from christian piatt when i was a teenager my youth minister threw a bible at my head for asking questions too often for various reasons people don t have the opportunity to ask the hard questions they have about faith religion salvation and the bible and when questions are left unanswered in communities of faith people either seek answers elsewhere or lose interest all together the purpose of the series is to collect the most compelling and challenging questions from various theological areas and pose them to a panel of experts who are challenged with responding in two hundred words or less in plain english this volume addresses challenging or controversial questions about scripture collected from people on facebook myspace twitter and other social networking media respondents include theology professors clergy lay leaders liberals conservatives and voices representing a spectrum of views the idea behind the books is not so much to provide definitive answers as it is to stimulate thought reflection and discussion by offering multiple perspectives readers have the opportunity to arrive at their own questions better they come to understand that questioning faith is not taboo but rather that it can be at the foundation of a strong and growing faith the directive given to each respondent guided them to be concise and to speak in plain language but also not to rely exclusively on the bible says it justifications or to wax abstract or overly intellectual instead they write from personal experience

as much as possible and provide real life contexts that will allow the average seeker or churchgoer to apply such ideas to their daily lives
