4 1200 5 600 the italian nation state has been defined by practices of mobility tourists have flowed in from the era of the grand tour to the present and italians flowed out in massive numbers in the late 19th and early 20th centuries italians made up the largest voluntary emigration in recorded world history as a bridge from africa to europe italy has more recently been a destination of choice for immigrants whose tragic stories of shipwreck and confinement are often in the news this first of its kind edited volume offers a critical accounting of those histories and practices shedding new light on modern italy as a flashpoint for mobilities as they relate to nationalism imperialism globalization and consumer leisure and labor practices the book s eight essays reveal how a country often appreciated for what seems immutable its classical and renaissance patrimony has in fact been shaped by movement and transit this book offers a unique and

fascinating examination of british and irish responses to italian independence and unification in the mid nineteenth century chapters explore the interplay of religion politics exile feminism colonialism and romanticism in fuelling impassioned debates on the italian question on both sides of the irish sea the first book to be dedicated to the topic patronage and italian renaissance sculpture reappraises the creative and intellectual roles of sculptor and patron the volume surveys artistic production from the trecento to the cinquecento in rome pisa florence bologna and venice using a broad range of approaches the essayists question the traditional concept of authorship in italian renaissance sculpture setting each work of art firmly into a complex socio historical context emphasizing the role of the patron the collection re assesses the artistic production of such luminaries as michelangelo donatello and giambologna as well as lesser known sculptors contributors shed new light on the collaborations that shaped renaissance sculpture and its reception headline a study of how italian films re envisage male identity in response to sexual liberation blurb italian cinema has traditionally used the trope of an inadequate man in crisis to reflect on the country s many social and political upheavals masculinity and italian cinema examines how this preoccupation with male identity becomes especially acute in the 1970s when a set of more diverse and inclusive images of men emerge in response to the rise of feminism and gay liberation through an analysis of the way italian films explore anxieties about male sexuality and femininity the book shows how such anxieties also intersect with particular preoccupations about national identity and political engagement this is an essential study tool to understand the multiple constructions of masculinity in italian cinema helping students and researchers to understand the work of some of italy s most provocative filmmakers key features re examines key italian films including bernardo bertolucci s the conformist ettore scola s a special day pier paolo pasolini s theorem and lina wertmuller s the seduction of mimi in the light of gender and queer theory covers the major thematic concerns genres and stylistic traits of 1970s italian political cinema analyses the broader cultural context of 1970s italy including sections on italian feminism gay liberation and the post 68 social movements key words gender queer body gay feminism pier paolo pasolini bernardo bertolucci lina wertmuller nanni moretti federico fellini ettore scola marco ferreri indianapolis monthly is the circle city s essential chronicle and guide an indispensable authority on what s new and what s news through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of indy s cultural landscape shakespeare and the italian renaissance investigates the works of shakespeare and his fellow dramatists from within the context of the european renaissance and more specifically from within the context of italian cultural dramatic and literary traditions with reference to the impact and influence of classical coeval and contemporary culture in contrast to previous studies the critical perspectives pursued in this volume s tripartite organization take into account a wider european intertextual dimension and above all an ideological interpretation of the aesthetics or politics of intertextuality contributors perceive the presence of the italian world in early modern england not as a traditional treasure trove of influence and imitation but as a potential cultural force consonant with complex processes of appropriation transformation and ideological opposition through a continuous dialectical interchange of compliance and subversion federico chabod 1901 1960 was one of italy s best known historians noted for his study of italian history in a european context this is the first english translation of his most important book although he carried out his extensive archival research for this work from 1936 until 1943 the fall of fascism and chabod s active participation in the resistance delayed its completion when it was published in 1951 it was immediately hailed as a masterpiece chabod intended to write a new kind of diplomatic history one in which political history is seen as part of a larger historical whole he does not present a detailed chronological account of italian foreign policy during the period studied but rather the moral and material underpinnings of that policy in fact he crafts a highly developed portrait of an age with the real subjects being the italian state and society the ruling class and political culture this work offers readers a superb picture of post risorgimento italy and an outstanding example of chabod s historiographical method originally published in 1996 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905 this volume provides an in depth comparative study of translation practices and the role of the poet translator across different countries and in so doing demonstrates the need for poetry translation to be extended beyond close reading and situated in context drawing on a corpus composed of data from national library catalogues and worldcat the book examines translation practices of english language

french language and italian language poet translators through the lens of a broad sociological approach chapters 2 through 5 look at national poetic movements literary markets and the historical and socio political contexts of translations with chapter 6 offering case studies of prominent and representative poet translators from each tradition a comprehensive set of appendices offers readers an opportunity to explore this data in greater detail taken together the volume advocates for the need to study translation data against broader aesthetic historical and political trends and will be of particular interest to students and scholars in translation studies and comparative literature this text is an unbound three hole punched version access to wileyplus sold separately parliamo italiano binder ready version edition 5 continues to offer a communicative culture based approach for beginning students of italian not only does parliamo italiano provide students learning italian with a strong ground in the four actfl skills reading writing speaking and listening but it also emphasizes cultural fluency the text follows a more visual approach by integrating maps photos regalia and cultural notes that offer a vibrant image of italy the chapters are organized around functions and activities cultural information has been updated to make the material more relevant in addition discussions on functional communications give readers early success in the language and encourage them to use it in practical situations orange coast magazine is the oldest continuously published lifestyle magazine in the region bringing together orange county's most affluent coastal communities through smart fun and timely editorial content as well as compelling photographs and design each headline a study of how italian films re envisage male identity in response to sexual liberationblurb italian cinema has traditionally used the trope of an inadequate man in crisis to reflect on the country s many social and political upheavals masculinity and italian cinema examines how this preoccupation with male identity becomes especially acute in the 1970s when a set of more diverse and inclusive images of men emerge in response to the rise of feminism and gay liberation through an analysis of the way italian films explore anxieties about male sexuality and femininity the book shows how such anxieties also intersect with particular preoccupations about national identity and political engagement this is an essential study tool to understand the multiple constructions of masculinity in italian cinema helping students and researchers to understand the work of some of italy s most provocative filmmakers key features re examines key italian films including bernardo bertolucci s the conformist ettore scola s a special day pier paolo pasolini s theorem and lina wertmuller s the seduction of mimi in the light of gender and queer theory covers the major thematic concerns genres and stylistic traits of 1970s italian political cinema analyses the broader cultural context of 1970s italy including sections on italian feminism gay liberation and the post 68 social movements key words gender queer body gay feminism pier paolo pasolini bernardo bertolucci lina wertmuller nanni moretti federico fellini ettore scola marco ferreri

## Patronage and Italian Renaissance Sculpture

1980

shakespeare and the italian renaissance investigates the works of shakespeare and his fellow dramatists from within the context of the european renaissance and more specifically from within the context of italian cultural dramatic and literary traditions with reference to the impact and influence of classical coeval and contemporary culture in contrast to previous studies the critical perspectives pursued in this volume s tripartite organization take into account a wider european intertextual dimension and above all an ideological interpretation of the aesthetics or politics of intertextuality contributors perceive the presence of the italian world in early modern england not as a traditional treasure trove of influence and imitation but as a potential cultural force consonant with complex processes of appropriation transformation and ideological opposition through a continuous dialectical interchange of compliance and subversion

## Masculinity and Italian Cinema

1999-09

federico chabod 1901 1960 was one of italy s best known historians noted for his study of italian history in a european context this is the first english translation of his most important book although he carried out his extensive archival research for this work from 1936 until 1943 the fall of fascism and chabod s active participation in the resistance delayed its completion when it was published in 1951 it was immediately hailed as a masterpiece chabod intended to write a new kind of diplomatic history one in which political history is seen as part of a larger historical whole he does not present a detailed chronological account of italian foreign policy during the period studied but rather the moral and material underpinnings of that policy in fact he crafts a highly developed portrait of an age with the real subjects being the italian state and society the ruling class and political culture this work offers readers a superb picture of post risorgimento italy and an outstanding example of chabod s historiographical method originally published in 1996 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

## Indianapolis Monthly

1890

this volume provides an in depth comparative study of translation practices and the role of the poet translator across different

countries and in so doing demonstrates the need for poetry translation to be extended beyond close reading and situated in context drawing on a corpus composed of data from national library catalogues and worldcat the book examines translation practices of english language french language and italian language poet translators through the lens of a broad sociological approach chapters 2 through 5 look at national poetic movements literary markets and the historical and socio political contexts of translations with chapter 6 offering case studies of prominent and representative poet translators from each tradition a comprehensive set of appendices offers readers an opportunity to explore this data in greater detail taken together the volume advocates for the need to study translation data against broader aesthetic historical and political trends and will be of particular interest to students and scholars in translation studies and comparative literature

## **Shakespeare and the Italian Renaissance**

1885
