The Animals Among Us 2020-09-08

a leading anthrozoologist and the bestselling author of dog sense and cat sense explains why we are so drawn to pets historically we relied on our pets to herd livestock guard homes and catch pests but most of us don t need animals to do these things anymore pets have never been less necessary and yet pet ownership has never been more common than it is today half of american households contain a cat a dog or both why are pets still around in the animals among us john bradshaw one of the world s leading authorities on the relationship between humans and animals argues that pet ownership is actually an intrinsic part of human nature he explains how our empathy with animals evolved into a desire for pets why we still welcome them into our families and why we mourn them so deeply when they die drawing on the latest research in biology and psychology as well as fields as diverse as robotics and musicology the animals among us is a surprising and affectionate history of humanity s best friends

Dot: For Pet's Sake 2007-05-01

could dot s new pet sitting service be too popular with a comically unruly menagerie under her wing a frazzled dot finds that even her trusty app has a limit dot has volunteered to take care of a friend s cat for the weekend and word is spreading quickly that she s begun a pet sitting service before she knows it dot has a cat a dog a bird a goldfish and a tarantula to look after but with hal there to help and a handy pet pal app tracking each pet s needs dot is certain she can keep everything under control and for a while it seems like she can until the bird flies out of its cage the tarantula escapes its terrarium and the cat runs out the back door it s pet pandemonium with this many animals can dot and hal ever restore order and make sure each pet gets the attention it needs animal lovers tech aficionados and dot fans alike will relate to this funny foray into biting off more than you can chew and the power of saying no
