Ophthalmic Medical Assisting

2006

a compilation of tidbits and factoids to assist in preparation for jcahpo testing at coa cot and comt levels i ve had at least a dozen people in the last couple months ask for copies of my self compiled notes i used for studying for and passing the jcahpo coa cot and comt tests typically when someone asks i gladly and dutifully run out to kinko s copy and print the files and sometimes have them spiral bound for ease of use as well and then am reimbursed for the cost i ve finally decided to streamline the process and get out of the middle of it and produce a nicer looking product and save gas money and time in front of the printer lol the factoids are compiled from a multitude of resources through the years and started geared towards the coa it was then added to and grown as i studied for the cot and comt exams i ve found that different resources sometimes contradict one another so occasionally you ll find some contradictions in the notes as well
