The universities of Europe in the Middle Ages

1895

interpreting du bois thoughts on race and culture in a broadly philosophical sense this volume assembles original essays by some of today s leading scholars in a critical dialogue on different important theoretical and practical issues that concerned him throughout his long career the conundrum of race the issue of gender equality and the perplexities of pan africanism

Bulletin du bouquiniste

1875

the chapters contained in this two volume set provide a broad perspective on the novel strategies and conceptual paradigms that drive the current resurgence of interest in somitogenesis the process by which somites form and elaborate differentiated tissues and structures because somites are a ubiquitous feature of vertebrate embryos they can be studied in a variety of experimental animal models including those amenable to genetic zebrafish mammalian molecular genetic mammalian avian as well as those already well established for classical experimental embryological and cell biological studies amphibians avian the wide variety of experimental approaches to somitogenesis that are presented in these volumes will leave the reader with a broad perspective on how current research in somitogenesis is helping to solve fundamental questions in vertebrate development and morphogenesis novel transcriptional mechanisms that control repetitive pattern formation wide scale genetic screens for mutations affecting somitogenesis molecular genetic control of pattern and tissue formation during somitogenesis transplantation of mouse embryo somites classical embryological approaches and concepts evolutionary perspectives on somitogenesis

Rapport du Comité consultatif

1886

in his groundbreaking new book charles pete banner hale explores the history of african american intellectualism and reveals the efforts of black intellectuals in the ongoing struggle against racism showing how they have responded to jim crow segregation violence against black americans and the more subtle racism of the postintegration age banner hale asserts that african american intellectuals including academicians social critics activists and writers serve to generate debate policy and change acting as a moral force to persuade americans to acknowledge their history of slavery and racism become more inclusive and accepting of humanity and take responsibility for social justice other topics addressed in this insightful study include the disconnection over time between black intellectuals and the masses for which they speak the ways african american intellectuals

identify themselves in relation to the larger black community america as a whole and the rest of the world how black intellectuals have gained legitimacy in american society and have accrued moral capital especially in the area of civil rights and how that moral capital has been expended among the influential figures covered in the book are w e b du bois ralph ellison richard wright james weldon johnson e franklin frazier ralph bunche oliver c cox george s schuyler zora neale hurston martin luther king jr jesse jackson cornel west toni morrison bell hooks charles johnson and barack obama african american intellectuals as banner hale makes clear run the political gamut from liberal to conservative he discusses the emergence of black conservatism with its accompanying questions about affirmative action government intervention on behalf of african americans and the notion of a color blind society he also looks at how popular music particularly rap and hip hop television movies cartoons and other media have functioned as arenas for investigating questions of identity exploring whether african american intellectuals can also be authentically black a concluding discussion of the so called browning of america and the subsequent rise in visibility and influence of black intellectuals culminates with the historic election of president barack obama an african american intellectual who has made significant contributions to american society through his books articles and speeches banner hale ponders what obama s election will mean for the future of race relations and black intellectualism in america

W.E.B. Du Bois on Race and Culture

2014-03-18

1857

w e b du bois 1919 1963 the second volume of the pulitzer prize winning biography that the washington post hailed as an engrossing masterpiece charismatic singularly determined and controversial w e b du bois was a historian novelist editor sociologist founder of the naacp advocate of women s rights and the premier architect of the civil rights movement his hypnotic voice thunders out of david leveraging lewis s monumental biography like a locomotive under full steam this second volume of what is already a classic work begins with the triumphal return from wwi of african american veterans to the shattering reality of racism and lynching even as america discovers the new negro of literature and art in stunning detail lewis chronicles the little known political agenda behind the harlem renaissance and du bois s relentless fight for equality and justice including his steadfast refusal to allow whites to interpret the aspirations of black america seared by the rejection of terrified liberals and the black bourgeoisie during the communist witch hunts du bois ended his days in uncompromising exile in newly independent ghana in re creating the turbulent times in which he lived and fought lewis restores the inspiring and famed du bois to his central place in american history
