough explanation of investment rules in this book for new and seasoned investors alike read this over and over until they become clear and fluid practices in your everyday portfolio management this is the only ebook you will find that includes all the original charts and tables capital ideas traces the origins of modern wall street from the pioneering work of early scholars and the development of new theories in risk valuation and investment returns to the actual implementation of these theories in the real world of investment management bernstein brings to life a variety of brilliant academics who have contributed to modern investment theory over the years louis bachelier harry markowitz william sharpe fischer black myron scholes robert merton franco modigliani and merton miller filled with in depth insights and timeless advice capital ideas reveals how the unique contributions of these talented individuals profoundly changed the practice of investment management as we know it today jonathan a knee had a ringside seat during the go go boom and bust decade and into the 21st century at the two most prestigious investment banks on wall street goldman sachs and morgan stanley in this candid and irreverent insider s account of an industry in free fall knee captures an exhilarating era of fabulous deal making in a free wheeling internet economy and the catastrophe that followed when the bubble burst populated with power players back stabbers celebrity bankers and godzillionaires here is a vivid account of the dramatic upheaval that took place in investment banking indeed knee entered an industry that was typified by the motto first class business in a first class way and saw it transformed in a decade to a free for all typified by the acronym ibg ybg i ll be gone you ll be gone increasingly mercenary bankers signed off on weak deals knowing they would leave them in the rear view mirror once investment bankers prospered largely on their success in serving the client preserving the firm and protecting the public interest now in the financial supermarket era bankers felt not only that each day might be their last but that their worth was tied exclusively to how much revenue they generated for the firm on that day regardless of the source today most young executives feel no loyalty to their firms and among their clients knee finds an unprecedented but understandable level of cynicism and distrust of investment banks brimming with insight into what investment bankers actually do and told with biting humor and unflinching honesty the accidental investment banker offers a fascinating glimpse behind the scenes of the most powerful companies on wall street this work has been selected by

scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant publisher description in take on the street arthur levitt chairman of the securities and exchange commission for eight years under president clinton provides the best kind of insider information the kind that can help honest small investors protect themselves from the deliberately confusing ways of wall street at a time when investor confidence in wall street and corporate america is at an historic low when many are seriously questioning whether or not they should continue to invest levitt offers the benefits of his own experience both on wall street and as its chief regulator his straight talk about the ways of stockbrokers they are salesmen plain and simple corporate financial statements the truth is often hidden mutual fund managers remember who they really work for and other aspects of the business will help to arm everyone with the tools they need to protect and enhance their financial future published before 1900 this appealing little book offers the facts about the game on wall street with the hopes that some novice investors may catch a hint or two along the way appealing because of its simple and unadorned language as well as offering scores of examples of what the world of wall street was like back in the day the game in wall street provides timeless investment information in an engaging and accessible way with insightful analysis from inside the world of finance the game in wall street and how to play it successfully should be in every investor s library why aren t you using ltm ebitda for credit metrics asked the managing director who sat across from me his widow s peak clearly visible as he inspected the sheet in front of him his spacious office looked out onto new york harbor bust said the vice president who was a slightly younger douchier version of widow s peak he slashed his red ballpoint pen across the sheet and flipped to the next page walk me through the debt paydown and your interest rate assumptions continued the vp pretty dovish view maybe the fed knows what they re doing after all said widow s peak he shot a glance at the vp they shared a chuckle at what i couldn t tell you this question about interest rates i knew dovish i thought doves fly south for the winter so dovish is downwards low interest rates we re running short on time said widow s peak he flipped to the cover page of my presentation one final point all pitch decks should have the same title since this presentation was geared towards an lbo analysis i was thinking no thinking all decks same title discussion materials noted discussion materials gives the reader an honest look at wall street from someone in the trenches after graduating from columbia business school bill keenan joined deutsche bank s investment banking division as an associate where despotic superiors and the blinking red light of his blackberry instilled low level terror on an hourly basis you ll join him in his cubicle on the 44th floor of 60 wall street as he scrambles to ensure floating bar charts are the correct shade of orange and all numbers are left aligned but whatever you do don t ask him what any of it means leaning heavily on his fellow junior bankers and the countless outsourcing resources the bank employs he slowly develops proficiency at the job eventually gaining traction and respect one deal at a time over a two year span ultimately cementing his legacy in the group by attaining the unattainable placing a dinner order on seamless one sunday night at work from hwa yuan szechuan amounting to 25 00 tax and tip included the bank s maximum allowance for meals the perfect order unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be

made available for future generations to enjoy no more ill fitting lab coats or smelly latex gloves i would be a banking babe don a sexy business suit and shiny pearls attend cocktail receptions and fancy dinners enamoured by the glamorous lives of the investment banking hopefuls in wellesley college massachusetts pre med student riya jain decides to become an investment banker her sole ambition is to secure an internship and eventually a full time job with the prestigious wall street firm goldstein smith there she d manage multi million dollar projects enjoy long corporate lunches and party at the hottest nightclubs in new york city unfortunately reality is quite different riya s boss is determined to make her life hell her unkempt colleagues fail miserably to live up to her image of i bankers and as an intern the hours are long and stressful having escaped the cut throat world of investment banking gautam pandey i banker turned financial journalist seems to be the only contented one around now it s riya turn to decide where her happiness lies within the hallowed halls of goldstein or in the world outside written with refreshing candour there s no love on wall street by ira trivedi lays bare the seductive world of investment banking where expense accounts always come with strings attached excerpt from the art of wall street investing although the popular impression is probably the reverse it is certainly a fact that a greater sum of money is annually lost in this country through unwise investment in wall street than through pure speculation while fortunes are daily jeopardized and dissipated through speculation in stocks bonds grain futures and like ventures yet the many sums large and small which annually leave the pockets of actual investors are far greater in amount indeed i would almost say that the losses incurred through unwise wall street investing are easily tenfold the losses occasioned through mere speculation on the exchanges and furthermore the losses resulting from unwise investing are far more important to the community at large for while speculative losses are in a sense anticipated the losses through mistaken investments are usually unexpected and unprepared for about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works wall street is a universal symbol of both the highest aspirations of economic prosperity and the basest impulses of greed and deception charles r geisst s wall street is a chronicle of the street itself from the days when the wall was merely a defensive barricade built by peter stuyvesant to the latest highs and lows it is also an engaging economic history of the united states a tale of profits and losses enterprising spirits and key figures that transformed america into the most powerful economy in the world the book traces many themes like the move of industry and business westward in the early 19th century the rise of the great robber barons the growth of industry from the securities market s innovative financing of railroads and bell s and edison s technical innovations and because the street has always been a breeding ground for outlandish characters no history of the stock market would be complete without a look at the conniving of ruthless wheeler dealers and lesser known but influential rogues this updated edition covers the slow recovery following the lowest points of the great recession and the tensions of regulation geisst illustrates the cyclical nature of wall street as recent crises are strikingly reminiscent of past economic failings as wall street and america have changed irrevocably after the crisis charles r geisst offers the definitive chronicle of the relationship between the two and the challenges and successes it has fostered that have shaped our history this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant sampson rock of wall street tells the story of stock market manipulations made by a railroad tycoon as he wheels and deals his way into wealth his scheme to increase his already vast wealth of holdings by depressing the stock in one of his properties becomes known to his son who then sets out to seize control of the railroad himself a true classic this timeless tale of stock market games and the machinations of a master market manipulator is as relevant today as it was a century ago this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a in december 1968 auto body repairman pasquale pat scida age 24 son of italian immigrants and brooklyn native secured an 85 a week entry level position on wall street his memoir walworth street to wall street how an 85 a week clerk became a 100 million investment banker documents a 13 year journey from clerk to vice president managing weekly sales of 50 million of fixed income securities walworth street where the author lived until age seventeen to wall street is a review of the work of wall street and a chronicle of its troubles during the years 1968 1981 readers accompany the author through various firms eastman dillon charles plohn co reynolds securities and dean witter reynolds through jobs departments and divisions of firms early stages will interest operations fixed income and municipal bond operatives financial industry executive s and middle management past and present will gravitate to the descriptions of toppling firms and the merger and acquisition of others including portraits of their legendary executives further the author describes his and his colleagues roll in a vast movement of capital from the nation s banks to its brokerage firms stemming from the runaway inflation and interest rates of the late seventies and early eighties for investors the author deciphers the transactional and market trade new issue and secondary market pricing brokerage firm profitability product development and more set against a series of momentous political and economic events the arab oil embargo the iran hostage crisis the nyc fiscal collapse the whupps debacle and the vietnam war walworth street to wall street is a fast paced account of the making of a wall street career during a period of real time events that shook the financial community and the nation if you like wall street you re going to love walworth street to wall street wall street women tells the story of the first generation of women to establish themselves as professionals on wall street since these women who began their careers in the 1960s faced blatant discrimination and barriers to advancement they created formal and informal associations to bolster one another s careers in this important historical ethnography melissa s fisher draws on fieldwork archival research and extensive interviews with a very successful cohort of first generation wall street women she describes their professional and political associations most notably the financial women s association of new york city and the women s campaign fund a bipartisan group formed to promote the election of pro choice women fisher charts the evolution of the women s careers the growth of their political and economic clout changes in their perspectives and the cultural climate on wall street and their experiences of the 2008 financial collapse while most of the pioneering subjects of wall street women did not participate in the women s movement as it was happening in the 1960s and 1970s fisher argues that they did produce a market feminism which aligned liberal feminist ideals about meritocracy and gender equity with the logic of the market annotation a comprehensive guide to the world s leading financial centre how it works who does what and why it matters it identifies key macro level developments and trends and at the micro level surveys the principal markets and players the book examines the ramifications of september 11 and outlines the long and colourful history of wall street it also includes a map of the district then as now fortunes could be made and lost on wall street in the blink of an eye in ten years in wall street first published in 1870 william worthington fowler describes the life of the pioneers of the stock market between 1855 and 1870 as well as a personal narrative it is a history of the economy the stock market and the people that were its lifeblood during these years detailed portraits of numerous larger than life characters emerge including such titanic figures as cornelius vanderbilt and daniel drew while in the military sphere battles between the union and the confederacy raged the financial battles between the bears and the bulls were no less violent and unlike the civil war did not end in 1865 instead of gettysburg and shiloh their battlegrounds were the stocks of erie rock island and above all gold these companies and commodities acquire a life of their own in fowler s narrative throughout fowler never fails to make clear the risky nature of speculation that is at once its appeal and the downfall of many wall street men fowler himself was not immune to the temptations of greed investing more into stocks when it would have been better to leave with his profits and unable to resist the siren call of an informer s point for those interested in the stock market ten years in wall street cannot fail to entertain and inform many of the lessons he recounts are still applicable today buy only on the amplest margins be an occasional and not a constant operator cut short your losses and let your profits run never sell what you have not got ten years in wall street is an invaluable guide for any investor william worthington fowler 1833 1881 was a trader on wall street from until 1870 after leaving his career as a speculator he took up writing and published woman on the american frontier in 1877 as well as ten years in wall street for Secret Of Success In Wall Street

2023-07-18

excerpt from the art of wall street investing although the popular impression is probably the reverse it is certainly a fact that a greater sum of money is annually lost in this country through unwise investment in wall street than through pure speculation while fortunes are daily jeopardized and dissipated through speculation in stocks bonds grain futures and like ventures yet the many sums large and small which annually leave the pockets of actual investors are far greater in amount indeed i would almost say that the losses incurred through unwise wall street investing are easily tenfold the losses occasioned through mere speculation on the exchanges and furthermore the losses resulting from unwise investing are far more important to the community at large for while speculative losses are in a sense anticipated the losses through mistaken investments are usually unexpected and unprepared for about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Twenty Years of Inside Life in Wall Street Or, Revelations of the Personal Experience of a Speculator

1968

wall street is a universal symbol of both the highest aspirations of economic prosperity and the basest impulses of greed and deception charles r geisst s wall street is a chronicle of the street itself from the days when the wall was merely a defensive barricade built by peter stuyvesant to the latest highs and lows it is also an engaging economic history of the united states a tale of profits and losses enterprising spirits and key figures that transformed america into the most powerful economy in the world the book traces many themes like the move of industry and business westward in the early 19th century the rise of the great robber barons the growth of industry from the securities market s innovative financing of railroads and bell s and edison s technical innovations and because the street has always been a breeding ground for outlandish characters no history of the stock market would be complete without a look at the conniving of ruthless wheeler dealers and lesser known but influential rogues this updated edition covers the slow recovery following the lowest points of the great recession and the tensions of regulation geisst illustrates the cyclical nature of wall street as recent crises are strikingly reminiscent of past economic failings as wall street and america have changed irrevocably after the crisis charles r geisst offers the definitive chronicle of the relationship between the two and the challenges and successes it has fostered that have shaped our history

wall street women tells the story of the first generation of women to establish themselves as professionals on wall street since these women who began their careers in the 1960s faced blatant discrimination and barriers to advancement they created formal and informal associations to bolster one another s careers in this important historical ethnography melissa s fisher draws on fieldwork archival research and extensive interviews with a very successful cohort of first generation wall street women she describes their professional and political associations most notably the financial women s association of new york city and the women s campaign fund a bipartisan group formed to promote the election of pro choice women fisher charts the evolution of the women s careers the growth of their political and economic clout changes in their perspectives and the cultural climate on wall street and their experiences of the 2008 financial collapse while most of the pioneering subjects of wall street women did not participate in the women s movement as it was happening in the 1960s and 1970s fisher argues that they did produce a market feminism which aligned liberal feminist ideals about meritocracy and gender equity with the logic of the market

Ten Years in Wall Street Or, Revelations of Inside Life and Experience On 'Change

2012-01

annotation a comprehensive guide to the world s leading financial centre how it works who does what and why it matters it identifies key macro level developments and trends and at the micro level surveys the principal markets and players the book examines the ramifications of september 11 and outlines the long and colourful history of wall street it also includes a map of the district

There's no Love on Wall Street

2018-10-13

then as now fortunes could be made and lost on wall street in the blink of an eye in ten years in wall street first published in 1870 william worthington fowler describes the life of the pioneers of the stock market between 1855 and 1870 as well as a personal narrative it is a history of the economy the stock market and the people that were its lifeblood during these years detailed portraits of numerous larger than life characters emerge including such titanic figures as cornelius vanderbilt and daniel drew while in the military sphere battles between the union and the confederacy raged the financial battles between the bears and the bulls were no less violent and unlike the civil war did not end in 1865 instead of gettysburg and shiloh their battlegrounds were the stocks of erie rock island and above all gold these companies and commodities acquire a life of their own in fowler s narrative throughout fowler never fails to make clear the risky nature of speculation that is at once its appeal and the downfall of many wall street men fowler himself was not immune to the temptations of greed investing more into stocks when it would have been better to leave with his profits and unable to resist the siren call of an informer s point for those interested in the stock market ten years in wall street cannot fail to entertain and inform many of the lessons he recounts are still applicable today buy only on the amplest margins be an occasional and not a constant operator cut short your losses and let your profits run never sell what you have not got ten years in wall street is an invaluable guide for any investor william worthington fowler 1833 1881 was a trader on wall street from until 1870 after leaving his career as a speculator he took up writing and published woman on the american frontier in 1877 as well as ten years in wall street for details of other books published by albion press go to the website at albionpress.co.uk albion press is an imprint of endeavour press the uk s leading independent digital publisher for more information on our titles please sign up to our newsletter at endeavourpress.com each week you will receive updates on free and discounted ebooks follow us on twitter endeavourpress and on facebook via on fb me 1hweqv7 we are always interested in hearing from our readers endeavour press believes that the future is now
