Celebrating Latino Folklore [3 volumes] 2005

with a riotous mix of saints and devils street theater and dancing and music and fireworks christian festivals are some of the most lively and colorful spectacles that occur in spain

and its former european and american possessions that these folk celebrations with roots reaching back to medieval times remain vibrant in the high tech culture of the twenty first century strongly suggests that they also provide an indispensable vehicle for expressing hopes fears and desires that people can articulate in no other way in this book max harris explores and develops principles for understanding the folk theology underlying patronal saints day festivals feasts of corpus christi and carnivals through a series of vivid first hand accounts of these festivities throughout spain and in puerto rico mexico peru trinidad bolivia and belgium paying close attention to the signs encoded in folk performances he finds in these festivals a folk theology of social justice that however obscured by official rhetoric by distracting theories of archaic origin or by the performers own need to mask their resistance to authority is often in articulate and complex dialogue with the power structures that surround it this discovery sheds important new light on the meanings of religious festivals celebrated from belgium to peru and on the sophisticated theatrical performances they embody
