2023-04-04 understanding planets their effects each planet emanates certain energy while moving through the zodiac circle some planets move faster like sun moon mercury mars and venus these are called inner planets and they affect us in a more personal and rapid manner influencing our daily life impulses and mood all planets in solar system are revolving around sun in a predefined pattern that s how we know when to wake up and when to go to bed planets however govern a lot more than just occurrence of day and night or eclipses and tides planets have a direct impact on us despite being several light years away while the position of planets does not dictate our everyday actions it does have a profound and close influence on our life and destiny understanding planets their effects much like nobody forces moon to orbit earth humans are also under no force to act in a certain way but everything in the universe is correlated and works in sync so naturally the movement of planets affects our actions as a result much like our actions affect the environment human body is in fact made of elements present in the universe the structure of our brain is very much similar to the structure of universe

everything that happens to the universe happens to us  
our own magnetic field aligns with the earth's  
magnetic field each object in the universe be it  
humans earth planets and stars in our galaxy move in  
a precise symphony so we have to connect ourselves  
to these energy sources to receive the vibrations and  
function better each planet emanates certain energy  
while moving through the zodiac circle some planets  
move faster like sun moon mercury mars and venus  
these are called inner planets and they affect us in a  
more personal and rapid manner influencing our daily  
life impulses and mood the outer planets move slowly  
in the sky some even take as much as 25 years to  
change a sign these include jupiter saturn rahu and  
ketu and these planets have a more profound and long  
lasting impact on us unlike say moon astrological  
significance of planets every planet rules a zodiac sign  
except rahu and ketu which are in fact not actual  
planets but two reference points in the sky rahu and  
ketu are the points where the paths of the sun and  
moon intersect with each other rahu is the north lunar  
node the head of the dragon as per mythology and  
ketu is the south lunar node the qualities of the zodiac  
signs somewhat align with the characteristics of the  
planets for instance impulsive and active aries is ruled  
by fiery mars dreamy pisces is ruled by spiritual jupiter  
emotional cancer is ruled by motherly moon while  
confident leo is ruled by masculine sun

**Religions on Trial** 2023-01-03 in hindu astrology  
rahu and ketu signify the two mathematical points on  
each side of the moon that have a significant impact

on self experience the significance of rahu and ketu in vedic astrology is realized positively and negatively in a person's life as a rising node of the moon rahu is known to cause spiritual growth and whenever it exists in a chart the result is luxury and obsession it's a powerful node favorable to politicians as it presents opportunities and immense power to ascend in political affairs both justly and unjustly rahu also influences criminals snakes as well as magicians just to mention a few rahu has the power to give wealth and make a person popular at the same time this shadow planet is likely to cause confusion despair and emotional inequity it's very powerful in the 3rd 6th and 11th houses of a horoscope ketu is a shadowy descending and malefic planet but not as malefic as rahu ketu offers liberation and nonattachment to material desires and worldly ambitions it provides spiritual knowledge power to differentiate self knowledge as well as wisdom whenever present in a chart it gives a person psychic abilities a person can perform natural healing deal with ghosts evil spirits and astral forces as well as make them wizards of foods herbs and spices ketu enables a person to blend in naturally among people
