that tend to serve a higher purpose what can i say halloween has always had a weird significance to me there s something symbolic about running around at night with a mask on trying to be master of your own universe surrounded by ghosts and ghouls and goblins with your toy weapon in one hand and your goodie bag in the other trying to score as much candy as you can before the real darkness takes over where did that child go that kid with the he man mask sometimes our biggest fears are the answers to questions we ask any other questions just read the damn book
