Earl Bathurst and British Empire 1999-03-16 the fifth volume of this monumental series chronicles what was perhaps the stormiest period in the history of marcus garvey and the unia the aftermath of the tumultuous 1922 convention outside the unia a growing list of opponents including the black socialists a philip randolph and chandler owen and the naacp s robert bagnall and william pickens were turning their criticism of the controversial jamaican into a garvey must go campaign meanwhile garvey s former unia ally rev j w h eason who had been impeached at the 1922 convention was emerging as a dangerous rival eason was assassinated in january 1923 just as he was to testify against garvey in the latter s mail fraud trial though it may be impossible to determine if garvey had a role in the killing the murder generated negative publicity that did untold damage to garvey and his organization throughout all this the federal government pressed its case against garvey and his co defendants on mail fraud charges stemming from irregularities in the sale of black star line stock in june 1923 a jury found garvey guilty and he was sentenced to five years in prison internecine feuds wracked the movement while garvey languished in new york city s toms prison awaiting bail so that he could mount an appeal as soon as he was released in september 1923 he turned his energy to reconsolidating the unia while considering the best appeal strategy for the unia garvey resurrected an old commercial message that economic salvation was to be found in ships in march 1924 he reconstituted the defunct black star line as the black cross

navigation and trading co and bought a ship the s s general goethals in time for a tour of it by convention delegates the shipboard tour proved to be a highlight of the 1924 convention during which unia leadership was stunned by the liberian government s formal repudiation of the movement s african colonization plans despite the unia s unexpected setback in liberia the movement continued to spread into new places particularly in america s southern states generously illustrated with photographs and facsimile documents volume v of the marcus garvey and universal negro improvement association papers upholds the impeccable editorial standards of the first four volumes once again a wealth of new sources collected from around the world demonstrates how vitally important marcus garvey and the mass movement he controlled were to afro american history **Official Army Register for ...** 1866 presenting the views of leading experts on strategic considerations in eurasia this volume shows that the 11 september attacks and subsequent developments have affected the way in which international relations are evaluated in addition these developments have turned the concept of asymmetric threats including large scale international terrorist attacks into genuine realistic dangers threatening our security as a result the conventional mindset over issues of war and peace of existing alliances and partnerships even of the character of the international system has to be re evaluated this volume sheds light on the aspects of change that have taken place in the post 11 september evolution of international relations in eurasia

The Shop 2003 it is commonplace that warfare was integral to the european expansion pitting the superiorities of the european against the inferiorities of the native the aim of this book is to look deeper and to examine the technological political and economic structures and capacities of the competing forces that shaped their ability to wage war and the impact that colonial wars had on european and non european states and societies alike questions of the extent to which one side could adapt its military institutions tactics and technology to those of its opponents figure prominently this was far from an inevitable one way process and environment and disease remained vital factors the studies also situate these conflicts within the broader debate concerning the so called military revolution and show that our ideas of this need to be reconsidered in the light of what was happening outside europe

Twice the Work of Free Labor 1996-01-17 when the birth of fascist ideology was first published in 1989 in france and at the beginning of 1993 in italy it aroused a storm of response positive and negative to zeev sternhell s controversial interpretations in sternhell s view fascism was much more than an episode in the history of italy he argues here that it possessed a coherent ideology

with deep roots in european civilization long before fascism became a political force he maintains it was a major cultural phenomenon this important book further asserts that although fascist ideology was grounded in a revolt against the enlightenment it was not a reactionary movement it represented instead an ideological alternative to marxism and liberalism and competed effectively with them by positing a revolt against modernity sternhell argues that the conceptual framework of fascism played an important role in its development building on radical nationalism and an antimaterialist revision of marxism fascism sought to destroy the existing political order and to uproot its theoretical and moral foundations at the same time its proponents wished to preserve all the achievements of modern technology and the advantages of the market economy nevertheless fascism opposed every bourgeois value universalism humanism progress natural rights and equality thus as sternhell shows the fascists adopted the economic aspect of liberalism but completely denied its philosophical principles and the intellectual and moral heritage of modernity
