CONTEMPORARY ISSUES IN MULTIDISCIPLINARY SUBJECTS: VOLUME-4 1979

this volume reports on the state of crisis in africa in the early twenty first century africa on the eve of the independence revolution was the continent of hope and high expectations by the third decade of independence optimism had been replaced by dismality african states had been beset by ethno political squabbles military rule civil wars islamic and insurgent movements extreme poverty and disease with the ascent of redemocratization in the 1990s and of new pan africanism derived from the formation of the african union africa appeared set to claim its vaunted destiny this book asks with hindsight to the first decade of the twenty first century how real was the renaissance in african life if the dismal african condition is a phase in the historical development of africa this volume does not see any golden age in the past to which africa aspires to return there is clearly a continuation and persistence of crisis with an absence of good governance personalisation of state power widespread disease and policy failure in education economy and infrastructural development although endowed with abundant human and natural resources africa remains the least developed and most indebted continent whither then the african renaissance the methodologies that underpin the contributions in this book are as diverse as the specialisations of the contributors the collection questions ideologically protected assumptions and presumptions presenting africa as it is because it is only by knowing where africa truly stands that a proper direction can be charted for it

Contemporary Social Problems and Issues 1979

Understanding Contemporary Issues in Higher Education 2020-05-13

from being on the margins of scholarly debate for much of the past century and a half religion is being recognized once again as an area of concern for scholars politicians and public policy makers and thus the role of religious and spiritual education has taken on a new importance apart from its socio political ramifications the place of religiousness and spirituality in the make up of individuals has been given renewed prominence through updated brain science and neuroscientists regularly refer to elements of this brain science in terms such as spiritual intelligence and even mystical consciousness this book explores many of the new directions being taken in the field of religious and spiritual education as new developments challenge the priorities of formal education and open up new avenues for incorporating religion and spirituality into the modern curriculum it asks whether the educational aims of teachers should be focused on specifically personal development or whether religious education should be used to develop understanding of more global and social issues such as citizenship conflict and ethics the book also addresses neuroscientific insights which suggest a need to engage with cognition and emotion in order to create a rich learning environment something to which a particularly contested subject area like religion and spirituality is well placed to contribute this book was originally published as a special issue of the journal of beliefs values

Contemporary Issues in South African Military Psychology 2005

the modern emergence of mediation in the west in the 1980s represents a profound transformation of civil disputing practice particularly in the field of family justice in the field of family disputes mediation has emerged to

fill a gap which none of the existing services lawyers and courts on the one hand or welfare advisory or therapeutic interventions on the other could in their nature have filled in the uk mediation is now the approved pathway in the current landscape of family dispute resolution processes officially endorsed and publicly funded by government to provide separating and divorcing families with the opportunity to resolve their disputes co operatively with less acrimony delay and cost than the traditional competitive litigation and court process the consolidation of the professional practice of family mediation reflects its progress and creativity in respect both of the expanding focus on professional quality assurance as well as on developments of policy practice guidelines and training to address central concerns about the role of children in mediation screening for domestic abuse sexual orientation and gender identity as well as cross cultural issues including the role of interpreters in the process other areas of innovation include the application of family mediation to a growing range of family conflict situations involving for example international family disputes including cross border relocation and child abduction issues written by leaders in family mediation this title provides a contemporary account of current practice developments and research concerning family mediation across a range of issues in the uk and ireland

Contemporary Issues in Special Educational Needs: Considering the Whole Child 1982

contemporary issues in globalization the world is becoming more globalized there is no doubt about that while that sounds promising the current form of globalization neoliberalism free trade and open markets are coming under much criticism the interests of powerful nations and corporations are shaping the terms of world trade in democratic countries they are shaping and affecting the ability of elected leaders to make decisions in the interests of their people elsewhere they are promoting narrow political discourse and even supporting dictatorships and the stability that it brings for their interests this is to the detriment of most people in the world while increasingly fewer people in proportion are prospering the modern system of free trade free enterprise and market based economies actually emerged around 200 years ago as one of the main engines of development for the industrial revolution in 1776 british economist adam smith in his book the wealth of nations suggested that for maximum efficiency all forms of government interventions in economic issues should be removed and that there should be no restrictions or tariffs on manufacturing and commerce within a nation for it to develop the book provides readers with of some of the basic principles of this subject contents introduction globalization effects in asia and beyond globalization and local cultures globalization and its fall out the wto globalization and a new world order globalization myth or reality globalization and anti globalization globalization a critical framework for understanding contemporary social processes the impact of globalization and liberalisation on agriculture and small farmers smallholders globalization and policy analysis globalization in the fifth schedule areas

Contemporary Issues Criticism 1970

the importance of early childhood education has been emphasized by a large body of research that has demonstrated that children s cognitive and socio emotional development is significantly influenced by the quality of the education and care received from their families and in preschool consequently it is important to investigate factors that pertain to the provision of a high quality education and high quality care for young children this book addresses several important issues that are currently under discussion with respect to this topic in particular the book focuses on three topics presently under debate the professionalization of pedagogues working in the field of early childhood education the quality of education and care provided by families and preschools and the promotion of children from socio economically disadvantaged families providing an excellent overview of current research in germany this book will be useful to readers who are interested in international perspectives on early childhood

education and who want to gain insight into relevant topics discussed in other countries this book was originally published as a special issue of early child development and care
