2000

service manual for the british super heavy tank tog 2 pieced together from surviving records this manual was written in sections during the long development of the tank and was stopped when the project was terminated as such the manual is incomplete but has been recreated as close as possible to what the original manual would have looked like had the tank

entered production terminated at a time when the manual was transitioning from tog 2r to tog 2 this manual provides an intriguing insight into the development process for a service manual for a tank and to the vehicle itself intended as a supplement to the tanks of tog by andrew hills this manual shows how far the project had progressed and the amount of work which had gone into the design
