two old dudes want to kill me oh and one of them is my ancestor and after centuries of practice they re pretty good at the whole murder thing but at least they want to kill each other just as badly now i ve taken down a greek goddess worn a horseman s mask and i ride a homicidal unicorn who hates rainbows with a passion some might say sending two senior citizens to a permanent retirement home should be a breeze it ain t because that s not my biggest concern one of my friends is in danger or possibly dying and i need to get her back before her fiancé kills me but finding her introduces me to new worlds of pain the biggest of these being my own past which has been a blatant lie and a parting gift from my parents which might have just been the coin toss for the apocalypse olympics i m beginning to realize that none of the old gods legends or monsters have been idle the last few centuries they ve been waiting picking sides and scheming schemes of course maybe one of those two old dudes will punch my ticket and save me the headache a wizard can hope right because either way i m about to have a very bad series of

the godkiller will rise despite his recent victories nate temple s problems are only just beginning although it had been necessary killing the most infamous of the norse gods has consequences and no one knows petty vengeance like the aesir especially with odin s legendary spear mysteriously missing but nate has more important things to worry about than a pantheon of angry gods because the god of mischief has been freed from his imprisonment and so has his monstrosity of a son a creature prophesied to play a major role in ragnarok with loki s masterful abilities at illusion and deception any of nate s acquaintances could be loki in disguise so he s forced to play things close to the chest retreating away from those he trusts the most but with gangs of expert assassins relentlessly hunting nate for the largest contract fee ever known the police and fbi starting to take a closer look at nate temple and his alleged crimes his best friend s kids born with bizarre abilities and his new horsemen desperately needing their leader to begin training them for the omega war now is a terrible time to be alone and an even worse time for his people to be without their leader especially when nate knows his old enemies were actually just the henchmen and that the real masters are still lurking in the shadows likely even posing as his allies the blades of betrayal strike swifter than the first kiss of new love and the fate of the world is riding on one man s shoulders the catalyst walks the world and no one seems to know exactly what that really means except that it s
