a layman muslim asked yasir qadhi what is the ruling on invoking the engraved saints awliya yasir qadhi answered him publicly saying the second opinion is the opinion that invoking the saints awliya it is haram unlawful and it is evil and evil innovation a religions innovation a bid ah and it is a steppingstone to shirk polytheism it is opening the doors to shirk polytheism but it is not shirk polytheism in and of itself unless that action is accompanied by a belief that you are calling out to a god i myself am an advocate of this second position yasir qadhi s answer is false baseless misleading deceitful tricky and dishonest however the worst thing about his answer is the sad reality that as a graduate of the islamic university of madinah he was matching the argument to justify idol worship like the pagan arabs did during the prophet s s a w time the pagan arabs justified their idol worship saying we believe that allah is the creator the controller the provider the sustainer the giver of life and death and the source of every blessing regardless allah s w t still classified them as polytheists mushrikun in the quran and the prophet s a w challenged them on all fronts till they gave it up i want to ask yasir qadhi what is the difference between the pagan arabs at the prophet s s a w time and today s grave worshipers first let me point out two major similarities the pagan arabs acknowledged allah s s w t lordship rububiyah today s grave worshipers also acknowledge that allah s w t can do things that their engraved saints awliya cannot do yet despite their acknowledgments they both denied allah s s w t right to be worshiped alone uluhiyyah they both directed their worship to the engraved like the pagan arabs directed their worship to the idols the pagan arabs believed that their idols have status and gained allah s s w t honor and respect hence they appointed them as intermediaries wasilah and they used to ask allah s w t through them similarly today s grave worshipers believe that the engraved saints awliya have status honor and respect with allah s w t hence they appoint them as intermediaries wasilah and they invoke allah s w t through them as well however there are two major differences between the pagan arabs of the prophet s s a w time and today s grave worshipers when a pagan arab experienced severe hardship calamity or distress or while making his urgent appeal istighathah he called upon allah s w t and ultimately abandoned his idols however when today s grave worshiper is distressed and in dire need of help he directs his urgent appeals istighathah to his saint the engraved the dead and calls upon their so called supreme helpers al ghawth al azam the second is that i regard a pagan arab as a polytheist mushrik but i cannot do the same to my muslim brother the grave worshiper since he utters the universal declaration of faith lā ilāha illa allāh i can only do that after establishing the evidence and removed the obstacles it is to verify that he is invoking the saints awliya knowingly and with willful intention i ask allah s w t to make this work of benefit to muslims including our brother yasir qadhi may allah s w t guide us all ameen imam karim abu zaid
