## ***The Modern Middle East 2016***

extensively revised and updated in the wake of the arab uprisings the changes that they fostered and the fault lines that they exposed the fourth edition of the modern middle east explores how the forces associated with global modernity have shaped the social economic cultural and political life in the region over the course of the past 500 years beginning in the sixteenth century this book examines the impact of imperial and imperialist legacies the great nineteenth century transformation cultural continuities and upheavals international diplomacy economic booms and busts and the emergence of and resistance to authoritarian regimes engagingly written drawing from the author's own research and other studies and enriched with maps and photographs original documents and an abundance of supplementary materials this text provides students with fresh insights into the events and debates that have shaped history and absorbed historians

## ***The Israel-Palestine Conflict 2007-10-02***

the conflict between israelis and their forebears on the one hand and palestinians and theirs on the other has lasted more than a century and generated more than its share of commentaries and histories james i gelvin's account of that conflict offers a compelling clear cut and up to date introduction for students and general readers beginning in the mid nineteenth century when the inhabitants of ottoman palestine and the jews of eastern europe began to conceive of themselves as members of national communities the book traces the evolution and interaction of these communities from their first encounters in palestine through to the present exploring the external pressures and internal logic that has propelled their conflict the book which places events in palestine within the framework of global history skillfully interweaves biographical sketches eyewitness accounts poetry fiction and official documentation into its narrative and includes photographs maps and an abundance of supplementary material now in a revised edition gelvin's award winning book takes the reader through the 2006 summer war

and its aftermath

## **Divided Loyalties 2023-07-28**

James I. Gelvin brings a new and distinctive perspective to the perennially fascinating topic of nationalism in the Arab Middle East. Unlike previous historians who have focused on the activities and ideas of a small group of elites, Gelvin details the role played by non-elites in nationalist politics during the early part of the twentieth century. Drawing from previously untapped sources, he documents the appearance of a new form of political organization: the popular committee that sprang up in cities and villages throughout Greater Syria in the immediate aftermath of the First World War. These committees empowered a new type of nationalist leadership, made nationalist politics a mass phenomenon for the first time, and articulated a view of nation and nationalism that continues to inform the politics of the region today. Gelvin does more than recount an episode in the history of nationalism in the Arab Middle East; his examination of leaflets, graffiti, speeches, rumors, and editorials offers fresh insights into the symbolic construction of national communities. His analysis of ceremonies, national celebrations, demonstrations, theater, and music contributes to our understanding of the emergence of mass politics by situating his study within a broader historical context. Gelvin has written a book that will be of interest to all who wish to understand nationalism in the region and beyond.

## **The Contemporary Middle East in an Age of Upheaval 2021-05-18**

The US invasion of Iraq in 2003 and the Arab uprisings of 2010-11 left indelible imprints on the Middle East, yet these events have not reshaped the region as pundits once predicted. With this volume, top experts on the region offer wide-ranging considerations of the characteristics, continuities, and discontinuities of the contemporary Middle East, addressing topics from international politics to political Islam, hip-hop to human security. This book engages six themes to understand the contemporary Middle East: the spread of sectarianism, abandonment of principles of state sovereignty, the lack of a regional hegemonic power, increased Saudi-Iranian competition, decreased regional attention to the Israel-Palestine conflict, and fallout from the Arab uprisings. As well as offering individual country studies with analysis from historians, political scientists, sociologists, and anthropologists, and up-to-date discussions of the Syrian civil war, impacts of the Trump presidency, and the 2020 uprisings in Lebanon, Algeria, and Sudan, this book will be an essential guide for anyone seeking to understand the current state of the region.

## **The Arab Uprisings 2015-01-19**

Employing an engaging question and answer format, *The Arab Uprisings* explores the revolutionary protests that have rocked the Arab world since late 2010. In this updated and revised second edition, James I. Gelvin explores the varied paths taken by the uprisings and assesses their historical and global significance. Gelvin begins with an overview: what were the conditions in the Arab world that led to the uprisings? Where did the demands for human and democratic rights and social and economic justice come from? Before turning to specific countries in the region, he examines how the long history of state building in Tunisia and Egypt ultimately determined the paths taken by uprisings there. He explains why the weakness of state institutions in Libya and Yemen led to violence and chaos. He explores the commonalities of the coup

## Israel x Palestina 2017-02

what is the nature of intellectual activity in the middle east and what is its role in politics and society while much scholarly attention has been given to the intelligentsia in the west a comprehensive analysis of the social role of intellectuals in the middle east has until now been lacking this new book seeks to fill this gap providing an overview of the role of influential thinkers in public life in the middle east and the impact they have had upon social political and cultural spheres in the region covering a diverse range of key thinkers on the middle east from edward said mohamed arkoun and halim barakat to abd al rahman al kawakibi and abd al ghani al nabusli the book examines intellectuals connections to social movements street politics and civil society and democracy and its prospects in the region this is an important new contribution to the literature on middle eastern societies and politics

## Intellectuals and Civil Society in the Middle East 2012-07-10

when europe s great war engulfed the ottoman empire arab nationalists rose in revolt against their turkish rulers and allied with the british on the promise of an independent arab state in october 1918 the arabs military leader prince faisal victoriously entered damascus and proclaimed a constitutional government in an independent greater syria faisal won american support for self determination at the paris peace conference but other entente powers plotted to protect their colonial interests under threat of european occupation the syrian arab congress declared independence on march 8 1920 and crowned faisal king of a civil representative monarchy sheikh rashid rida the most prominent

islamic thinker of the day became congress president and supervised the drafting of a constitution that established the world s first arab democracy and guaranteed equal rights for all citizens including non muslims but france and britain refused to recognize the damascus government and instead imposed a system of mandates on the pretext that arabs were not yet ready for self government in july 1920 the french invaded and crushed the syrian state the fragile coalition of secular modernizers and islamic reformers that had established democracy was destroyed with profound consequences that reverberate still using previously untapped primary sources including contemporary newspaper accounts reports of the syrian arab congress and letters and diaries from participants how the west stole democracy from the arabs is a groundbreaking account of an extraordinary brief moment of unity and hope and of its destruction

## **How the West Stole Democracy from the Arabs 2020-05-07**

the second half of the nineteenth century marks a watershed in human history railroads linked remote hinterlands with cities overland and undersea cables connected distant continents new and accessible print technologies made the wide dissemination of ideas possible oceangoing steamers carried goods to faraway markets and enabled the greatest long distance migrations in recorded history in this volume leading scholars of the islamic world recount the enduring consequences these technological economic social and cultural revolutions had on muslim communities from north africa to south asia the indian ocean and china drawing on a multiplicity of approaches and genres from commodity history to biography to social network theory the essays in global muslims in the age of steam and print offer new and diverse perspectives on a transnational community in an era of global transformation

## **Global Muslims in the Age of Steam and Print 2014**

in the wake of the protests that toppled regimes across the middle east in 2011 sudanese activists and writers have proudly cited their very own arab springs of 1964 and 1985 which overthrew the country s first two military regimes as evidence of their role as political pioneers in the region whilst some of these claims may be exaggerated sudan was indeed unique in the region at the time in that it witnessed not one but two popular uprisings which successfully uprooted military authoritarianisms civil uprisings in modern sudan provides the first scholarly book length history of the 1964 and 1985 uprisings it explores the uprisings themselves their legacy and the contemporary relevance they hold in the context of the current political climate of the middle east the book also contends that the sort of politics espoused by various kinds of islamist during the uprisings can be interpreted as a form of early post islamism in which islamist political agendas were seen to be compatible with liberalism and democracy using interviews arabic language sources and a wealth of archival material this book is an important and original study that is of great significance for scholars of african and middle eastern political history

## **Civil Uprisings in Modern Sudan 2015-01-29**

this book uses a study of syria under the french mandate to show what historical developments led people to start describing themselves and others as minorities

## ***Emergence of Minorities in the Middle East 2012-09-11***

based on over a decade of original archival research this book shows how urdu travel writing gave voice to a global imagination that reflected the ambition and aspiration of indians and pakistanis as they negotiated their place in the changing world of the nineteenth and twentieth centuries in this interdisciplinary study author daniel majchrowicz traces the social and literary history of the urdu travelogue from 1840 to 1990 in six chronological chapters each chapter asks how travel writers used the genre to give meaning to the shifting social and political realities of their colonial and postcolonial worlds the book particularly highlights the role of women writers in the production of a global imagination in urdu with an emphasis on travel writing on asia and africa

## ***The World in Words 2023-04-30***

winner of the african studies association 2016 bethwell a ogot book prize a lively account of the 1924 revolution in sudan and the way in which the colonial situation has affected its representation a case in point in the histories of nationalist anti colonial movements in africa and the middle east

## **Storia del Medio Oriente moderno 2009**

the routledge handbook of the history of the middle east mandates provides an overview of the social political economic and cultural histories of the middle east in the decades between the end of the first world war and the late 1940s when britain and france abandoned their mandates it also situates the history of the mandates in their wider imperial international and global contexts incorporating them into broader narratives of the interwar decades in 27 thematically organised chapters the volume looks at various aspects of the mandates such as the impact of the first world war and the development of a new state system the impact of the league of nations and international governance differing historical perspectives on the impact of the mandates system techniques and practices of government the political social economic and cultural experiences of the people living in and connected to the mandates this book provides the reader with a guide to both the history of the middle east mandates and their complex relation with the broader structures of imperial and international life it will be a valuable resource for all scholars of this period of middle eastern and world history

## ***Lost Nationalism 2015***

this book explores the history of syria s borders and boundaries from their creation 1920 until the civil war 2011 and their contestation by the islamic state or the kurdish movement the volume s main objective is to reconsider the artificial character of the syrian territory and to reveal the processes by which its borders were shaped and eventually internalized by the country s main actors based on extensive archival research the book first documents the creation and stabilization of syrian borders before and during the mandates period nineteenth century to 1946 studying ottoman and french territorialization strategies but also emphasizing the key role of the borderlands in this process in turn it

investigates the perceptual boundaries resulting from the conflict and how they materialized in space lastly it explores the geographical and political imaginaries of non state actors pyd isis that emerged from the war

## **The Routledge Handbook of the History of the Middle East Mandates 2015-06-05**

the book sets out to explore the history of palestinian nationalism by asking if there were historical antecedents of this identity prior to the twentieth century and whether this nationalism existed on every social level it argues that such identity or a kind of popular nationalism did exist aroused by the memory of the crusades the holy land and the term palestine

## **Syria: Borders, Boundaries, and the State 2020-06-13**

how is the israel palestine question narrated in western academia what ideas dominate the key textbooks on the subject and what is presented as truth this book answers these critical questions it is widely known that western support of israel played a vital role in the realization of zionist objectives in palestine but academic support of israel in the west has been a neglected issue with western academic knowledge being regarded as impartial and objective this book reveals that this understanding of western academic knowledge is wrong when it comes to the israel palestine question rather knowledge has been biased misleading and dogmatic and western college students are subscribing to factual histories based on theories at best if not fiction the book is the first empirical investigation able to document this partial reporting of history seyed hadi borhani examines the most popular college level textbooks used to teach the history of the israel palestine in western universities combining textbook analysis to determine how the dominant academic texts report the question and a context analysis to identify who manufactures the dominant knowledge the book provides a historical map of how the israel palestine conflict is understood in the west the book can be used as a critique for students and professors to use alongside textbooks and is a vital and much needed intervention into the state of affairs in western academia

## **Remembering and Imagining Palestine 2008-10-03**

following the birth of the first test tube baby in 1978 assisted reproductive technologies became available to a small number of people in high income countries able to afford the cost of private treatment a period seen as the first phase of arts in the second phase these treatments became increasingly available to cosmopolitan global elites today this picture is changing albeit slowly and unevenly as arts are becoming more widely available while for many accessing infertility treatments remains a dream these are beginning to be viewed as a standard part of reproductive healthcare and family planning this volume highlights this third phase the opening up of arts to new constituencies in terms of ethnicity geography education and class

## **Textbooks on Israel-Palestine 2022-01-27**

the concept of the dangerous classes was born in a rapidly urbanizing and industrializing nineteenth century europe it described all those who had fallen out of the working classes into the lower depths of the new societies surviving by their wits or various amoral disreputable or criminal strategies this included beggars and vagrants swindlers pickpockets and burglars prostitutes and pimps ex soldiers ex prisoners tricksters drug dealers the unemployed or unemployable indeed every type of the criminal and marginal this book examines the dangerous classes in the middle east and north africa their lives and the strategies they used to avoid evade cheat placate or occasionally resist the authorities chapters cover the narratives of their lives their relationship with respectable society their political inclinations and their role in shaping systems and institutions of discipline and control and their representation in literature and in popular culture the book demonstrates the liminality of the dangerous classes and their capacity for re invention it also indicates the sharpening relevance of the concept to a middle east and north africa now in the grip of an almost permanent sense of crisis its younger generations crippled by a pervasive sense of hopelessness prone to petty crime and vulnerable to induction as foot soldiers into drug and people smuggling petty gangsterism and jihadism

## **Assisted Reproductive Technologies in the Third Phase 2015-09-01**

sent to the middle east by woodrow wilson to ascertain the viability of self determination in the disintegrating ottoman empire the king crane commission of 1919 was america s first foray into the region the commission s controversial recommendations included the rejection of the idea of a jewish state in syria us intervention in the middle east and the end of french colonial aspirations the commission s recommendations proved inflammatory even though its counsel on the question of the palestinian mandate was eventually disregarded by lloyd george and georges clemenceau in favour of their own national interests in the ensuing years the commission s dismissal of claims by zionist representatives like david ben gurion on their right to palestine proved particularly divisive with some historians labeling it prophetic and accurate and others arguing that commission members were biased and ill informed here in the first book length analysis of the king crane report in nearly 50 years andrew patrick chronicles the history of early us involvement in the region and challenges extant interpretations of the turbulent relationship between the united states and the middle east

## **Crime, Poverty and Survival in the Middle East and North Africa 2019-11-28**

civil society focuses on the processes and politics of dismantling corporate state directed economies and political systems in the third world howard wiarda explores how this separation would create a move toward civil societies of free associability and democracy as well as the limits to and pitfalls of this approach the book examines case studies from sub saharan africa east asia latin america and the middle east and includes such critical countries as south africa south korea taiwan indonesia brazil mexico and egypt

## **America's Forgotten Middle East Initiative 2015-06-25**

the contemporary middle east provides an accessible introduction to the region s most pressing concerns and enduring conflicts it includes provocative contributions by an impressive array of leading scholars journalists and policy advisors contributors include notable academic authors arthur goldschmidt jr the late william l cleveland shibley telhami david w lesch bernard reich and phebe marr complemented by selections from recent general interest books by marwan bishara mark perry and eugene rogan among others with twelve new chapters the third edition is a probing examination of the current affairs of the middle east its multiple readings on strategic pairings of topics israel and the palestinians iraq and iran egypt and syria illuminate the region s key issues from a variety of perspectives part and chapter opening summaries help establish background and context and a new concluding chapter by shibley telhami written specifically for this volume candidly addresses fundamental questions about the united states and the middle east today student resources include an annotated table of contents a select bibliography a glossary brief biographies of notable persons a chronology and a summary of recent events in addition to numerous maps

## **Civil Society 2018-02-19**

this is the first global history of the secret diplomatic and police campaign that was waged against anarchist terrorism from 1878 to the 1920s anarchist terrorism was at that time the dominant form of terrorism and for many continued to be synonymous with terrorism as late as the 1930s ranging from europe and the americas to the middle east and asia richard bach jensen explores how anarchist terrorism emerged as a global phenomenon during the first great era of economic and social globalization at the end of the nineteenth and beginning of the twentieth centuries and reveals why some nations were so much more successful in combating this new threat than others he shows how the challenge of dealing with this new form of terrorism led to the fundamental modernization of policing in many countries and also discusses its impact on criminology and international law

## **The Contemporary Middle East 2012-11-13**

this book explores the han kitab a corpus of early modern chinese language islamic texts that reinterpreted islam through the lens of buddhist daoist and confucian terminology

## **The Battle against Anarchist Terrorism 2013-12-05**

this second edition gives the reader easy access to the history and contemporary situation of one of the world s ancient civilizations the heart of the work is more than 350 entries on the most influential political figures and events religious groups and movements economic sectors social institutions and cultural facets the second edition includes nearly 100 entirely new entries and updates on 43 entries from the first edition an important difference between the two editions is the inclusion of many more entries on social institutions such as the family and

coffeehouses cultural aspects such as art architecture cinema literature music and theater and economic facets such as inflation corruption the public sector and efforts at reform there is also expanded coverage on syria s political dynamics with entries on human rights civil society and security forces the only specific reference work in english this new edition addresses profound changes in syria s domestic and regional circumstances the domestic political scene witnessed a major transition with the passing of syria s ruler for 30 years hafiz al asad and the unexpectedly smooth succession of his son bashar as new president in 2000 the regional situation has changed even more since the first edition came out in 1996 peace talks with israel collapsed in 2000 and three years later the united states invaded iraq beginning an occupation of syria s neighbor for an indeterminate period with incalculable consequences in addition to the a to z dictionary the second edition contains a chronology that presents fairly general information on early centuries and becomes quite detailed for the most recent years the bibliography also reflects significant changes in research on syria not only does the bibliographical essay highlight important new monographs it introduces the reader to credible internet resources for guides to travel and popular culture as well as news and statistical data at major international organizations

## **Interpreting Islam in China 2018**

this book examines the relationships between democratic government and political terrorism since the 9 11 attacks the united states and many of its allies have declared a war on terrorism this struggle has been inspired in part by the belief is that by promoting democracy they will also bring an end to terrorism where people enjoy the blessings of liberty they will naturally find peaceful outlets for the expression of their political views it has been widely held terrorism on the other hand is seen largely as a consequence of repression where citizens cannot choose rulers freely and where dissenting voices are silenced by the authorities terrorism and other types of violence appear to follow democracy and terrorism investigates the link between terrorism and the underlying principles of democracy both from an historical perspective and against contemporary developments in the middle east and elsewhere drawing upon a range of different case studies and using quantitative data to investigate statistical links between the waves of democracy and manifestations of terrorist violence the book reviews whether terrorism is in fact constrained by the rise of democratic government and the role of the law in fighting terrorism this book will be of much interest to students of terrorism political violence democratisation security studies and international relations in general

## **Historical Dictionary of Syria 2004**

the fourteen original essays in this volume explore the psychological political and cultural bases of arab nationalism since world war i and are arranged around broad themes of study academic constructions of nationalist history nationalist presentations of arab histories conflict among competing nationalist visions and more

## **Democracy and Terrorism 2013**

written by leading scholars this collection provides a comprehensive and authoritative overview of modern empires spanning the era of modern imperial history from the early sixteenth century to the present it challenges both the rather insular focuses on specific experiences

and gives due attention to imperial formations outside the west including the russian japanese mughal ottoman and chinese the companion is divided into three broad sections part i times surveys the three main eras of modern imperialism the first was that dominated by the settlement impulse with migrants many voluntarily and many more by force making new lives in the colonies this impulse gave way most especially in the nineteenth century to a period of busy and rapid expansion which was less likely to promote new settlement and in which colonists more frequently saw their sojourn in colonial lands as temporary and related to the business mostly of governance and trade lastly in the twentieth century in particular empires began to fail and to fall part ii spaces studies the principal imperial formations of the modern world each chapter charts the experience of a specific empire while at the same time placing it within the complex patterns of wider imperial constellations the individual chapters thus survey the broad dynamics of change within the empires themselves and their relationships with other imperial formations and reflect critically on the ways in which these topics have been approached in the literature in part iii themes scholars think critically about some of the key features of imperial expansion and decline these chapters are brief and many are provocative they reflect the current state of the field and suggest new lines of inquiry which may follow from more comparative perspectives on empire the broad range of themes captures the vitality and diversity of contemporary scholarship on questions of empire and colonialism encompassing political economic and cultural processes central to the formation and maintenance of empires as well as institutions ideologies and social categories that shaped the lives both of those implementing and those experiencing the force of empire in these pages the reader will find the slave and the criminal the merchant and the maid the scientist and the artist alongside the structures which sustained their lives and their livelihoods overall the companion emphasises the diversity of imperial experience and process comprehensive in its scope it draws attention to the particularities of individual empires rather than over generalising as if all empires at all times and in all places behaved in a similar manner it is this contingent and historical specificity that enables us to explore in expansive ways precisely what constituted the modern empire

## **Rethinking Nationalism in the Arab Middle East 1997**

in this engaging study matthew j kuiper tells the fascinating story of how islam became a world religion and cultural phenomenon of immense scale astonishing diversity and global impact his starting point is the dramatic upsurge in da wa inviting to islam or islamic missionary activism

## ***The Ashgate Research Companion to Modern Imperial Histories 2016-03-23***

cyrus schayegh s socio spatial history traces how a eurocentric world economy and european imperialism molded the middle east from the mid nineteenth to mid twentieth century building on this case he shows that the making of the modern world is best seen as the reciprocal transformation of cities regions states and global networks
