The Right-aim School Bible 1834 the miracles of christ jesus are recorded by all the four gospel writers which are treated in accordance with arrangement of each writer in their respective books a careful reading and scrupulous examination in matthew mark luke and john shows that the three categories of the miracles mentioned above are mixed up or rather placed or scattered haphazardly please note this does not in any way constitute to contextual criticism the main task of this book is to re cast or re set these three types of miracles which are unsystematically or indiscriminately placed in the four gospels and to meticulously put them in an organised or methodically order or format under the guidance of the holy spirit this had been achieved in this book and this is one of the strongest and positive advantages and strength which makes this book unique and special this makes it possible to read these amazing wonders with ease and without tears
