The Young King

1946

excerpt from stories of the king for more than a thousand years the tales and romances which cluster round the name of king arthur have been told and retold to successive generations of delighted hearers and readers each teller has related his story in his own way preserving the original thread of narrative unbroken and borrowing more or less from his predecessors but giving to the whole a color and setting adapted to the intelligence and tastes of his particular audience thus the welsh bards of the tenth century repeated certain of the romances in such manner as to appeal most strongly to the minds and feelings of their countrymen the french poets of a later time put these romances into a different form and invented new ones for the amusement of the fashionable people of their day a scholarly englishman of the fifteenth century collected all the king arthur legends he could find and rewrote them for the entertainment of the lords and ladies whom he knew a poet laureate of the nineteenth century selected a few of the most pleasing romances and from them produced the idylls of the king for the perpetual delight of minds mature and poetically inclined about the period when forgotten books publishes hundreds of thousands of rare and classic books more di

The Young King and Other Stories

2007

excerpt from the quiet king a story of christ the quiet king is not a religious romance although written with the thought that truth embodied in a tale shall enter in at lowly doors it is less a story even than a closely connected series of studies which draw all their interest and significance from one central figure in them the writer has sought with reverence which grew from more to more with every hour of study to make real to herself and to others the impression made upon men and women of his generation by jesus of nazareth to grasp and clothe in language the transcendent beauty of that life is more than one could hope to do what alone is hoped for in this if only in some faint degree about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at

The Quiet King

2013-10-01

A government switch a rebellion a corrupt king a transformation the blacks and whites have been living amongst each other for an entire century but as the racist movements and officials have become more intense the mindset of the populace has shifted. Auridius is a family man a patriot and a fighter for peace. He has been watching all the political developments in horror, dreading the day that everything will go wrong when an evil dictator takes over and enforces absurd laws. It is up to this courageous man to keep his family from harm and lead the way to a new way of thinking among the general population.
