What He Needs 2017-11-28 mm romance a disillusioned dom a devastated sub when craig walks into the first kink club he s been in for months the last thing he expects to see is his former dom tim wearing a collar if learning his ex is a switch isn t shocking enough craig quickly finds himself on the wrong side of his ex s dom when the reunion turns ugly another dom swoops in and saves the day and craig is too shaken to argue when the sweet dom steps in and takes care of him alan noticed the boy the minute he walked into his club it was hard not to he was beautiful sad and fully clothed once the boy is in alan s arms he knows he doesn t want to let him go maybe ever he worries that even though his hardcore dom days are behind him his experience will scare craig and he ll lose the chance to have something real with him their relationship quickly heats up but craig can t stop wondering if an inexperienced sub will be enough for a seasoned dom in the long run

Aristotle on Desire 2012-08-30 desire is a central concept in aristotle s ethical and psychological works but he does not provide us with a systematic treatment of the notion itself this book reconstructs the account of desire latent in his various scattered remarks on the subject and analyses its role in his moral psychology topics include the range of states that aristotle counts as desires orexeis objects of desire orekta and the relation between desires and envisaging prospects desire and the good aristotle s three species of desire epithumia pleasure based desire thumos retaliatory desire and boulêsis good based desire in a narrower notion of good than that which connects desire more generally to the good aristotle s division of desires into rational and non rational aristotle and some current views on desire and the role of desire in aristotle s moral psychology the book will be of relevance to anyone interested in aristotle s ethics or psychology

New Desires, New Selves 2015-08-21 as turkey pushes for its place in the global pecking order and embraces neoliberal capitalism the nation has seen a period of unprecedented shifts in political religious and gender and sexual identities for its citizens in new desires new selves gul ozyegin shows how this social transformation in turkey is felt most strongly among its young people eager to surrender to the seduction of sexual modernity but also longing to remain attached to traditional social relations identities and histories engaging a wide array of upwardly mobile young adults at a major turkish university ozyegin links the biographies of individuals with the biography of a nation revealing their creation of conflicted identities in a country which has existed uneasily between west and east modern and traditional and secular and islamic for these young people sexuality gender expression and intimate relationships in particular serve as key sites for reproducing and challenging patriarchy and paternalism that was hallmark of earlier generations as ozyegin evocatively shows the quest for sexual freedom and an escape from patriarchal constructions of selfless femininity and protective masculinity promise both personal transformations and profound sexual guilt and anxiety a poignant and original study new desires new selves presents a snapshot of cultural change on the eve of rapid globalization in the muslim world

The Treasury of David 1873 theology in the modern era often assumes that the consummate form of theological discourse is objective prose ignoring or condemning apophatic traditions and the spiritual eros that drives them for too long kierkegaard has been read along these lines as a progenitor of twentieth century neo orthodoxy and a stern critic of the erotic in all its forms in contrast hughes argues that kierkegaard envisions faith fundamentally as a form of infinite insatiable eros he depicts the essential purpose of kierkegaard s writing as to elicit ever greater spiritual desire not to provide the satisfactions of doctrine or knowledge hughes s argument revolves around close readings of provocative disparate and in many cases little known kierkegaardian texts the thread connecting all of these texts is that they each conjure up some sort of performative stage setting which they invite readers to enter by analyzing the theological function of these texts the book sheds new light on the role of the aesthetic in kierkegaard s authorship his surprising affinity for liturgy and sacrament and his overarching effort to conjoin eros for god with this worldly love

Kierkegaard and the Staging of Desire 2014-07-02 adoniram judson was not only a historic figurehead in the first wave of foreign missionaries from the united states and a hero in his own day but his story still wins the admiration of christians even today though numerous biographies have been written to retell his life story in every ensuing generation until now no single volume has sought to comprehensively synthesize and analyze the features of his theology and spiritual life his vision of spirituality and religion certainly contained degrees of classic evangelical piety yet his spirituality was fundamentally rooted in and ruled by a mixture of asceticism and new divinity theology judson s renowned fortitude emerged out of a peculiar missionary spirituality that was bibliocentric ascetic heavenly minded and christocentric the center of adoniram judson s spirituality was a heavenly minded self denying submission to the sovereign will of god motivated by an affectionate desire to please christ through obedience to his final command revealed in the scriptures unveiling the heart of his missionary spirituality judson himself asked what then is the prominent all constraining impulse that should urge us to make sacrifices in this cause and he answered thus a supreme desire to please him is the grand motive that should animate christians in their missionary efforts

The Museum of Desire 2020-02-06 a stunning exploration of the relation between desire and psychopathology the death of desire is a unique synthesis of the work of laing freud nietzsche and heidegger that renders their often difficult concepts brilliantly accessible to and usable by psychotherapists of all persuasions in bridging a critical gap between phenomenology and psychoanalysis m guy thompson one of the leading existential psychoanalysts of our time firmly re-situates the unconscious what freud called the lost continent of repressed desires in phenomenology in so doing he provides us with the richest most compelling phenomenological treatment of the unconscious to date and also makes freud's theory of the unconscious newly comprehensible in this revised and updated second edition to the original published in 1985 m guy thompson takes us inside his soul searching seven year apprenticeship with radical psychiatrist r d laing and his cohorts as it unfolded in counterculture london of the 1970s this rite de passage culminates with a four year sojourn inside one of laing's post kingsley hall asylums where laing's unorthodox conception of treatment dispenses with conventional boundaries between doctor and patient in this unprecedented exploration thompson reveals the secret to laing's astonishing alternative to the conventional psychiatric and psychoanalytic treatment schemes movingly written and deeply personal thompson shows why the very concept of mental illness is a misnomer and why sanity and madness should be understood instead as inherently puzzling stratagems that we devise in order to protect ourselves from intolerable mental anguish the death of desire offers a provocative and challenging reappraisal of depth psychotherapy from an existential perspective that will be of interest to psychoanalysts psychotherapists philosophers social scientists and students of the human condition

The Death of Desire 2016-07-07 in this fascinating look at the creative power of institutions jonah siegel explores the rise of the modern idea of the artist in the nineteenth century a period that also witnessed the emergence of the museum and the professional critic treating these developments as interrelated he analyzes both visual material and literary texts to portray a culture in which art came to be thought of in powerful new ways ultimately siegel shows that artistic controversies commonly associated with the self-consciously radical movements of modernism and postmodernism have their roots in a dynamic era unfairly characterized as staid self-satisfied and stable the nineteenth century has been called the age of the museum and yet critics art theorists and poets during this period grappled with the question of whether the proliferation of museums might lead to the death of art itself did the assembly and display of works of art help the viewer to understand them or did it numb the senses how was the contemporary artist to respond to the vast storehouses of art from disparate nations and periods that came to proliferate in this era siegel presents a lively discussion of the shock experienced by neoclassical artists troubled by remains of antiquity that were trivial or even obscene as well as the anxious aesthetic reveries of nineteenth century art lovers overwhelmed by the quantity of objects quickly crowding museums and exhibition halls in so doing he illuminates the fruitful crises provoked when the longing for admired art is suddenly satisfied drawing upon neoclassical art and theory biographies of early nineteenth century writers including keats and scott and the writings of art critics such as hazlitt ruskin and wilde this book reproduces a cultural matrix that brings to life the artistic passions and anxieties of an entire era
