by investigating thousands of descriptions of epidemics reaching back before the fifth century bce plague of athens to the distrust and violence that erupted with ebola in 2014 epidemics challenges a dominant hypothesis in the study of epidemics that invariably across time and space epidemics provoked hatred blaming of the other and victimizing bearers of epidemic diseases particularly when diseases were mysterious without known cures or preventive measures as with aids during the last two decades of the twentieth century however scholars and public intellectuals especially post aids have missed a fundamental aspect of the history of epidemics instead of sparking hatred and blame this study traces epidemics socio psychological consequences across time and discovers a radically different picture that epidemic diseases have more often unified societies across class race ethnicity and religion spurring self sacrifice and compassion

the sacred home in renaissance italy explores the rich devotional life of the italian household between 1450 and 1600 rejecting the enduring stereotype of the renaissance as a secular age this interdisciplinary study reveals the home to have been an important site of spiritual revitalization books buildings objects spaces images and archival sources are scrutinized to cast new light on the many ways in which religion infused daily life within the household acts of devotion from routine prayers to extraordinary religious experiences such as miracles and visions frequently took place at home amid the joys and trials of domestic life from childbirth and marriage to sickness and death breaking free from the usual focus on venice florence and rome the sacred home investigates practices of piety across the italian peninsula with particular attention paid to the city of naples the marche and the venetian mainland it also looks beyond the elite to consider artisanal and lower status households and reveals gender and age as factors that powerfully conditioned religious experience recovering a host of lost voices and compelling narratives at the intersection between the divine and the everyday the sacred home offers unprecedented glimpses through the keyhole into the spiritual lives of renaissance italians

david van turnhout and dirk verhofstadt traced the story of david s jewish grandfather ide leib kartuz fleeing from antisemitism and violence he came to antwerp in 1929 and set up business as a tailor the family he left behind ended up in the ghetto of radomsko each and every member of the family was gassed at treblinka in belgium kartuz joined the resistance movement but was arrested by the nazis in 1942 and deported to auschwitz on arrival there his wife and two children immediately died a horrible death he survived in a unit of tailors where he repaired camp clothing and ss guards uniforms sometimes receiving special orders from ss officers kartuz endured an inhuman death march to mauthausen after the war back in antwerp he made tailored suits for

bankers and other business people his final battle was against the belgian state for recognition as a belgian citizen member of the resistance and war victim very few people realise how difficult it was for jewish people to survive after liberation the authors dig deep into the core of the holocaust and investigate every trail from radomsko to miami in the auschwitz archives they discover unpublished witness statements by tailors in block 1 and completely unexpectedly they also discover a cousin of ide s living in florida she had survived as a child by hiding in an attic in brussels and speaks for the first time about those dark days it took the authors a year to wind their questing way through important discoveries and setbacks but in this tribute an unknown piece of history has finally been given a face

the path to happiness is rarely easy a young woman struggles against family loyalty and class prejudices in the tailor s wife an engrossing saga from alexandra connor perfect for fans of josephine cox and rosie goodwin widowed jacob clark has been training his daughter suzannah to take over his tailoring business suzannah is the sensible one and she s happy with the unconventional role her father has found for her suzannah s also a beauty and she s caught the eye of the most eligible of bachelors edward lyle the son of a powerful local politician who is

horrified at the thought of being connected by marriage to such a lowly family when suzannah's brother girton is taken in by the charms of scheming rina taylor suzannah is right to fear that chaos and scandal will follow giving noel lyle the ammunition he needs to prise his son away from suzannah or so noel thinks but the two young people whose lives he is setting out to destroy are less malleable than he imagines what readers are saying about the tailor's wife i've read all alexandra connor's books and they are all so compelling that i can't put them down once started this one's set in manchester and really captures the times and the characters are all well drawn alexandra connor is one of my favourite authors her stories are full of twists and turns and are hard to put it down this was a wonderful story from start to finish i did not want it to end

alongside georges clemenceau and david lloyd george giovanni giolitti 1842 1928 stands out as one of the major liberal reformers of late 19th and early 20th century europe in the first complete english language study of giolitti de grand examines the political life of italy s most notable prime minister after cavour giolitti emerges not as a transitional figure leading fledgling italy into modern democracy but as a staunch adherent of 19th century elitist liberalism trying to navigate the new tide of mass politics de grand s careful research offers valuable insight into giolitti as statesman and through him a vantage point on the development of italy during a critical period giolitti s troubled relationship with mass politics defined his years in office a life long bureaucrat aloof from the electorate giolitti introduced near universal male suffrage even while commenting that first teaching everyone to read and write would be a more reasonable route and tolerated labor strikes rather than reform the state as a concession to populism however giolitti sought to accommodate the politics of the piazza under the roof of liberal parliamentarianism first in his pursuit of coalitions with socialist and catholic groups and finally at the end of his political life in a failed courtship with fascism
