Matthew Henry Study Bible - Revised King James Version 2018-01-11

i knew she was bad news the minute she walked into the bar she was a redhead i always had a thing for redheads one in particular actually she was dead but that didn't mean i wasn't holding my breath for a second or two every time i saw another girl with red hair this one was very much alive and once she walked in she was also the life of the room men i'd been serving drinks to for years who smiled so little if you told me they had no teeth i would've believed it lit up like a kid meeting the world's cutest bunny the girl's name was lucy and she was there to see a buddy of mine who we'll call al that wasn't his name but al turned out to be kind of important and this story is kind of embarrassing for him so even though he's not around any more let's stick with al the redhead was either going to get him killed or she was going to get me killed i could tell right away call it gut instinct if you want but i'm alive today because i know what bad news looks like as soon as i see it also she was a succubus adam the immortal the year was 1942 there was a war on and adam was having a lot of trouble avoiding the attention of some important people the kind of people with

~~guns and ways to make a fella disappear he was caught~~
somewhere between the mob and the government and the only way out involved a red haired dame he was pretty sure he couldn't trust in hard boiled immortal the second adventure in the immortal chronicles adam has to figure out how to survive wartime from the quiet corner of a bar in chicago if he can

Hard-Boiled Immortal 2014-06-07

anna was beautiful and smart and just the right kind of dangerous to get me killed which was often what i looked for in a woman to be entirely honest the interesting ones are somehow almost always the ones who come with life threatening risk on the side it keeps my life exciting and might also explain why i have trust issues adam the immortal adam has accidentally stumbled upon an important period in history vienna in 1814 mostly he'd just like to continue to enjoy the local pubs but that becomes impossible when he meets anna an intriguing woman with an unreasonable number of secrets and sharp objects anna is hunting down a man who isn't exactly a man and if adam doesn't help her all of europe will suffer if adam does help the cost may be his own life it's not a fantastic set of options also he's probably fallen in love with her which just complicates everything

Regency Immortal 2015-03-03

from the bestselling author of the spaceship next door very occasionally i will pop up in the historical record most of the time i'm not at all easy to spot because most of the time i'm just a guy who does a thing and then disappears again into the background behind someone or other who's busy doing something much more important but there are a couple of rare occasions when i get a starring role adam the immortal an oracle has predicted the sojourner's end which is a problem for adam insofar as he has

~~never encountered an oracular prediction that didn't come true~~
and he is the sojourner to survive he's going to have to figure out what a beautiful ex government analyst an eco terrorist a rogue fbi agent and the world's oldest religious cult all want with him and fast and all he wanted when he came to vegas was to forget about a girl and maybe have a drink or two i am probably not the best source when it comes to who invented what for a long time i thought i invented the wheel adam the immortal the second book in the immortal series hellenic immortal follows the continuing adventures of adam a sixty thousand year old man with a wry sense of humor a flair for storytelling and a knack for staying alive hellenic immortal is a clever blend of history mythology sci fi fantasy adventure mystery and romance a little something in other words for every reader

Hellenic Immortal 2012-05-12

christmas comes but once a year adam wants another beer the first time i met santa was in a bar i was occupying a barstool in the village in lower manhattan at the time it was december of course one does not meet santa in august and the year was 1955 it was really santa too and by that i mean it was an overweight gentleman with a long grey white beard a dark red suit with white trim wire framed glasses and a balding head his cheeks were rosy either from the cold or the exertion of hoisting himself up on the barstool he was not particularly tall what's the rumpus santa asked when he's in a funk adam the immortal man mostly just wants a place to drink and the occasional drinking buddy when that buddy turns out to be santa claus adam is forced to face one of the biggest challenges of extremely long life christmas cheer will santa break him out of his bad mood or will he be responsible for depressing the most positive man on the planet

Yuletide Immortal 2014-12-02

from the pages of the immortal book series it s eve if your next question is what could that possibly make me if i m not an angel or a god the answer is the same as what i said before many have considered me a god and probably a few have thought of me as an angel i m neither if those positions are defined by any kind of supernatural magical power true magic of that kind doesn t exist but i can do things that may appear magic to someone slightly more tethered to their mortality i m a woman and that s all what may make me different from the next woman is that it s possible i m the very first one for most of humankind the woman calling herself eve has been nothing more than a shock of red hair glimpsed out of the corner of the eye in a crowd or from a great distance she s been worshipped feared and hunted but perhaps never understood now she s trying to reconnect with the world and finding that more challenging than anticipated can the oldest human on earth rediscover her own humanity or will she decide the world isn t worth it

Immortal Stories: Eve 2018-11-27

if you ve been around for long enough you re bound to experience a few unpleasant things fires earthquakes avalanches volcanoes sometimes all on the same afternoon boats i can tell you from first hand experience sink a lot sometimes it s because whoever made the boat for you made a crappy boat maybe you made a crappy boat there is also the occasional psychotically malevolent storm that doesn t care how well designed your boat is when you encounter something like that and the thing you were relying upon to keep you alive ends up sinking you really want to know you re not too far from the safety of solid ground oh and here s another thing to worry about when you re in a boat sea serpents adam the immortal adam s adventures on the high seas have taken him

~~from the mediterranean to the barbary coast and if there's one~~
thing he learned it's that maybe the sea is trying to tell him to stay
on dry land in immortal at sea the first adventure in the immortal
chronicles adam talks about what it took to make it back to shore
safely and why it's a bad idea to sail on a gilded ship

Immortal at Sea 2014-08-03

not all of adam's stories have happy endings paris is romantic and
quests are cool but the threat of a global pandemic kind of sours
the whole thing the good news was if all life on earth were felled
by a plague it looked like this one could take me out too it'd be
pretty lonely otherwise adam the immortal when adam decides to
leave the safety of the island it's for a good reason eve the only
other immortal on the planet appears to be dying and nobody
seems to understand why but when adam with his extremely
capable girlfriend mirella tries to retrace eve's steps he discovers
a world that's a whole lot deadlier than he remembered adam is
supposed to be dead he went through a lot of trouble to fake that
death but now that he's back it's clear someone remains
unconvinced that wouldn't be so terrible except that whoever it is
they have a great deal of influence and an abiding interest in
ensuring that his death sticks this time around adam and mirella
will have to figure out how to travel halfway across the world in
secret with almost no resources or friends the good news is adam
solved the travel problem a thousand years earlier the bad news is
one of his oldest assumptions will turn out to be untrue immortal
from hell is the darkest entry in the immortal series

Immortal From Hell 2016-12-13

i'm sorry i startled you last evening he said i get confused it's
worse at the end of the day that's all right i said he was reacting to
my words before they came out of my mouth nodding affirmation i

~~decided to stick to simple declarative sentences for the moment~~
confused how you see the future he shifted in his chair i
experience the future that was different whose future you can
predict like a prophet all futures within my senses i see them all at
once and i can t stop it your words my words they echo forward
everything happens and will happen and is happening on a nice
quiet trip to the english countryside to cope with the likelihood
that he has gone a little insane adam meets a man who definitely
has the madman s name is john corrigan and he is convinced he s
going to die soon he may be right because there s trouble coming
and unless adam can get his own head together in time they may
die together

Immortal and the Madman 2014-10-01

from the best selling author of the spaceship next door what i was
currently doing with my time and money didn t really deserve
anyone else s attention if i was feeling romantic about it i d call it a
quest but all i was really doing was trying to answer a question i d
been ignoring for a thousand years in his very long life adam had
encountered only one person who seemed to share his longevity
the mysterious red haired woman she appeared throughout
history usually from a distance nearly always vanishing before he
could speak to her in his last encounter she actually did vanish
into thin air right in front of him the question was how did she do it
to answer adam will have to complete a quest he gave up on a
thousand years earlier for an object that may no longer exist if he
can find it he might be able to do what the red haired woman did
and if he can do that maybe he can find her again and ask her who
she is and why she seems to hate him you are being watched
move your loved ones to safety trust nobody but adam isn t the
only one who wants the red haired woman there are other forces
at work and after a warning from one of the few men he trusts
adam realizes how much danger everyone is in to save his friends

~~and finish his quest he may be forced to bankrupt himself call in~~
every favor he can and ultimately trade the one thing he d never
been able to give up before his life from the author of immortal
and hellenic immortal comes immortal at the edge of the world the
breathtaking conclusion to the best selling trilogy will adam
survive

what do you believe about souls there are many very different doctrines taught in the world today concerning souls that are believed to be in all humans by most a soul is believed to be something that is wholly apart from the person a soul is in that a soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead it is believed that a soul must live someplace forever and it will live either in heaven or hell even if there is no resurrection the doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for christ to have give his life to save that soul from death if a soul had immortality it would already have life and could never not have life all christ could do is give it

annie collins is back becoming an overnight celebrity at age sixteen should have been a lot more fun yes there were times when it was extremely cool but when the newness of it all wore off annie collins was left with a permanent security detail and the kind of constant scrutiny that makes the college experience especially awkward not helping matters she s the only kid in school with her own pet spaceship she would love it if things found some kind of normal but as long as she has control of the most lethal and only interstellar vehicle in existence that isn t going to happen worse things appear to be going in the other direction instead of everyone getting used to the idea of the ship the complaints are getting louder public opinion is turning and the demands that annie turn over the ship are becoming more frequent it doesn t help that everyone seems to think annie is giving them nightmares nightmares aren t the only weird things going on lately a government telescope in california has been abandoned and nobody seems to know why the man called on to investigate edgar somerville has become the go to guy whenever there s something odd going on which has been pretty common lately so far nothing has panned out no aliens or zombies or anything else that might be deemed legitimately peculiar but now may be different and not just because ed can t find an easy explanation this isn t the only telescope where people have gone missing and the clues left behind lead back to annie it all adds up to a new threat that the world may just need saving from requiring the help of all the sorrow falls survivors the question is are they saving the world with annie collins or are they saving it from her the frequency of aliens is the exciting sequel to the spaceship next door
