the social security first year of retirement rule lets people exclude from social security s annual earned income limit any pre retirement wages they earn in the calendar year they start there s a limit on how much you can earn and still receive your full social security retirement benefits while working some people who file for benefits mid year have already earned more than their yearly earnings limit amount we have a special rule for this situation there is a special rule that applies to earnings for 1 year usually the first year of retirement under this rule you can get a full social security benefit for any whole month you are retired and earnings are below the monthly limit for every 2 you exceed that limit 1 is withheld from your benefits there is one exception to this rule the year in which you will reach full retirement age for the period between january 1 and the month you attain full retirement age the income limit increases to 56 520 for 2023 without a reduction in benefits the monthly earnings test still applies if you reach full retirement age in 2024 social security will consider you retired for any month that your earnings do not exceed 4 960
