department of criminal justice paperback 34 95 isbn 9780761921769 hardcover 89 95 isbn 9780761921752a handy reference for students professionals and anyone interested in criminal justice and criminology the concise dictionary of crime and justice is an excellent wide ranging resource with clear definitions for over 2 000 key criminal justice terms often going beyond simple definitions the dictionary presents and explains common misperceptions for selected entries the concise definitions of terms will be easily accessible to a wide

audience^{3 4} from students in introductory courses to professionals looking to brush up on key terms some of the topics covered in entries include abduction cycle of violence eyewitness testimony facial reconstruction habeas corpus la cosa nostra nuremberg principle palestinian liberation organization plo typology walker spy ring and zoophilia features

benefits each term will contain the following over 2 000 entries a complete current definition of the term a discussion of common misconceptions or controversies surrounding the term a cross reference to other entries in the dictionary the book offers an account of egypt s legislative achievements and shortcomings in light of its international obligation to eliminate gender discrimination resulting from the women s convention and proposes de jure and de facto reforms to improve egypt s implementation efforts in order to fully grasp criminal law concepts students must go beyond mere rote memorization of the penal code and attempt to understand where the laws originate from and how they have developed criminal law second edition blends legal and moral reasoning in the examination of crimes and explores the history relating to jurisprudence and roots of criminal law it fosters discussions of controversial issues and delivers abridged case law decisions that target the essence of appellate rulings grounded in the model penal code making the text national in scope this volume examines why the criminal codes originated and the moral religious spiritual and human influences that led to our present system how crimes are described in the modern criminal justice model the two essential elements necessary for criminal culpability actus reus the act committed or omitted and mens rea the mind and intent of the actor offenses against the body resulting in death including murder manslaughter felony murder and negligent homicide nonterminal criminal conduct against the body including robbery kidnapping false imprisonment assault and hate crimes sexual assault rape necrophilia incest and child molestation property offenses such as larceny theft bribery forgery and embezzlement crimes against the home including burglary trespass arson and vandalism the book also examines controversial public morality issues such as prostitution drug legalization obscenity and pornography the final two chapters discuss inchoate offenses where the criminal act has not been completed and various criminal defenses such as legal insanity entrapment coercion self defense and mistake of fact or law important keywords introduce each chapter and discussion questions and suggested readings appear at the end of each chapter prompting lively debate and further inquiry into a fascinating subject area that continues to evolve

mercy is a marginalized virtue in contemporary public life but understanding its complex conceptual history suggests how that might change the adage ignorance of the law is no excuse is significantly inaccurate ignorance and mistake of law do under certain circumstances exclude responsibility both in national and international criminal law this monograph updates the existing reviews of law and practice on the topic aiming to go a step further it takes the analysis of mistake of law as a starting point for systematic observations about international criminal law in general first the volume defines the contours of the defence of mistake of law in general theory of criminal law distinguishing it from cognate defences and highlighting most notably its connection with superior orders secondly it gives an overview of the possible approaches to the defence offering examples from national law as terms of reference for the subsequent analysis of international criminal law thirdly it surveys the relevant law and practice of international criminal tribunals with a focus on the international criminal court and it contemplates offences for which a defence of mistake of law may potentially succeed finally the author tries to interpret what the rules on mistake of law applicable before international criminal tribunals imply about the purpose of punishing individuals and to the legitimacy of such punishment whilst the discourse on international criminal law is more and more concerned with global politics the defence of mistake of law in international criminal law brings back the focus on the appropriateness of imposing a guilty verdict on the individual defendant a human being constituting the basic unit of each society the australian constitution contains no guarantee of freedom of religion or freedom of conscience indeed it contains very few provisions dealing with rights in essence it is a constitution that confines itself mainly to prescribing a framework for federal government setting out the various powers of government and limiting them as between federal and state governments and the three branches of government without attempting to define the rights of citizens except in minor respects whether australia should have a national bill of rights has been a controversial issue for quite some time this is despite the fact that australia has acceded to the iccpr as well as the first optional protocol to the iccpr thereby accepting an international obligation to bring australian law into line with the iccpr an obligation that australia has not discharged australia is the only country in the western world without a national bill of rights 4 the chapters that follow in this book debate the situation in australia and in various other western jurisdictions from foreword by the

hon sir anthony mason ac kbe human rights and courts domestic sovereignty the right of a government not to be resisted by its people and international sovereignty the moral immunity from outside intervention have both been eroded in recent years but the former to a much greater extent than the latter an oppressed people's right to fight for liberal democratic reforms in their own country is treated as axiomatic as the international responses to the revolutions in tunisia egypt and libya illustrate but there is a reluctance to accept that foreign intervention is always justified in the same circumstances ned dobos assesses the moral cogency of this double standard and asks whether intervention can be consistently and coherently opposed given our attitudes towards other kinds of political violence his thought provoking book will interest a wide range of readers in political philosophy and international relations the purpose of this book is to introduce the sociology of law by providing a coherent organization to the general body of literature in that field as such the text gives a comprehensive overview of theoretical sociology of law it deals with the broad expanse of the field and covers a vast amount of intellectual terrain this volume is intended to fill a gap in the literature most textbooks in the sociology of law are insufficiently theoretical or else do not provide a paradigmatic analysis of sociological theories the content of this text consists of discussions of the works of scholars who have contributed the most to the cumulative development of the sociology of law it surveys the major traditions of legal sociology but is not wedded to any one particular theoretical approach both the classical or nineteenth century and contemporary or twentieth century perspectives are covered the reader will see that nineteenth century thought has directly influenced the emergence of twentieth century theory one unique feature of this book is that key sociological and legal concepts presented in bold print and italics are defined described and illustrated throughout although the nature of the subject matter is highly theoretical and at times quite complex trevino values every effort to present the material in the most straightforward and intelligible form possible without compromising the integrity of the theories themselves in short this book aims to accomplish three objectives inform about the progressive advancement of sociological theory teach the reader to analyze the law as a social phenomenon and develop in the reader a critical mode of thinking about issues relevant to the relationship between law and society law and society fourth edition offers a contemporary overview of the structure and function of legal institutions along with a lively discussion of both criminal and civil law and their impact on society unlike other books on law and society matthew lippman takes an interdisciplinary approach that highlights the relevance of the law throughout our society distinctive coverage of diversity inequality civil liberties and globalism is intertwined through an organized theme in a strong narrative the highly anticipated fourth edition of this practical and invigorating text introduces students to both the influence of law on society and the influence of society on the law discussions of the pressing issues facing today's society include key topics such as the law and inequality international human rights privacy and surveillance and law and social control drawing on a multitude of sources online and offline in a bibliography of islamic criminal law olaf köndgen offers the most extensive bibliography on islamic criminal law ever compiled take a tour of the interactive ebook online this dynamic second edition with the interactive ebook for free bundle isbn 978 1 4129 8826 1 please contact your sales representative for more information learn more about the second edition key features a brief introduction to the u s judicial system and to the public policy dimension of judicial decisions provides context for the material criminal and regulatory laws are presented with contrasting views on various contemporary public policy issues including assault weapons hate crimes stand your ground laws police use of deadly force and much more a question for debate and learning objectives appear at the beginning of each chapter the debate format features contemporary topical issues that engage students and ask them to consider various points of view brief essays introduce students to each debate and put the issue into context to help students understand how policy issues arise in criminal justice and law summaries of the positions follow the debate sections to ensure students have a clear understanding of the contrasting arguments you

decide exercises and discussion questions appear at the end of each debate to give students the opportunity to apply what they read to new and novel situations the updated edition of the textbook that offers student friendly coverage of the major topics in terrorism studies by one of the leading scholars in the field the years since 9 11 have witnessed a rapid rise in terrorism related courses programs research centers journals and books the second edition of terrorism and homeland security gathers these intellectual insights and developments into a comprehensive interdisciplinary introduction to the topic of terrorism this text examines various approaches to defining terrorism including psychological criminological and structural definitions discusses the financing of terrorist operations and weaponry as well as common tactics and strategies including cyberterrorism covers the historical foundations of modern terrorism and various types of terrorism including ethno national revolutionary religious and state terrorism explores terrorism in the united states of both domestic and international origin the relationship between the media and terrorism and the institutions involved in homeland security this new edition has been thoroughly updated to reflect the latest events including those of january 6 2021 and scholarship in the field in particular chapter 12 contains perspective on the current state of various american policies protecting the homeland since the elections of presidents donald trump and joe biden accessibly written and full of helpful in text pedagogical features to enhance student learning this is an excellent primary or supplementary textbook for courses in terrorism counterterrorism and homeland security the record of each copyright registration listed in the catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc routledge international handbook of critical gang studies is rooted in the instability inequality and liquidity of the post industrial era it understands the gang as a complex and contradictory phenomenon a socio historical agent that reflects responds to and creates a certain structured environment in spaces which are always in flux international in scope and drawing on a range of sociological criminological and anthropological traditions it looks beyond pathological ahistorical and non transformative approaches and considers other important factors that produce the phenomenon whether the historically entrenched racialized power structure and segregation in chicago the unconstrained state abandoned development of favelas in brazil or the colonization displacement and dependency of people in central america this handbook reflects and defines the new theoretical and empirical traditions of critical gang studies it offers a variety of perspectives including a view of gangs that takes into consideration the global context and appearance of the gang in its various forms and stages of development an appreciation of the gang as a socio cultural formation a race ethnic and class analysis of the gang that problematizes domain assumptions such as the underclass gender variations of the gang phenomenon with a particular emphasis on their intersectional properties relations between gangs and the political economy that address the dominant mode of production and exchange treatments that demonstrate the historically contingent nature of gangs and their changes across time the contradictory impact of gang repressive policies institutions and practices as part of a broader discussion on the nature of the state in specific societies and critical methodologies on gangs that involve discussions of visual and textual representations and the problematics of data collection and analysis authoritative multi disciplinary and international this book will be of interest to criminologists sociologists and anthropologists alike particularly those engaged with critical criminology sociology youth crime delinquency and global social inequality the handbook will also be of interest to policy makers and those in the peacebuilding field criminology explains police violence offers a concise and targeted overview of criminological theory applied to the phenomenon of police violence in this engaging and accessible book philip m stinson sr highlights the similarities and differences among criminological theories and provides linkages across explanatory levels and across time and geography to explain police violence this book is appropriate as a resource in criminology policing and criminal justice special topic courses as well as a variety of violence and police courses such as policing policing administration police community relations police misconduct and violence in society stinson uses examples from his own research to explore police violence acknowledging the difficulty in studying the topic because violence is often seen as a normal part of policing an eye opening unapologetic explanation of what racial profiling is in modern day america systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group in 21st century post civil rights era america race has become complex and intersectional it is no longer simply a matter of color black versus white contends author d marvin jones but equally a

matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to stereotyping by law enforcement blacks in the urban ghetto mexicans at the functional equivalent of the border arabs at the airport dangerous spaces beyond the racial profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives the book identifies how these narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from the processes of meaning making and identity construction 2 the origins of islamic law this fourth bibliography is compiled by the library in order to facilitate researcher s access to the increasing volume of published documents on the work of the tribunal the product is the unique tool that assists people to know the areas which have been covered by the researchers the bibliography includes references from books journals and periodicals theses comments and notes on judicial cases as well economics is the nexus and engine that runs society affecting societal well being raising standards of living when economies prosper or lowering citizens through class structures when economies perform poorly our society only has to witness the booms and busts of the past decade to see how economics profoundly affects the cores of societies around the world from a household budget to international trade economics ranges from the micro to the macro level it relates to a breadth of social science disciplines that help describe the content of the proposed encyclopedia which will explicitly approach economics through varied disciplinary lenses although there are encyclopedias of covering economics especially classic economic theory and history the sage encyclopedia of economics and society emphasizes the contemporary world contemporary issues and society features 4 volumes with approximately 800 signed articles ranging from 1 000 to 5 000 words each are presented in a choice of print or electronic editions organized a to z with a thematic reader s guide in the front matter groups related entries articles conclude with references future readings to guide students to the next step on their research journeys cross references between and among articles combine with a thorough index and the reader s guide to enhance search and browse in the electronic version pedagogical elements include a chronology of economics and society resource guide and glossary this academic multi author reference work will serve as a general non technical resource for students and researchers within social science programs who seek to better understand economics through a contemporary lens

Striking the Balance 2016-12-22

domestic sovereignty the right of a government not to be resisted by its people and international sovereignty the moral immunity from outside intervention have both been eroded in recent years but the former to a much greater extent than the latter an oppressed people's right to fight for liberal democratic reforms in their own country is treated as axiomatic as the international responses to the revolutions in tunisia egypt and libya illustrate but there is a reluctance to accept that foreign intervention is always justified in the same circumstances ned dobos assesses the moral cogency of this double standard and asks whether intervention can be consistently and coherently opposed given our attitudes towards other kinds of political violence his thought provoking book will interest a wide range of readers in political philosophy and international relations

Freedom of Religion Under Bills of Rights 2012

the purpose of this book is to introduce the sociology of law by providing a coherent organization to the general body of literature in that field as such the text gives a comprehensive overview of theoretical sociology of law it deals with the broad expanse of the field and covers a vast amount of intellectual terrain this volume is intended to fill a gap in the literature most textbooks in the sociology of law are insufficiently theoretical or else do not provide a paradigmatic analysis of sociological theories the content of this text consists of discussions of the works of scholars who have contributed the most to the cumulative development of the sociology of law it surveys the major traditions of legal sociology but is not wedded to any one particular theoretical approach both the classical or nineteenth century and contemporary or twentieth century perspectives are covered the reader will see that nineteenth century thought has directly influenced the emergence of twentieth century theory one unique feature of this book is that key sociological and legal concepts presented in bold print and italics are defined described and illustrated throughout although the nature of the subject matter is highly theoretical and at times quite complex trevino values every effort to present the material in the most straightforward and intelligible form possible without compromising the integrity of the theories themselves in short this book aims to accomplish three objectives inform about the progressive advancement of sociological theory teach the reader to analyze the law as a social phenomenon and develop in the reader a critical mode of thinking about issues relevant to the relationship between law and society

Insurrection and Intervention 2011-10-27

routledge international handbook of critical gang studies is rooted in the instability inequality and liquidity of the post industrial era it understands the gang as a complex and contradictory phenomenon a socio historical agent that reflects responds to and creates a certain structured environment in spaces which are always in flux international in scope and drawing on a range of sociological criminological and anthropological traditions it looks beyond pathological ahistorical and non transformative approaches and considers other important factors that produce the phenomenon whether the historically entrenched racialized power structure and segregation in chicago the unconstrained state abandoned development of favelas in brazil or the colonization displacement and dependency of people in central america this handbook reflects and defines the new theoretical and empirical traditions of critical gang studies it offers a variety of perspectives including a view of gangs that takes into consideration the global context and appearance of the gang in its various forms and stages of development an appreciation of the gang as a socio cultural formation a race ethnic and class analysis of the gang that problematizes domain assumptions such as the underclass gender variations of the gang phenomenon with a particular emphasis on their intersectional properties relations between gangs and the political economy that address the dominant mode of production and exchange treatments that demonstrate the historically contingent nature of gangs and their changes across time the contradictory impact of gang repressive policies institutions and practices as part of a broader discussion on the nature of the state in specific societies and critical methodologies on gangs that involve discussions of visual and textual representations and the problematics of data collection and analysis authoritative multi disciplinary and international this book will be of interest to criminologists sociologists and anthropologists alike particularly those engaged with critical criminology sociology youth crime delinquency and global social inequality the handbook will also be of interest to policy makers and those in the peacebuilding field

Terrorism and Homeland Security 2024-02-15

criminology explains police violence offers a concise and targeted overview of criminological theory applied to the phenomenon of police violence in this engaging and accessible book philip m stinson sr highlights the similarities and differences among criminological theories and provides linkages across explanatory levels and across time and geography to explain police violence this book is appropriate as a resource in criminology policing and criminal justice special topic courses as well as a variety of violence and police courses such as policing policing administration police community relations police misconduct and violence in society stinson uses examples from his own research to explore police violence acknowledging the difficulty in studying the topic because violence is often seen as a normal part of policing

Catalog of Copyright Entries, Third Series 1976

an eye opening unapologetic explanation of what racial profiling is in modern day america systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group in 21st century post civil rights era america race has become complex and intersectional it is no longer simply a matter of color black versus white contends author d marvin jones but equally a matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to stereotyping by law enforcement blacks in the urban ghetto mexicans at the functional equivalent of the border arabs at the airport dangerous spaces beyond the racial profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives the book identifies how these narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from

the processes of meaning making and identity construction
