accompanies this text including exercises and guidance on reading cases the book is simple to navigate pulling all key case law together into one easy to use volume which students can work through systematically or use to reference specific cases an introductory chapter provides valuable guidance on how to read and understand case law developing essential academic and practical skills thought provoking questions are posed throughout to develop an in depth understanding of the subject through critical engagement written by a group of prominent shari ah scholars academics and practitioners in the field of islamic finance this book contains 17 in depth case studies of shari ah governance practices and experiences as well as critical analysis of these practices it serves as a standalone comprehensive reference work on shari ah governance containing an overview of its islamic legal foundations its evolution and development over the years current practices and debates on shari ah governance standards and future prospects for shari ah governance in the global islamic finance market over recent decades sukuk islamic bonds have emerged as one of the most important tools for islamic investment and financing they have become the most successful financial product in the islamic financing industry which has grown at a phenomenal pace over the past decade a key driver in this regard has been the development of the islamic capital markets which offer tremendous potential for sovereigns financial institutions firms and investors alike this book comes at a key juncture in the development of the islamic capital markets with the global pandemic crisis providing an opportunity for the different players in the islamic capital markets to re appraise successes and failures to date more stringent shariah oversight has also encouraged a recent critical re evaluation of the structures used in the islamic capital markets this book provides a comprehensive overview of the sukuk markets tracking their development from the first sukuk to the current outlook after the global pandemic crisis and the recent shariah rulings for islamic financial institutions in relation to sukuk it presents key insights for beginners as well as more experienced practitioners and will serve as a practical handbook for postgraduate research students undergraduate students pursuing a degree in islamic banking and finance academics researchers and stakeholders in islamic capital markets among others blockchains and smart contracts are emerging technologies that pose unique challenges for legal systems this book outlines the extent to which these new and innovative technologies could have potentially disruptive effects on contract law in europe it does so through a comparative three part analysis of the recognisability and effects of smart contracts in european legal systems first of all in light of the technologies transboundary nature the book employs a comparative approach considering french law german law english law and dutch law to analyse the impact on the different systems of contract law while doing so it also addresses the formation interpretation and vitiation of contracts secondly it analyses the impact of these technologies on european laws regarding unfair terms in consumer contracts and argues that the existing rules should be applied to smart legal agreements in business to consumer relations lastly it analyses the current european rules of private international law on the basis of which jurisdiction and applicable law are developed in this respect the book concludes that the vast majority of these european rules are smart contract proof this book centres on the ways in which the concept of imperativeness has found expression in private international law pil and discusses

imperative norms and imperativeness as their intrinsic quality examining the rules or principles that protect fundamental interests and or the values of a state so as to require their application at any cost and without exceptions discussing imperative norms in pil means referring to international public policy and overriding mandatory rules in this book the origins content scope and effects of both these forms of imperativeness are analyzed in depth this is a subject deserving further study considering that very divergent opinions are still emerging within academia and case law regarding the differences between international public policy and overriding mandatory rules as well as with regard to their way of functioning by using an approach mainly based on an analysis of the case law of the cjeu and of the courts of the various european countries the book delves into the origin of imperativeness since roman law explains how imperative norms have evolved in the different conceptions of private international law and clarifies the foundation of the differences between international public policy and overriding mandatory rules and how these concepts are used in eu regulations on pil and in the practice related to these sources of law finally the work discusses the influence of eu and public international law sources on the concept of imperativeness within the legal systems of european countries and whether a minimum content of imperativeness mainly aimed at ensuring the protection of fundamental human rights in transnational relationships between these countries has emerged the book will prove an essential tool for academics with an interest in the analysis of these general concepts and practitioners having to deal with the functioning of imperative norms in litigation cases and in the drafting of international contracts giovanni zarra is assistant professor of international law and private international law and transnational litigation in the department of law of the federico ii university of naples this collection of essays brings together leading scholars and practitioners to discuss contemporary issues in the rapidly expanding sukuk market and frankly debates the challenges facing it since the 2008 financial crisis highly recommended for practitioners scholars and students of islamic finance professor mohammad hashim kamali is the founding chairman and ceo of the international institute of advanced islamic studies iais in malaysia and is a leading authority in islamic jurisprudence islamic finance and human rights in islamic law a k abdullah is an assistant research fellow at the iais islamic finance instruments and markets looks at the application of sharia law to the world of banking and finance it provides you with an understanding of the rationale behind the instruments and the rapidly developing islamic financial markets coverage includes in depth analysis of the financial instruments within the sharia framework and how they are applied in various sectors including insurance investment and capital markets regulatory issues are also discussed both from the role of the sharia board to reporting financial risk to legal bodies it addresses issues such as bringing a new ethical dimension to banking through to the international role of islamic finance and provides you with a range of checklists from business ethics in islamic finance to the role of the shariah advisory board in islamic finance and regulatory and capital issues under shariah law this work is a practical and commercial guide to the fundamental principles of islamic finance and their application to islamic finance transactions islamic finance is a rapidly expanding global industry and this book is designed to provide a practical treatment of the subject it includes discussion and analysis of the

negotiation and structure involved in islamic finance transactions with relevant case studies structure diagrams and precedent material supporting the commentary throughout an introductory section describes the theoretical background and explains the principles and their sources of islamic law which underpin islamic finance practices providing an important backdrop to the work as a whole the work also considers the role of shariah supervisory boards islamic financial institutions and the relevance of accounting approaches the work adopts an international perspective to reflect the pan global nature of the industry and accepted practices with the aim to bring together different schools of thought applied in international islamic finance transactions it also highlights any regional differences in accepted practice by reviewing the position in the gulf states asia the uk and europe and the usa the second part of the book concentrates on islamic financial law in practice and begins with a section on financial techniques this section explains the basic requirements for islamic finance contracts both in terms of the underlying asset types and also both the applicability and acceptability of the underlying asset there is a full discussion of the various types of contractual models such as mudaraba trustee finance musharaka partnership or joint venture murabaha sale of goods and sukuk participation securities coupons etc the nascent area of takaful insurance is also covered as are matters specific to the important field of project and asset finance as an emerging global phenomenon islamic economics and the financial system has expanded exponentially in recent decades many components of the industry are still unknown but hopefully the lack of awareness will soon be stilled the handbook of research on theory and practice of global islamic finance provides emerging research on the latest global islamic economic practices the content within this publication examines risk management economic justice and stock market analysis it is designed for financiers banking professionals economists policymakers researchers academicians and students interested in ideas centered on the development and practice of islamic finance dubai has continued to meet its targets in becoming the global capital of islamic finance nearly doubling the number of sukuk islamic bonds listings on its exchanges since 2017 furthermore eased policy restrictions to encourage foreign investment and the 2019 budget s continued commitment to infrastructure development ahead of expo 2020 are expected to continue driving economic activity as one of the most diversified economies in the region dubai continues to present growth opportunities in various sectors including tourism logistics manufacturing and education although the emirate has benefitted from its proximity to oil and gas fields dubai is right at the forefront of the emerging cleaner energy world and developing and promoting renewable technologies including solar energy and electric vehicles islamic finance has experienced rapid growth in recent years showing significant innovation and sophistication and producing a broad range of investment products which are not limited to the complete replication of conventional fixed income instruments derivatives and fund structures islamic finance represents an elemental departure from traditional interest based and speculative practices relying instead on real economic transactions such as trade investment based on profit sharing and other solidary ways of doing business and aims to incorporate islamic principles such as social justice ecology and kindness to create investment products and financial markets which are both ethical and sustainable products created

according to islamic principles have shown a low correlation to other market segments and are relatively independent even from market turbulences like the subprime crisis therefore they have become increasingly popular with secular muslims and non muslim investors as highly useful alternative investments for the diversification of portfolios in islamic capital markets products and strategies international experts on islamic finance and sharia a law focus on the most imminent issues surrounding the evolution of islamic capital markets and the development of sharia a compliant products the book is separated into four parts covering general concepts and legal issues including rahn concepts in saudi arabia the sharia a process in product development and the integration of social responsibility in financial communities global islamic capital market trends such as the evolution of takaful products and the past present and future of islamic derivatives national and regional experiences from the world s largest islamic financial market malaysia to islamic finance in other countries including germany france and the us learning from islamic finance after the global financial crisis analysis of the risks and strengths of islamic capital markets compared to the conventional system financial engineering from an islamic perspective sharia a compliant equity investments and islamic microfinance islamic capital markets products and strategies is the complete investors guide to islamic finance as an ever growing international business islamic banking has changed the face of economics in recent years as more and more industries embrace islamic principles the industry will unquestionably influence modern economic practices and techniques across the globe growth and emerging prospects of international islamic banking is a collection of innovative research on the methods and applications of islamic banking interests on a global economic scale while highlighting topics including asset diversification profit sharing and financial reporting this book is ideally designed for bankers banking analysts international business managers financiers industry professionals economists government officials academicians students and researchers seeking current research on islamic banking perspectives and approaches to finances dispute resolution in islamic finance addresses how best to handle disputes within islamic finance it examines how they can be resolved in a less confrontational manner and ensure such disagreements are settled in a just and fair way there has been little focus on how disputes within islamic finance are resolved as a result many of these disputes are resolved through litigation notwithstanding that the various jurisdictions and court systems are generally poorly equipped to handle such matters this book addresses this gap in our knowledge by focusing on five centres of islamic finance the united kingdom the united states of america malaysia the kingdom of saudi arabia and the united arab emirates before exploring these countries in detail the book considers the issues of the choice of law within islamic finance as well the prevailing forms of dispute resolution in this form of finance the book brings together a group of leading scholars who are all specialists on the subject in the countries they examine it is a key resource for students and researchers of islamic finance and aimed at lawyers finance professionals industry practitioners consultancy firms and academics in this issue we have presented issues relevant to the most recent debate on the performance practices and principles of the islamic finance industry as a whole covering eleven distinct issues taking an international perspective to corporate finance the latest edition of corporate finance and investment

highly regarded and established text for students who want to understand the principles of corporate finance and develop the key tools to apply it the ninth edition has been revised to include topical issues in valuation working capital capital structure the dividend decision islamic finance risk and risk management and behavioural finance with its focus on strategic issues of finance in a business setting this text uses the latest financial and accounting data articles and research papers to effectively demonstrate how and to what extent the theory can be applied to practical issues in corporate finance unprecedented economic growth and wealth accumulation in predominately muslim countries have prompted many financial institutions in the us and europe to position their investment teams across the middle east and asia to be closer to the markets in which they invest and to take advantage or asset gathering opportunities this growth has also encouraged an increasing number of western industrialised countries to adopt legislation that responds to the requirements of the musli investment community to be effective in these markets it is essential that professionals have an understanding of how shari a legal principles are applied in the financial sector failure to do so exposes them and their clients to potential financial legal and reputational pitfalls the chancellor guide to the legal and shari a aspects of islamic finance is the first professional reference to focus specifically on the legal dimension of islamic finance the guide brings together nineteen islamic finance legal practitioners and advisers to provide a comprehensive yet practical legal perspective on the subject each contributor draws on several years hands on experience in islamic finance product development and advice to leading financial institutions to provide a real world contemporary assessment of the key legal issues in islamic finance the guide s hands on approach and accessible style make it required reading for everyone with a professional interest in islamic finance be they lawyers accountants regulators bankers or investors it is also a unique reference for academic institutions worldwide this book explores contemporary issues and trends facing islamic banks businesses and economies as presented at the international conference of islamic economics banking and finance the authors leverage current empirical research and statistics to provide unique and fresh perspectives on the changing world of islamic finance they focus specifically on to the implementation of islamic financial instruments and services in global capital markets and how their success can be evaluated chapters feature case studies from all over the world including examples from afghanistan bosnia and herzegovina and the united kingdom to name a few the breadth and immediacy of the research presented by the authors will appeal to practitioners and scholars alike the global outlook and rich data based approach adopted in this book guarantee that it is a timely and valuable addition to the field of islamic finance the global financial crisis has called to attention the importance of financial development to economic growth as modern countries continue to struggle with debt unemployment and slow growth however a lack of agreement on how to define and measure financial development slows the development of global financial systems and markets the handbook of research on strategic developments and regulatory practice in global finance creates a common framework for not only identifying but discussing the key factors in establishing a strong global market and financial system this book will be a valuable reference for those interested in an in depth understanding of the financial markets and global

finance including academics professionals and government agencies and institutions small jurisdictions have become significant players in cross border corporate and financial services their nature legal status and market roles however remain under theorized lacking a sufficiently nuanced framework to describe their functions in cross border finance and the peculiar strengths of those achieving global dominance in the marketplace it remains impossible to evaluate their impacts in a comprehensive manner this book advances a new conceptual framework to refine the analysis and direct it toward more productive inquiries bruner canvasses extant theoretical frameworks used to describe and evaluate the roles of small jurisdictions in cross border finance he then proposes a new concept that better captures the characteristics competitive strategies and market roles of those achieving global dominance in the marketplace the market dominant small jurisdiction mdsj bruner identifies the central features giving rise to such jurisdictions competitive strengths some reflect historical cultural and geographic circumstances while others reflect development strategies pursued in light of those circumstances through this lens he evaluates a range of small jurisdictions that have achieved global dominance in specialized areas of cross border finance including bermuda dubai singapore hong kong switzerland and delaware bruner further tests the mdsj concept s explanatory power through a broader comparative analysis and he concludes that the mdsjs significance will likely continue to grow as will the need for a more effective means of theorizing their roles in cross border finance and the global dynamics generated by their ascendance a detailed look at the fast growing field of islamic banking and finance the global islamic finance market is now worth about 700 billion worldwide islamic finance for dummies helps experienced investors and new entrants into islamic finance quickly get up to speed on this growing financial sector here you ll find clear and easy to understand information on how you can incorporate islamic finance products into your investment portfolio you ll quickly and easily become acquainted with the theory practice and limitations of islamic banking understand how to develop products for the islamic financial industry grasp the objectives and sources of islamic law and the basic guidelines for business contacts learn about islamic fund management and insurance and much more coverage of the role islamic finance can play in the development of the financial system and of economies addresses the risks and rewards in islamic banking the future prospects and opportunities of the islamic finance industry with the help of islamic finance for dummies you ll discover the fast and easy way to tap into the booming islamic finance arena øhandbook on islam and economic life is a unique study one of the first of its kind to consider islam within a broader economic sphere covering a wide breadth of topics and research it explores how islam impinges upon and seeks to shape major aspect this book provides an original account detailing the origins and components of a faith based accounting system that was founded around 629 ce by examining the historical development that the accounting systems underwent within the context of faith based rules and values the book explains what is meant by the term faith based accounting together with a discussion of its characteristics in relation to various product structures and the underlying islamic finance principles it provides important theoretical and practical contributions by explaining accounting as a value based science rather than a value free object or abstract this book explores the way in which religious rules are

a directive for accounting and auditing practices in ifis through which the concept of money and digital currency within the theory of money and how it is enacted in a faith based context amid differences of opinions among its actors is examined this is an important foundation to explain islamic accounting and includes how this outcome would shape the faith based view regarding the new phenomenon of digital currency dc also featured is the concept of paper money within the theory of money and how it is enacted in a faith based legal framework by identifying two core concepts of today s fiat money as being a single genus or multi genera money this book is not merely an academic work nor is it a pure practitioner guide rather it is a robust work that combines both it marries rigorous academic research and theories with practical industry experiences the book provides a clear and concise guide to accounting in islamic economics and finance and how islamic financial institutions could meet the applicable faith based rules in their accounting practices the rapid rise of emerging economies has produced deep ranging changes in the global order during recent decades at the beginning of the twenty first century the bipolar confrontation of the cold war seemed to be replaced by a universalized model of political liberalism and economic neo liberalism in recent years however rising nationalism and protectionism indicate the end of unfettered globalization a looming crisis of liberal democracy and a return to ideologies of systemic competition especially vis a vis china against this background this volume takes a fresh look at the evolution of governance models in western and non western civilizations africa india china and the muslim world in particular these models have been largely self contained and without intensive interaction for a long time in the wake of globalization systems ideologies and political values have become part of global discourse eventually turning into what samuel huntington called a clash of civilizations the chapters in this volume offer perspectives on the diversity of civilizations of governance as a base for a new multilateralism in the global context the contributions explore relevant theoretical concepts of transnational governance law and multiple modernity the empirical focus is on analyzing different governance systems in non western civilizations and europe including national states and transnational institutions traditions and networks the volume assembles papers presented at the 2019 international conference of the institute of public policy at south china university of technology in guangzhou china the contributions and the introductory framework have been updated to reflect the unexpected and unprecedented challenges from the coronavirus pandemic and the related economic and social crises pourquoi la france et son industrie financière ont elles près de dix ans de retard par rapport au développement de la finance islamique en angleterre pourquoi la france qui a toutes les capacités juridiques et institutionnelles toutes les ressources humaines nécessaires tarde t elle à mettre en œuvre une finance islamique à la française compétitive et dynamique qui serait un formidable moteur pour notre industrie financière et pour l ensemble de notre économie pourquoi des paradoxes persistants empêchent ils de penser en france la finance islamique comme une opportunité nationale davantage que comme une menace pourquoi le système financier et bancaire français n offre t il toujours pas aux musulmans de france qui constituent la plus grande communauté islamique du monde occidental l accès à une gamme de produits et services alternatifs en phase avec leur sensibilité religieuse qui serait aussi susceptible d apporter

tous les français une réponse dynamique et éthique à leurs problèmes financiers de crédit d investissement volume i financial markets and instruments skillfully covers the general characteristics of different asset classes derivative instruments the markets in which financial instruments trade and the players in those markets it also addresses the role of financial markets in an economy the structure and organization of financial markets the efficiency of markets and the determinants of asset pricing and interest rates incorporating timely research and in depth analysis the handbook of finance is a comprehensive 3 volume set that covers both established and cutting edge theories and developments in finance and investing other volumes in the set handbook of finance volume ii investment management and financial management and handbook of finance volume iii valuation financial modeling and quantitative tools

Raising Capital on Şukūk Markets

2019-05-10

Şukūk markets have grown significantly worldwide since their emergence in islamic jurisdictions as well as conventional jurisdictions including the us the uk germany china france and singapore the practices of şukūk markets however have come under close scrutiny the legal and regulatory risks arising from the existing general legal environment and their impact on those investing and trading in şukūk markets has not received adequate attention the topic of şukūk has been subject to extensive research and academic discussion from different perspectives but the existing literature has not adequately addressed the issues associated with these markets this book examines the contemporary issues encountered in the foundation and operation of şukūk markets by providing an in depth discussion of the issues facing şukūk markets from legal and regulatory perspectives and focusing attention on how soundness can be ensured in the wider context these issues go to the heart of what the şukūk market is really about as recent debate has recognised in şukūk the replication of conventional bonds in ways that are considered unsatisfactory from an islamic law point of view

2022-02-11

over recent decades sukuk islamic bonds have emerged as one of the most important tools for islamic investment and financing they have become the most successful financial product in the islamic financing industry which has grown at a phenomenal pace over the past decade a key driver in this regard has been the development of the islamic capital markets which offer tremendous potential for sovereigns financial institutions firms and investors alike this book comes at a key juncture in the development of the islamic capital markets with the global pandemic crisis providing an opportunity for the different players in the islamic capital markets to re appraise successes and failures to date more stringent shariah oversight has also encouraged a recent critical re evaluation of the structures used in the islamic capital markets this book provides a comprehensive overview of the sukuk markets tracking their development from the first sukuk to the current outlook after the global pandemic crisis and the recent shariah rulings for islamic financial institutions in relation to sukuk it presents key insights for beginners as well as more experienced practitioners and will serve as a practical handbook for postgraduate research students undergraduate students pursuing a degree in islamic banking and finance academics researchers and stakeholders in islamic capital markets among others

Legal Agreements on Smart Contract Platforms in European Systems of Private Law

2023-06-23

blockchains and smart contracts are emerging technologies that pose unique

challenges for legal systems this book outlines the extent to which these new and innovative technologies could have potentially disruptive effects on contract law in europe it does so through a comparative three part analysis of the recognisability and effects of smart contracts in european legal systems first of all in light of the technologies transboundary nature the book employs a comparative approach considering french law german law english law and dutch law to analyse the impact on the different systems of contract law while doing so it also addresses the formation interpretation and vitiation of contracts secondly it analyses the impact of these technologies on european laws regarding unfair terms in consumer contracts and argues that the existing rules should be applied to smart legal agreements in business to consumer relations lastly it analyses the current european rules of private international law on the basis of which jurisdiction and applicable law are developed in this respect the book concludes that the vast majority of these european rules are smart contract proof

Management of Islamic Finance

2018-08-14

unprecedented economic growth and wealth accumulation in predominately muslim countries have prompted many financial institutions in the us and europe to position their investment teams across the middle east and asia to be closer to the markets in which they invest and to take advantage or asset gathering opportunities this growth has also encouraged an increasing number of western

industrialised countries to adopt legislation that responds to the requirements of the muslim investment community to be effective in these markets it is essential that professionals have an understanding of how sharia legal principles are applied in the financial sector failure to do so exposes them and their clients to potential financial legal and reputational pitfalls the chancellor guide to the legal and sharia aspects of islamic finance is the first professional reference to focus specifically on the legal dimension of islamic finance the guide brings together nineteen islamic finance legal practitioners and advisers to provide a comprehensive yet practical legal perspective on the subject each contributor draws on several years hands on experience in islamic finance product development and advice to leading financial institutions to provide a real world contemporary assessment of the key legal issues in islamic finance the guide s hands on approach and accessible style make it required reading for everyone with a professional interest in islamic finance be they lawyers accountants regulators bankers or investors it is also a unique reference for academic institutions worldwide

Corporate Finance and Investment

2012-01-09

Effective Insolvency Regimes

2012-08-03

this book provides an original account detailing the origins and components of a faith based accounting system that was founded around 629 ce by examining the historical development that the accounting systems underwent within the context of faith based rules and values the book explains what is meant by the term faith based accounting together with a discussion of its characteristics in relation to various product structures and the underlying islamic finance principles it provides important theoretical and practical contributions by explaining accounting as a value based science rather than a value free object or abstract this book explores the way in which religious rules act as a directive for accounting and auditing practices in ifis through which the concept of money and digital currency within the theory of money and how it is enacted in a faith based context amid differences of opinions among its actors is examined this is an important foundation to explain islamic accounting and includes how this outcome would shape the faith based view regarding the new phenomenon of digital currency dc also featured is the concept of paper money within the theory of money and how it is enacted in a faith based legal framework by identifying two core concepts of today s fiat money as being a single genus or multi genera money this book is not merely an academic work nor is it a pure practitioner guide rather it is a robust work that combines both it marries rigorous academic research and theories with practical industry experiences the book provides a clear and concise guide to accounting in islamic economics and finance and how islamic financial institutions could meet the applicable faith based rules in their accounting practices

Islamic Finance For Dummies

2014-12-31

the rapid rise of emerging economies has produced deep ranging changes in the global order during recent decades at the beginning of the twenty first century the bipolar confrontation of the cold war seemed to be replaced by a universalized model of political liberalism and economic neo liberalism in recent years however rising nationalism and protectionism indicate the end of unfettered globalization a looming crisis of liberal democracy and a return

to ideologies of systemic competition especially vis a vis china against this background this volume takes a fresh look at the evolution of governance models in western and non western civilizations africa india china and the muslim world in particular these models have been largely self contained and without intensive interaction for a long time in the wake of globalization systems ideologies and political values have become part of global discourse eventually turning into what samuel huntington called a clash of civilizations the chapters in this volume offer perspectives on the diversity of civilizations of governance as a base for a new multilateralism in the global context the contributions explore relevant theoretical concepts of transnational governance law and multiple modernity the empirical focus is on analyzing different governance systems in non western civilizations and europe including national states and transnational institutions traditions and networks the volume assembles papers presented at the 2019 international conference of the institute of public policy at south china university of technology in guangzhou china the contributions and the introductory framework have been updated to reflect the unexpected and unprecedented challenges from the coronavirus pandemic and the related economic and social crises
