

Free reading Representative government in modern europe Full PDF

this reissued work originally published in 1985 is a uniquely broad and original survey of theories and beliefs about the growth behaviour performance and reform of the governments of modern western democracies after analysing the external pressures which have shaped modern governments the author examines four different schools of political thought which seek to explain the behaviour and performance of governments and which offer different remedies for the pluralism corporatism and bureaucracy to examine and test these general theories the author looks closely at how governments actually work the book is illustrated with examples drawn from various western societies the final chapters present the author s own conclusion about the future role of government the limits of market philosophy the future of politics and the principles and problems of institutional reform modern governments are of great importance in the present world and cover a vast area this book deals with the theory principles and classification of constitutions in a very simple manner this study also covers the constitutions of the united kingdom the united states of america france union of soviet socialist republic switzerland china japan and india the salient features of each and every constitution mentioed above have treated in a suitable manner the political parties of those countries have been studied at the end of every chapter this book will surely be useful not only for the students but also for the candidates of all competitive examinations this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these

works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant john gray has become one of our liveliest and most influential political philosophers this current volume is a sequel to his liberalism's essays in political philosophy the earlier book ended on a sceptical note both in respect of what a post liberal political philosophy might look like and with respect to the claims of political philosophy itself john gray's new book gives post liberal theory a more definite content it does so by considering particular thinkers in the history of political thought by criticizing the conventional wisdom liberal and socialist of the western academic class and most directly by specifying what remains of value in liberalism the upshot of this line of thought is that we need not regret the failure of foundationalist liberalism since we have all we need in the historic inheritance of the institutions of civil society it is to the practice of liberty that these institutions encompass rather than to empty liberal theory that we should repair this monograph provides a coherent and systematic explanation of china's regional economic development from the perspective of regional government competition it gives an almost unknown exposition of the mechanisms of china's regional economic development with numerous supporting cases drawn from both china and elsewhere this book is an invaluable resource for anyone interested to learn more particularly the development and transformation of china's regional economy from both the chinese and global perspectives in local government in early america brian p janiskee examines the origins of the town hall meeting and other iconic political institutions whose

politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium providing a penetrating analysis of government and politics at a global regional and nation state level the encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research the articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life with its expanded revised and updated coverage encyclopedia of government and politics is more than ever an indispensable tool for students teachers professional analysts and policy makers first published in 1995 routledge is an imprint of taylor francis an informa company an earlier edition of this extraordinarily prescient elegantly written book created a sensation among washington media insiders when it was published more than five years ago under the title demoscclerosis in it jonathan rauch a former correspondent for the economist and a columnist for national journal showed with startling clarity the reasons why america s political system and in fact other political systems as well was becoming increasingly ineffective today as rauch s predictions continue to manifest themselves in a national politics of sound and fury and little effective legislation and in increasing voter cynicism this book has achieved renown as the classic and essential work on why politics and government don t work in government s end rauch has completely rewritten and updated his earlier work to reassess his theory analyze the political stalemate of the last few years and explain why sweeping reform efforts of the kind led by ronald reagan bill clinton and newt gingrich aren t the answers he also looks ahead at what is likely to happen or not happen next and proposes ideas for what we must do to fix the system for anyone who cares about the health of american democracy and indeed of international security government s end is a fascinating disturbing and vitally important book this book aims to give a comprehensive

picture of law government and the constitution in malaysia and to set constitutional developments in their proper political and social context it is written in such a way that lawyers may see how perspectives other than the purely legal can enrich the understanding of constitutional issues in malaysia and that others may comprehend the lawyer s perspective on these issues there has been an increasing interest in constitutional issues in malaysia since the mid 1980s following a number of important events including the advent of judicial activism and the curtailment of royal powers there is now a pressing need for a reappraisal of the malaysian constitution in terms of its political and social dimensions and dynamics and the extent of its adherence to or its interpretation of those principles which are collectively known as constitutionalism that is democratic government the rule of law the separation of powers and the observance of fundamental human rights and liberties the book examines how the constitution has adjusted to its environment how it actually operates and how its abstractions differ from reality the author concludes that the principles of the constitution have been eroded to such a degree that a new constitutional settlement is needed one which makes it clear what the basic tenets of the malaysian polity are in presidential government in gaullist france william g andrews describes and explains the basic character of executive legislative relations in gaullist france from 1958 to 1974 he demonstrates that the fifth republic became presidential despite its parliamentary constitution because of changes made by degaulle that were compatible with the emergent character of french society the information is provided in a conceptual framework that gives it greater coherence explanatory value and significance andrews relates differences in the nature of institutions of societies and of political problems to types of power relationships that exist between the legislative and executive branches of government in order to achieve an objective appraisal of the controversial leader andrews fits degaulle s constitutional efforts into a broader understanding of the relationships among great leaders texts societies and institutions the book enhances our understanding of the operation of the fifth republic and of french government in

general the first five editions of this well established book were written by colin turpin this new edition has been prepared jointly by colin turpin and adam tomkins this edition sees a major restructuring of the material as well as a complete updating new developments such as the constitutional reform act 2005 and recent case law concerning the sovereignty of parliament the human rights act counter terrorism and protests against the iraq war among other matters are extracted and analysed while it includes extensive material and commentary on contemporary constitutional reform turpin and tomkins is a book that covers the historical traditions and the continuity of the british constitution as well as the current tide of change all the chapters contain detailed suggestions for further reading designed principally for law students the book includes substantial extracts from parliamentary and other political sources as well as from legislation and case law as such it is essential reading also for politics and government students much of the material has been reworked and with its fresh design the book provides a detailed yet accessible account of the british constitution at a fascinating moment in its ongoing development in this non biased politically neutral compendium the authors trace the evolution of the u s government s role in the economy including the history ideas key players and court rulings that influenced its involvement today s economic environment is in constant flux as is the participation of governments in it local state national and global governmental agencies have taken on new responsibilities with both positive and negative economic consequences this book looks at the changing role of american government in the economy from determining the measurements of economic health to being mindful of corporate sustainability to legislating business practices and consumer affairs this comprehensive collection of essays draws from the contributions of 25 economic scholars along with seasoned educators david a dieterle and kathleen c simmons to examine economic systems and the factors that influence them the work includes summaries of important supreme court cases that have impacted america s economic infrastructure biographies of famous economists and

descriptions of the seven key economic systems command socialism democratic socialism fascism market capitalism state capitalism transitional and welfare state in an age of austerity public leaders and managers face a range of external challenges fiscal social and political combining theoretical insight empirical commentary and practical experience this book examines how democratic political systems work and how public decisions are made and how they could be made better this book brings out current research and practice concepts articulating the research agenda for e government when e government was first conceived it was designed upon basic technologies where the emphasis was only on the simple display of government information for citizens to read nowadays e government design comprises many complicated modules such as upload and download consoles two way interaction consoles between citizens and government agents integrated government business processes presenting the whole of government and it does not depend solely on technology the complexity of e government has now evolved to include political cultural economic social and technical dimensions bringing all these difficult aspects together is so complicated that it needs carefully planned strategies informed by local contextual characteristics rather than giving formulaic definitions and conceptual standpoints on many aspects of e government as is the case in many e government publications this book will explore the frontiers of global knowledge value chains by discussing current and future dimensions of e government for example the book discusses the concept of data governance by exploring how actual opening up of government data can be achieved especially in a developing world context further the book posits that opening government data should be followed by the opening up of government business processes in order to peddle the concept of accountability and responsiveness much text on data governance has concentrated on articulating the basic definitions surrounding this concept another very important topic explored in this book is regarding how the concept of decolonisation can be extended to e government by providing practical examples as to how researchers in the developing world can contribute to the

advancement of e government as a scientific field of enquiry and guide its implementation thereof decolonisation is advocated for in e government research so that there is a balance in the inclusion of the afrocentric knowledge into e government advancement other than over reliance on the euro asia and america centric knowledge value chains mbembe 2015 as e government is a very expensive undertaking the issue of funding has excluded african countries and a majority of the developing world from implementing e government despite funding being a critical cornerstone of e government development there is a dearth of information on this topic therefore this book provides a chapter which discusses traditional and innovative ways of funding e government design and implementation which can go a long way in improving e government penetration into the developing world further the book explores how intelligent e government applications can be designed especially in resource constrained countries a couple of emerging technology innovations such as fog computing and intelligent information technology are explored within the realm of e government design e government has the potential to improve public services information transparency and the engagement of civic participation of the public sector management this book analyzes the achievement of expectations created by public managers policy makers and stakeholders with regard to the implementation of e government policies and applications it also tries to determine whether e government applications have been introduced as a fad or according to real demands from citizenry and if efforts within e government have been effective this book investigates how public managers and policy makers imagine e government policies and the impact of those policies on their management and decision making process through the engagement of citizenry it is also discusses whether e government policies are merely procedural improvements that strictly introduce new ways of delivering public services or disclosing public sector information the book s analysis of the overall expectations on e government applications makes it of interest to scholars in public administration as well as to policy makers and stakeholders

Political Theories of Modern Government (Routledge Revivals)

2009-11-05

this reissued work originally published in 1985 is a uniquely broad and original survey of theories and beliefs about the growth behaviour performance and reform of the governments of modern western democracies after analysing the external pressures which have shaped modern governments the author examines four different schools of political thought which seek to explain the behaviour and performance of governments and which offer different remedies for the pluralism corporatism and bureaucracy to examine and test these general theories the author looks closely at how governments actually work the book is illustrated with examples drawn from various western societies the final chapters present the author s own conclusion about the future role of government the limits of market philosophy the future of politics and the principles and problems of institutional reform

The Theory and Practice of Modern Government

1961

constitution mentioned above have treated in a suitable manner the political parties of those countries have been studied at the end of every chapter this book will surely be useful not only for the students but also for the candidates of all competitive examinations

Modern Governments

1999

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Theory and Practice of Modern Government

1924

john gray has become one of our liveliest and most influential political philosophers this current volume is a sequel to his liberalism's essays in political philosophy the earlier book ended on a sceptical note both in respect of what a post liberal political philosophy might look like and with respect to the claims of political philosophy itself john gray's new book gives post liberal theory a more definite content it does so by considering particular thinkers in the history of political thought by criticizing the conventional wisdom liberal and socialist of the western academic class and most directly by specifying what remains of value in liberalism the upshot of this line of thought is that we need not regret the failure of foundationalist liberalism since we have all we need in the historic inheritance of the institutions of civil society it is to the practice of liberty that these institutions encompass rather than to empty liberal theory that we should repair

The Government of Modern States

1936

this monograph provides a coherent and systematic explanation of china's regional economic development from the perspective of regional government competition it gives an almost unknown exposition of the mechanisms of china's regional economic development with numerous supporting cases drawn from both china and elsewhere this book is an invaluable resource for anyone interested to learn more particularly the development and transformation of china's regional economy from both the chinese and global perspectives

An introduction to the study of the government of modern states

1919

in local government in early america brian p janiskee examines the origins of the town hall meeting and other iconic political institutions whose origins lie in our colonial heritage this work offers an overview of the structure of local politics in the colonial era a detailed examination of the thoughts of key founders such as john adams and thomas jefferson on local politics and some thoughts on the continued role of local institutions as vital elements of the american political system

Modern Forms of Government

1959

the reception of michel foucault s work in the social sciences and humanities has been phenomenal foucault s concepts and methodology have encouraged new approaches to old problems and opened up new lines of enquiry this book assesses the contribution of foucault s work to research and thinking in the area of health and medicine and shows how key researchers in the sociology of health and illness are currently engaging with his ideas foucault health and medicine explores such important issues as foucault s concept of discourse the critique of the medicalization thesis the analysis of the body and the self foucault s concept of bio power in the analysis of health education the implications of foucault s ideas for feminist research on embodiment and gendered subjectivities the application of foucault s notion of governmentality to the analysis of health policy health

bringing a vast amount of material to a western audience for the first time this book provides a detailed systematic micro level analysis of the historical development of the chinese banking industry analyzing the key issues in the development of the bank of china in the period 1905 to 1949

The Theory and Practice of Modern Government

1932

this is a brand new edition of the critically acclaimed encyclopedia of government and politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium providing a penetrating analysis of government and politics at a global regional and nation state level the encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research the articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life with its expanded revised and updated coverage encyclopedia of government and politics is more than ever an indispensable tool for students teachers professional analysts and policy makers

The Theory und Practice of Modern Government

1932

an earlier edition of this extraordinarily prescient elegantly written book created a sensation among washington media insiders when it was published more than five years ago under the title demoscclerosis in it jonathan rauch a former correspondent for the economist and a columnist for national journal showed with startling clarity the reasons why america s political system and in fact other political systems as well was becoming increasingly ineffective today as rauch s predictions continue to manifest themselves in a national politics of sound and fury and little effective legislation and in increasing voter cynicism this book has achieved renown as the classic and essential work on why politics and government don t work in government s end rauch has completely rewritten and updated his earlier work to reassess his theory analyze the political stalemate of the last few years and explain why sweeping reform efforts of the kind led by ronald reagan bill clinton and newt gingrich aren t the answers he also looks ahead at what is likely to happen or not happen next and proposes ideas for what we must do to fix the system for anyone who cares about the health of american democracy and indeed of international security government s end is a fascinating disturbing and vitally important book

Introduction to the Study of the Government of Modern States

1901

this book aims to give a comprehensive picture of law government and the constitution in malaysia and to set constitutional developments in their proper political and social context it is written in such a way that lawyers may see how perspectives other than the purely legal can enrich the understanding of constitutional issues in malaysia and that others may comprehend the lawyer s perspective on these issues there has been an increasing interest in constitutional issues in malaysia since the mid 1980s following a number of important events including the advent of judicial activism and the curtailment of royal powers there is now a pressing need for a reappraisal of the malaysian constitution in terms of its political and social dimensions and dynamics and the extent of its adherence to or its interpretation of those principles which are collectively known as constitutionalism that is democratic government the rule of law the separation of powers and the observance of fundamental human rights and liberties the book examines how the constitution has adjusted to its environment how it actually operates and how its abstractions differ from reality the author concludes that the principles of the constitution have been eroded to such a degree that a new constitutional settlement is needed one which makes it clear what the basic tenets of the malaysian polity are

Modern Politics and Government

1981

in presidential government in gaullist france william g andrews describes and explains the basic character of executive legislative relations in gaullist france from 1958 to 1974 he demonstrates that the fifth republic became presidential despite its parliamentary constitution because of changes made by de Gaulle that were compatible with the emergent character of french society the

information is provided in a conceptual framework that gives it greater coherence explanatory value and significance andrews relates differences in the nature of institutions of societies and of political problems to types of power relationships that exist between the legislative and executive branches of government in order to achieve an objective appraisal of the controversial leader andrews fits de Gaulle's constitutional efforts into a broader understanding of the relationships among great leaders texts societies and institutions the book enhances our understanding of the operation of the fifth republic and of french government in general

Post-Liberalism

2014-02-04

the first five editions of this well established book were written by colin turpin this new edition has been prepared jointly by colin turpin and adam tomkins this edition sees a major restructuring of the material as well as a complete updating new developments such as the constitutional reform act 2005 and recent case law concerning the sovereignty of parliament the human rights act counter terrorism and protests against the iraq war among other matters are extracted and analysed while it includes extensive material and commentary on contemporary constitutional reform turpin and tomkins is a book that covers the historical traditions and the continuity of the british constitution as well as the current tide of change all the chapters contain detailed suggestions for further reading designed principally for law students the book includes substantial extracts from parliamentary and other political sources as well as from legislation and case law as such it is essential reading also for politics and government students much of the material has been reworked and with its fresh design the book provides a detailed yet accessible account of the british constitution at a fascinating

moment in its ongoing development

Regional Government Competition

2018-12-07

in this non biased politically neutral compendium the authors trace the evolution of the u s government s role in the economy including the history ideas key players and court rulings that influenced its involvement today s economic environment is in constant flux as is the participation of governments in it local state national and global governmental agencies have taken on new responsibilities with both positive and negative economic consequences this book looks at the changing role of american government in the economy from determining the measurements of economic health to being mindful of corporate sustainability to legislating business practices and consumer affairs this comprehensive collection of essays draws from the contributions of 25 economic scholars along with seasoned educators david a dieterle and kathleen c simmons to examine economic systems and the factors that influence them the work includes summaries of important supreme court cases that have impacted america s economic infrastructure biographies of famous economists and descriptions of the seven key economic systems command socialism democratic socialism fascism market capitalism state capitalism transitional and welfare state

Local Government in Early America

2010

in an age of austerity public leaders and managers face a range of external challenges fiscal social and political combining theoretical insight empirical commentary and practical experience this book examines how democratic political systems work and how public decisions are made and how they could be made better

Foucault, Health and Medicine

2002-01-08

this book brings out current research and practice concepts articulating the research agenda for e government when e government was first conceived it was designed upon basic technologies where the emphasis was only on the simple display of government information for citizens to read nowadays e government design comprises many complicated modules such as upload and download consoles two way interaction consoles between citizens and government agents integrated government business processes presenting the whole of government and it does not depend solely on technology the complexity of e government has now evolved to include political cultural economic social and technical dimensions bringing all these difficult aspects together is so complicated that it needs carefully planned strategies informed by local contextual characteristics rather than giving formulaic definitions and conceptual standpoints on many aspects of e government as is the case in many e government publications this book will explore the frontiers of global knowledge value chains by discussing current and future dimensions of e government for example the book discusses the concept of data governance by exploring how actual opening up of government data can be achieved especially in a developing world context further the book posits that opening government data should be followed by the opening up of government business

processes in order to peddle the concept of accountability and responsiveness much text on data governance has concentrated on articulating the basic definitions surrounding this concept another very important topic explored in this book is regarding how the concept of decolonisation can be extended to e government by providing practical examples as to how researchers in the developing world can contribute to the advancement of e government as a scientific field of enquiry and guide its implementation thereof decolonisation is advocated for in e government research so that there is a balance in the inclusion of the afrocentric knowledge into e government advancement other than over reliance on the euro asia and america centric knowledge value chains mbembe 2015 as e government is a very expensive undertaking the issue of funding has excluded african countries and a majority of the developing world from implementing e government despite funding being a critical cornerstone of e government development there is a dearth of information on this topic therefore this book provides a chapter which discusses traditional and innovative ways of funding e government design and implementation which can go a long way in improving e government penetration into the developing world further the book explores how intelligent e government applications can be designed especially in resource constrained countries a couple of emerging technology innovations such as fog computing and intelligent information technology are explored within the realm of e government design

1998-10-10

e government has the potential to improve public services information transparency and the engagement of civic participation of the public sector management this book analyzes the

achievement of expectations created by public managers policy makers and stakeholders with regard to the implementation of e government policies and applications it also tries to determine whether e government applications have been introduced as a fad or according to real demands from citizenry and if efforts within e government have been effective this book investigates how public managers and policy makers imagine e government policies and the impact of those policies on their management and decision making process through the engagement of citizenry it is also discusses whether e government policies are merely procedural improvements that strictly introduce new ways of delivering public services or disclosing public sector information the book s analysis of the overall expectations on e government applications makes it of interest to scholars in public administration as well as to policy makers and stakeholders
