settlement cemeteries and material culture in light of the site s cultural identity the extraordinary cultural renaissance in the northern italian courts of the late 15th and early 16th centuries is the subject of this volume it starts with baldassar castiglione s book of the courtier 1528 which encapsulates this sense of renewal his experiences at court and their subsequent rewriting form the backbone of the work the author then addresses questions of biography gender genre and the varied roles of the courtier expanding the perspective of castiglione s text to include the lives and writings of other courtiers and patrons what was it like to be a courtier what were the problems associated with such a lifestyle the importance of women in court circles is also highlighted in studies of one of the most notable of female patrons isabella d este 1474 1539 and of the theoretical developments in writing about gender stimulated by such women stephen kolsky s analysis of both well known and comparatively obscure texts brings out the diversity of practices that constituted court society and their centrality to our understanding of the renaissance this is a scholar s some 500 new articles by more than 400 authors from 25 countries in addition to the completely revised 1 500 articles from the first edition attention has been paid to making the articles more reader friendly in particular by resolving abbreviations in the textual sections key features essential reference book for linguists worldwide 500 new articles over 400 contributors of 25 countries when archaeology meets communities examines the history of nineteenth century sicilian archaeology through the archival documentation for the excavations at tindari lipari and nearby minor sites in the messina province from italy s unification to the end of the first world war 1861 1918 this volume brings together leading scholars of etruscia to provide up to date findings from the key archaeological site of kainua located in what is now the italian town of marzabotto kainua is the only etruscan site whose complete urban layout has been preserved making it possible to trace houses roads drainage systems cemeteries craft workshops and an acropolis under excavation since the 1850s kainua offers a trove of insights into etruscan culture and society the volume s editor elisabetta govi and her fellow experts examine the material evidence underlying our understanding of the history economy religion and social structures of kainua including trade routes that linked the city with the wider mediterranean particularly exciting are recent discoveries of sanctuaries dedicated to tinia and uni analogous to the greek zeus and hera which provide new information about etruscan cults kainua marzabotto also draws on the latest research to reconstruct the city s foundation rites a sacred charter and urban plan finally the authors explore the site s archaeological history discussing new knowledge made possible since the introduction of modern techniques of remote sensing and 3d modeling since the very beginnings of the digital humanities papyrology has been in the vanguard of the application of information technologies to its own scientific purposes for both theoretical and practical reasons the strong awareness towards the problems of human memory and the material ways of preserving it the

need to work with a multifarious and overwhelming amount of different data after more than thirty years of development we have now at our disposal the most advanced tools to make papyrological studies more and more effective and even to create a new conception of papyrology and a new model of edition of the ancient documents at this turining point it is important to build an epistemological framework including all the different expressions of digital papyrology to trace a historical sketch setting the background of the contemporary tools and to provide a clear overview of the current theoretical and technological trends so that all the possibilities currently available can be exploited following uniform pathways the volume represents an innovative attempt to deal with such topics usually relegated into very quick and general treatments within journal articles or papyrological handbooks collection of incunabula and early medical prints in the library of the surgeon general s office u s army ser 3 v 10 p 1415 1436
