Women's Lives, Men's Laws

2005-02-28

in the past twenty five years no one has been more instrumental than Catharine MacKinnon in making equal rights real for women as Peter Jennings once put it more than anyone else in legal studies she has made it easier for other women to seek justice this collection the first since MacKinnon's celebrated feminism unmodified appeared in 1987 brings together previously uncollected and unpublished work in the national arena from 1980 to the present defining her clear coherent consistent approach to reframing the law of men on the basis of the lives of women by making visible the deep gender bias of existing law MacKinnon has recast legal debate and action on issues of sex discrimination sexual abuse prostitution pornography and racism the essays in this volume document and illuminate some of the momentous and ongoing changes to which this work contributes the recognition of sexual harassment rape and battering as claims for sexual discrimination the redefinition of rape in terms of women's actual experience of sexual violation and the reframing of the pornography debate around harm rather than morality the perspectives in these essays have played an essential part in changing American law and remain fundamental to the project of building a sex equal future

men have always dominated the most basic precepts of the criminal legal world its norms its priorities and its character men have been the regulators and the regulated the main subjects and objects of criminal law and by far the more dangerous sex and yet men as men are still hardly talked about as the determining force within criminal law or in its exegesis this book brings men into sharp focus as the pervasively powerful interest group whose wants and preoccupations have shaped the discipline this constitutes the man problem of criminal law this new analysis probes the unacknowledged thinking of generations of influential legal men which includes the psychological and legal techniques that have obscured the operation of bias even to the legal experts themselves it explains how men s interests have influenced the most cherished legal norms especially the rules of human contact which were designed to protect men from other men while specifically securing lawful sexual access to at least one woman the aim is to test the discipline s broadest commitments to civility and its trajectory towards the final resolution when men and women were declared to be equal and equivalent legal persons in the process it exposes the morally and intellectually limiting consequences of male power

Every Man His Own Lawyer, Or, A Summary of the Laws Now in Force in Ireland,

1755

first published in 1990 laws men and machines is an original interpretation of the lasting influence that newtonian mechanics has had on the design and operation of the american political system the author argues that it is this mechanistic tradition that now instinctively shapes the way we conceive of analyse and evaluate

american politics and that the newtonian conception of the world still finds expression in the checks and balances of the american system

Every Man His Own Lawyer: Or, A Summary of the Laws of England

1750

men have always dominated the most basic precepts of the criminal legal world its norms its priorities and its character men have been the regulators and the regulated the main subjects and objects of criminal law and by far the more dangerous sex and yet men as men are still hardly talked about as the determining force within criminal law or in its exegesis this book brings men into sharp focus as the pervasively powerful interest group whose wants and preoccupations have shaped the discipline this constitutes the man problem of criminal law this new analysis probes the unacknowledged thinking of generations of influential legal men which includes the psychological and legal techniques that have obscured the operation of bias even to the legal experts themselves it explains how men s interests have influenced the most cherished legal norms especially the rules of human contact which were designed to protect men from other men while specifically securing lawful sexual access to at least one woman the aim is to test the discipline s broadest commitments to civility and its trajectory towards the final resolution when men and women were declared to be equal and equivalent legal persons in the process it exposes the morally and intellectually limiting consequences of male power

Criminal Law and the Man Problem

2019-04-04

law is one of the most important but impenetrable subjects it affects us all it protects us from crime it provides us with consumer rights it tells us what happens to our property if we get divorced and when we die so of course it s going to be complex and expensive when you need advice but wouldn t you like to know a bit about it so that you don t feel quite so stupid when faced with a legal issue or legal language maybe you d like to be a lawyer but will you like it before you sign up to do a law degree wouldn t it be helpful to know a little bit about it because and this is typical of law universities don t like you to have done any before you do law with them so you can t find out beforehand maybe you would have liked to have been a lawyer but never had the chance you can still learn about it now maybe you d like to be able to get better value from your lawyer when you next talk to him or her because you ll have a better grasp of the terminology they use so you ll understand more and it will take less time which may even reduce the size of your legal bill wouldn t that be nice if any of these questions resonate with you you re in the right place this book tells you what the law is and why

Laws, Men and Machines (Routledge Revivals)

2014-02-04

about man and god and law is the story of how bob dylan sparked a revolution of the spirit and why it matters today many of our assumptions about empathy

sensual pleasure and the essence of work community country race and the divine have germinated in bob dylan s need to know what s blowing in the wind and how it feels tracing his work and vision through themes that have shaped religious and cultural history for millennia stephen daniel arnoff uncovers how bob dylan has re enchanted ancient questions of meaning and purpose throughout popular culture inspiring a pantheon of prophetic musicians along the way this field guide to dylan s spiritual wisdom aims to make good on the promise that if we look closely enough at his body of work precisely at a moment when the world we thought we knew seems like uncharted territory we can open up our eyes to see not only where we really are but where we need to go

'Men groan from out of the city': robbed by laws of the rich

1859

discover the secrets of powerful men and become you that powerful man men are often left wondering how alpha males have made everyone else their subjects because decisions always favor them while others bear the brunt of those decisions there are just some men who exude power wherever they go without even trying and you have often wonder why people including you are always trying to please them they could basically repeat an idea that you raised that was shut down and get promoted if the desire to feel powerful like alpha males is burning in you alpha male the 7 laws of power is the answer you need alpha males are not powerful because of their families and they were not born with it their power lies in their knowledge if you want to become an alpha male you must be ready to work for it the only way for a man to harness power is by learning how to do it and practicing it understand the different laws of power and learn practical and effective ways that you can use to harness various forms it has and use them when the need arises here are some of the things you will find in this book the importance of having power as an alpha male and why all men should control themselves and influence others how to use the most potent weapon that is available to every man how to train your mind to think like a successful man rather than focusing on your limitations understand what it means to be an alpha male and the traits you should develop to become one the principles of power and how you can channel those principles into your daily life the mindset and psychology of alpha men that help them to achieve success how to become a master at analyzing people by understanding subtle and non subtle cues that people show proven mental techniques that a man can learn to exert influence the importance of establishing and maintaining relationships that can increase your influence the effect of abusing power become a powerful alpha male that is respected in relationships workplaces and society the benefits of being powerful and how power can impact and influence a man to have the life of his dreams and much more power is not only available to presidents and kings we all have the potential to become powerful however it could remain a potential if you do not develop it all you need to become a powerful alpha male is to tap into the presently dormant potential within you the knowledge you need to become a powerful alpha male is finally within reach and written inside alpha male the 7 laws of power display the power you have within and watch how your experiences will change you have the power to change the world around you and become the man of your dreams a powerful alpha man

just men have stepped in they will use their own laws to protect the innocent and will impose their own verdicts there can be no appeal

The Whole Duty of Man According to the Law of Nature ... Now Made English. The Fifth Edition with the Notes of Mr. Barbeyrac, and Many Other Additions and Amendments ... By Andrew Tooke

1735

the king size edition contains all man rules from volumes 1 5 it is said that there are unwritten man rules which all men abide by now these rules are written in one guidebook which clarifies what those rules are the commandments tells all the do s and don ts men need to know in basic life situations for example is it alright to sing in a public restroom can a man hug another man does the toilet seat go up or down what is a wingman and what are his responsibilities when can you call shot gun the answers to these questions can be found in this man rule guide book along with personal space guidelines appearance and hygiene the road trip man rules the man rules that will apply to the typical guy s night out and many other man rules dealing with situations men come across during their daily routine and situation yet to come like the zombie apocalypse this king size edition is what every man needs in order to complete his quest to become a better man

Man, Law and Modern Forms of Life

2010-10-28

white men s law recounts and explores the legal and extra legal means by which systemic white racism has kept black americans in their place from slavery to police and vigilante killings of black men and women from 1619 to the present the book argues that african americans have always been held back by systemic racism in all major institutions especially the legal and educational systems that hold power over them based on a wide range of sources from the painful words of former slaves to supreme court decisions to test scores that reveal how our education system has failed black children the book examines the various ways white racists justify and perpetuate their superior position in american society the book is framed around the lynching of rubin stacy in fort lauderdale florida in 1935 an illiterate black farmhand stacy was accused of assaulting a white woman and was lynched by a deputy sheriff and a mob that fired 17 bullets into his lifeless body white men s law poses a critical question what historical forces preceded and followed this and thousands more lynchings that show the damaging and often deadly impact of systemic racism on black americans after recounting struggles over racism from the first shipment of slaves to colonial virginia until the present it concludes with a look at efforts by president joe biden to root out systemic racism in both public and private institutions and the barriers they face from entrenched racism in those institutions

The Whole Duty of Man According to the Law of Nature ... Now Made English [by Andrew Tooke]. The Third Edition, with Additions and Amendments

1705

for too long relationships evolved under made up theories that have accommodated relationships incorrectly that thing called love which used to be at the center of every relationship has almost vanished from them all as a man in today s world you may believe real women and true love no longer exist in the relational amendments author sia elias jones speaks to all men in a political yet spiritual aspect who are seeking love in a female life partner she focuses on letting men know god has assigned a living companion for them and helps them understand exactly who god is and what love is all about jones addresses topics such as the true beauty of a woman breaking the cycle of regret and knowing the purpose of being created the relational amendments offers a series of guides to help bring men a step closer to being able to recognize the woman meant for them when they meet her she makes this possible by allowing the reader to become one in the mind with a
