delphiclassics.com to learn more about our wide range of titles though much has been written about Lawrence's poetry as revealed by the several hundred entries in the book's checklist of criticism there have been relatively few full length studies this book deals with the whole range of his poetry from his earliest poems such as 'To Campions' and 'To Guelder Roses' through the poems inspired by his elopement with and subsequent marriage to Frieda Weekley. Look we have come through to the mature achievement in free verse forms inspired by Walt Whitman of birds, beasts and flowers, pansies and last poems the genesis of the poems in Lawrence's life is explored and there are new interpretations of his most memorable poems such as 'The Wild Common', 'Piano Song of a Man who has come through Tortoises', 'Peach', 'Pomegranate', 'Snake', 'Bavarian Gentians' and 'The Ship of Death'. This pre-eminent bibliography for D.H. Lawrence was extensively revised, updated and expanded by Paul Poplawski for publication in 2001. Since his death in 1930 D.H. Lawrence has become not only one of the most controversial English novelists of the twentieth century but also one of the most widely read and quoted writers in the language. In this new study of his major fiction, Alistair Niven revalues all the novels tracing Lawrence's development through them both as an artist and as a thinker. At the centre of the book Dr Niven discusses 'The Rainbow' and 'Women in Love' as the diverse products of a single creative intention, nothing less than an exploration of where modern man is going. Lawrence's early novels 'The White Peacock' and 'The Trespasser' receive exceptionally close scrutiny. There are also full length chapters on Lawrence's well known fiction of sexual self-discovery 'Sons and Lovers' and 'Lady Chatterley's Lover', the travel novels 'The Lost Girl', 'Aaron's Rod', 'The Plumed Serpent' and especially the Australian novel 'Kangaroo' which the author believes has been seriously underestimated by previous critics. As evidence of Lawrence's restless desire to find a superior set of values to those he believed had failed in England, Dr Niven's conclusions are derived solely from his close reading of the novels themselves and when relevant from Lawrence's correspondence and short stories. This study with its unusually lively and commonsense approach confirms Lawrence as not only a great novelist but a central figure in the development of the modern mind.
