***Danny and the Dinosaur and Friends: Level One Box Set 2021-05-28***

in the late 1950s Ted Geisel took on the challenge of creating a book using only 250 unique first grade words something that aspiring readers would have both the ability and the desire to read the result was an unlikely children's classic *The Cat in the Hat* but Geisel didn't stop there using *The Cat in the Hat* as a template he teamed with Helen Geisel and Phyllis Cerf to create beginner books a whole new category of readers that combined research-based literacy practices with the logical insanity of Dr. Seuss the books were an enormous success giving the world such authors and illustrators as P.D. Eastman, Roy McKie, and Stan and Jan Berenstain and beloved bestsellers such as *Are You My Mother?*, *Go Dog Go*, *Put Me in the Zoo*, and *Green Eggs and Ham* the story of beginner books and Ted Geisel's role as president, policymaker, and editor of the line for thirty years has been told briefly in various biographies of Dr. Seuss but I can read it all by myself the *Beginner Books* story presents it in full detail for the first time drawn from archival research and dozens of brand new interviews I can read it all by myself explores the origins, philosophies, and operations of beginner books from *The Cat in the Hat* in 1957 to *A Skunk in My Bunk* and reveals the often fascinating lives of the writers and illustrators who created them
