Ebony 1977-08 britain s privatised railways continue to provoke debate about the organisation financing and development of the railway system this important book written by britain s leading railway historian provides an authoritative account of the progress made by british rail prior to privatisation and a unique insight into its difficult role in the government s privatisation planning from 1989 based on free access to the british railway board s rich archives the book provides a comprehensive analysis of the main themes a process of continuous organisational change the existence of a persistent government audit perennial investment restraints the directive to reduce operating costs and improve productivity a concern with financial performance technological change service quality and the management of industrial relations and the board s ambiguous position as the conservative government pressed home its privatisation programme the introduction of sector management from 1982 and the organising for quality initiative of the early 1990s the serpell report on railway finances of 1983 the sale of the subsidiary businesses the large scale investment in the channel tunnel and the obsession with safety which followed the clapham accident of 1988 are all examined in depth in the conclusion the author reviews the successes and failures of the public sector rehearses the arguments for and against integration in the railway industry and contrasts what many have termed the golden age of the mid late 1980s when the british rail government relationship was arguably at its most effective with what has happened since 1994

Publications 1984 the legion of fans who refuse to believe that elvis presley died august 16 1977 has been a major force behind the ever expanding elusive and enduring elvis myth during the past seventeen years this network of fervent true believers engages in activities that include

a melange of sightings and conspiracy theories mass media coverage of these phenomena has evolved from the underground grass roots level to widespread publicity with social religious commercial and ideological underpinnings in true disbelievers r serge denisoff and george plasketes examine the implications of various accounts and several perspectives on elvis presley s death and transfiguration denisoff and plasketes also analyze the various media that those who doubt elvis s death use to popularize their positions including television magazines and books they review the work of others who have written on the subject such as gail brewer giorgio and major bill smith and raise provocative yet valid questions about the phenomenon they describe true disbelievers takes a pointed look at the music industry as well and how it has used and commercially benefitted by the continuing belief that elvis lives they examine common strands in the many reports of elvis sightings since presley s reported death denisoff and plasketes describe the elvis phenomenon in serious objective as well as empathetic terms placing it in the context of studies of cult figures and their followers true disbelievers contains a great deal of fascinating information about america s popular culture and the power and influence of the media in modern society it will be of significant interest to communication studiesscholars sociologists professionals in the music and media industries and those interested in popular culture
