personal insolvency and commercial dispute resolution quote tort law the essentials is part of aspen s new essentials series which takes a forest rather than the trees approach by first exposing students to the subject as a whole before delving deeply into individual legal rules this insightful paperback concentrates on the fundamentals and uses an informal personal style to explain the essential concepts and doctrines of tort law suitable for use with any casebook this resource will help

students recognize and understand how common themes enhance their ability to comprehend doctrinal issues understand the key principles and practices of corporate law with this essential guide covering topics from governance to compliance this book is designed for legal professionals and business leaders navigating the complex landscape of corporate law this book covers key topics in contract law it is designed for a short course format that is focused on practical knowledge and is well suited for non lawyers company law essentials is a clear and concise study and revision guide for students it contains all the essential information students need when preparing for exams and includes useful summary sections of essential facts and essential cases an invaluable text which students can use to gain a quick understanding of a new subject to help them through a course or as an aid to revision for exams this book is also an excellent resource for those who need to refresh their knowledge of company law this essential desk reference for patent attorneys engineers entrepreneurs innovators development professionals and students has been updated with the latest court cases and legislation in a world in which businesses thrive on innovation it is more important than ever to understand the sometimes arcane rules through which human ingenuity becomes intellectual property although many reference works on patent law exist they are written for specialists through clear writing specific examples and focus on the fundamentals patent law essentials a concise guide makes the basic rules of patent law accessible to businesspeople engineers students and others who need to understand the rules of a notoriously complicated game patent law essentials begins with an overview of patent law and other aspects of intellectual property and then guides the reader through an example of an actual patent one literally claiming a better mousetrap the chapters that follow discuss the types of inventions that can be patented recently a subject of much dispute the process of applying for a patent the requirements of a valid patent and the procedures for determining if a patent has been infringed upon the appendix includes several examples of actual u s patents including the mousetrap patent discussed in detail in the early chapters from defamation to dangerous animals and from negligence to nuisance delict essentials will introduce you to the scots law of delict fully updated for the third edition this concise guide will give you the key facts that you need whether you re a busy law student revising for those all important exams or a professional practitioner looking to brush up on your knowledge it will also be useful for those studying comparative criminal law or tort across different jurisdictions space law essentials vol 1 textbook vol 2 casebook presents the theory and practice of space law in a modern user oriented format succession law essentials teaches you all you need to know about the scots laws of succession including estates executors wills will substitutes valid and invalid testimony intestate succession legacies vesting and more dynamic business law is appropriate for the one semester business law course it contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper level law class the text provides an examination of the basic questions concepts and legal rules of business law emphasis on the business in business law dynamic business law the essentials emphasizes the tie of legal issues back to the core business curriculum this will help both students and faculty faculty need to know how this is integrated as they are constantly defending the inclusion of this course in the business curriculum and students need to understand how the concepts tie to their future business careers emphasis on teaching many professors teaching this course are attorneys first and academics second they do not have a lot of time to prepare or think about how to apply this information effectively for their business students dynamic business law the essentials contains a helpful instructor s manual particularly for the many adjuncts teaching this course emphasis on critical thinking neil browne one of the co authors of this text has written a successful text on critical thinking his framework is included in dynamic business law the essentials as well to help students learn how to frame and reframe a question issue critical thinking questions are also included at the end of each case to tie in this component even further examines the influence of classical philosophy on revenge narratives by shakespeare and his contemporaries the law of contract forms the basis of our civil society without the law of contract we could not buy food clothing or a place to live nor could we book holidays run a business or manage a football club but contract law is complex and intricate and disputes over contracts have led to a wealth of court cases over the years this updated third edition gives you a clear and concise guide to the basics of the law of contract as it pertains to scotland from what a contract is to how they are formed terminated and breached and from third party rights to cross border contracts providing a readable explanation of the law this textbook brings business law to life through the extensive use of diagrams and examples highlighting how the law operates in its business context perfect for bachelor of nursing students diploma of nursing students bachelor of midwifery students bachelor of paramedicine students bachelor of health science students post

graduate nursing and midwifery students essentials of law for health professionals 4e provides students with the information and knowledge necessary to make well informed and considered decisions about their legal rights and obligations and the legal rights and obligations of the patients and clients under their care introduces the fundamental concepts and frameworks of health law with clear examples focuses on the importance of accurate records patient confidentiality and the impact of medical negligence provides an increased focus on ethical issues particularly around refusal and or withdrawal of treatment guardianship and the manipulation of life outlines the obligations and responsibilities in relation to medicines mental health legislation child and elder abuse and explores the management of health complaints highlights contemporary issues around national registration requirements for health professionals revised chapters explaining the roles of government and legal professionals chapter 12 registration and regulation of health professionals reflects the national registration requirements for health professionals issues of euthanasia assisted suicide mental health abuse and negligence have been enhanced quick access to the important facts and concepts complete overview simply presented easy to grasp cover an essential handbook for international lawyers and students focusing on vocabulary essential legal english in context introduces the us legal system and its terminology designed especially for foreign trained lawyers and students whose first language is not english the book is a must read for those who want to expand their us legal vocabulary and basic understanding of us government ross uses a unique approach by selecting legal terms that arise solely within the context of the levels and branches of us government including terminology related to current political issues such as partisanship inspired by her students questions over her years of teaching she includes a vast collection of legal vocabulary concepts idioms and phrasal verbs and unpacks concepts embedded in us case law such as how the us constitutional separation of powers may affect a court s interpretation of the law the handbook differentiates basic terms in civil and criminal cases and compares terms that may seem similar because of close spellings but in fact have different meanings for instance what is the distinction between taking the stand and taking a stand what is the difference between treaties and treatises featuring illustrations and hands on exercises essential legal english in context is a valuable self study resource for those who want to improve their legal english terminology before entering a us law school studying us law or government or working as a seconded attorney to a us law firm instructors can use the handbook in an introductory us legal english course how does law protect your ideas and privacy in scotland and the uk the scots common law of property is strongly realist in its concepts and restricts itself to tangible objects objects land things attached to the land but what about non physical property such as your intellectual property and your private personal information these types of property are of increasing importance in this technological age from copyright to patents from data protection to freedom of information and from e commerce to cybercrime intellectual property law essentials explains how uk statute law protects and regulates your information and ideas end of chapter summaries of essential facts highlight the key things you should have learned and summaries of essential cases show how the law is enforced in practice dynamic business law the essentials is appropriate for the one semester business law course it contains the basics of business law but does not get bogged down in the kind of details that are more appropriate in an upper level law class the text provides an examination of the basic questions concepts and legal rules of business law emphasis on the business in business law dynamic business law the essentials emphasizes the tie of legal issues back to the core business curriculum this will help both students and faculty faculty need to know how this is integrated as they are constantly defending the inclusion of this course in the business curriculum and students need to understand how the concepts tie to their future business careers emphasis on teaching many professors teaching this course are attorneys first and academics second they do not have a lot of time to prepare or think about how to apply this information effectively for their business students dynamic business law the essentials contains a helpful instructor s manual particularly for the many adjuncts teaching this course emphasis on critical thinking neil browne one of the co authors of this text has written a successful text on critical thinking his framework is included in dynamic business law the essentials as well to help students learn how to frame and reframe a question issue critical thinking questions are also included at the end of each case to tie in this component even further this comprehensive book seeks to provide a high level view on health law issues and regulations and alert readers to potential issues where such a topic may arise and the
